

Solix Partner Network Delivers Enterprise Data Management as a Service

Solix partners to offer managed services for database archiving, ILM partitioning, application retirement, Test Data Management and database masking on pay-as-you-go basis

Santa Clara, CA – September 23, 2013: Solix Technologies, Inc., a leading provider of Enterprise Data Management (EDM) solutions, today announced the Solix Partner Network, a list of the world's top data management consultants who are certified to deliver Solix EDMS Managed Services. The Solix Partner Network features leading service companies delivering best-in-class data management services that improve business results, support compliance objectives and mitigate risk.

Solix Partner Network members are certified to deliver Solix EDMS Managed Services which include:

Database Archiving: Improve application performance, meet compliance objectives and maintain production databases at peak efficiency while meeting the information access needs and data retention policies of your organization.

Test Data Management: Create and maintain secure database clones and subsets and reduce non production storage by up to 10X.

Data Masking: Discover and mask sensitive data in non-production environments. Supports PCI/PII/COBIT privacy, security and compliance objectives.

ILM Partitioning: Improve database performance dramatically by database partitioning based on ILM policies.

Application Retirement: Decommission inactive legacy applications and data to reduce costs and still meet access and retention policies.

Solix Partner Network members include:

- ASG
- Bertini
- Carahsoft
- EMC
- HCL
- Hexaware
- Proceed Archiving
- Tech Mahindra
- WellData
- Wipro

Santhosh

*"Enterprise data management as-a-service makes sense for clients who prefer turnkey solution delivery and pay-as-you-go economics," said **Mahesh Dixit**, Global Head Solutions & Frameworks - Oracle & Emerging applications at Wipro Technologies.*

*"Enterprise data management solutions improve application performance and reduces costs," said **Sai Gundavelli**, Founder and CEO, Solix Technologies. "Through the Solix Partner Network, EDM solutions are now available as managed services from world-class service providers."*
