- 3. To secure the lenders of SCI Forbes Limited (SFL), a jointly controlled entity, amongst other undertakings, two of the joint venture partners, including the Company, had to, sign a standby charter agreement, under which, in the event the vessels were not on charter with a lender approved third party at anytime during the pendency of the loan, two vessels each would come on automatic charter to the joint venture partners at rates specified in the standby charter agreement. Immediately thereafter the global financial crisis occurred with shipping being badly hit with charter rates crashing. The lenders sought a change in some commercial terms for agreeing to approve charterers and other forms of vessel deployment. Whilst this negotiation was going on, the loan covenant had got activated and the Company (as also its other JV partner) had to take the vessels on charter at standby charter rates and deploy them on market rates resulting in the loss of ₹ 513 Lakhs on standalone basis and ₹ 257 Lakhs on consolidated financial statement basis during the previous year ended 31st March, 2012. With effect from 1st July, 2011, the aforesaid standby charter agreement has been suspended and consequently the ships have been re-delivered by the Company as also by the joint venture partner to SFL. Non-provision of estimated loss arising from the aforesaid onerous standby charter agreements not being in accordance with the requirements of Accounting Standard 29, 'Provisions, Contingent Liabilities and Contingent Assets' (AS-29) was a subject matter of a qualification in the audit report for the year ended 31st March, 2011.
- Account balances of trade payables, trade receivables and other balances relating to the Shipping and Logistics division were in the process of detailed review and reconciliation. This was a subject matter of qualification in the audit report for the year ended 31st March, 2012 and limited review reports for the quarters ended 30th June, 2012 and 30th September, 2012. During the current period, the Management has completed the detailed review of open items including reconciling balances with parties' statement of accounts wherever available and also instituted stringent process in place. The Management is of the view that presently the account balances are in order and the net effect on these results arising from review and reconciliation process is not material. Accordingly, the subject matter of qualification has been resolved.

90 🗷

- 5. The Audit Report of the statutory auditors on the Consolidated Financials for the year ended 31st March, 2013 had the following as subject matter of qualification:-
 - (a) A subsidiary, namely, Forbes Facility Services Private Ltd., a wholly owned subsidiary, has given an unsecured loan to a joint venture company, namely, Forbes Concept Hospitality Services Private Ltd. (FCHSPL) of ₹ 40.39 Lakhs. Based on the financial statements of FCHSPL, the losses have exceeded the net worth and it has ceased the business operations. In the opinion of the Management of the FCHSPL, the Company is under revival and expected to start catering business in overseas markets and thus, no provision is required to be made in consolidated finanancial statements.
 - (b) Trade receivables of Forbes Facility Services Private Ltd., a wholly owned subsidiary, include ₹ 104.00 Lakhs (as at 31st March 2012 ₹ 78.91 lakhs) outstanding for more than 365 days which are doubtful of recovery. No provision for the doubtful trade receivables has been made by the company.
 - (c) The business operations of Forbes Concept Hospitality Services Private Limited have been discontinued w.e.f. 1st April, 2011 and the losses as at 31st March, 2013 have exceeded the net worth by ₹ 67.22 Lakhs (as at 31st March 2012 ₹ 69.85 Lakhs). However, the financial statements of the company for the year ended have been prepared on a going concern basis.
 - (d) In respect of subsidiary, Forbes Edumetry Limited, which incurred substantial losses and the accumulated losses far exceed the Paid up capital of the company. Further, the subsidiary has not received any fresh business during the year under review and as such there is no immediate visibility of business in the near term, giving rise to the doubt about the entity's ability to continue as a going concern. The subsidiary is however supported financially by its holding Company, and as such there is no doubt that the company would be able to meet all its financial obligations to its creditors. Further, the management of the subsidiary is making efforts to revive the company by procuring fresh business. Under these circumstances, the accounts of the company have been prepared on a going concern basis.
 - (e) The Consolidated Financial Statements do not include the effect, if any, of equity accounting for the group's investment of ₹ 178 Lakhs in an associate, namely, The Svadeshi Mills Company Limited, In respect of which full provision has been made, in the absence of the financial statements being made available.
- 6. The Board of Directors of the Company has recommended a dividend of ₹ 0.50 (5%) per equity share of ₹ 10 each for the year ended 31st March, 2013 (Previous year ₹1 (10%) per equity share of ₹10 each).
- The figures for the last quarter are the balancing figures between the audited figures in respect of the full financial year and year to date figures up to the third quarter of the financial year.
- 8. Figures for the previous period are re-classified / re-arranged / regrouped, wherever necessary, to correspond with the current year's classification / disclosure.
