- 5. Consequent to the enactment of the Companies Act, 2013 (the Act) applicable from April 01, 2014, the Company has reassessed the remaining useful life of fixed assets under Schedule II to the Act. This has resulted in additional charge of depreciation of ₹ 421.93 Lacs and ₹ 1,932.85 Lacs for the quarter and half year ended September 30, 2014 respectively.
- 6. The Company holds investment in both quoted / unquoted equity shares. The market value of the quoted investments and book value of unquoted investments as ascertained from the latest available financials of the investee companies, is lower than carrying value of these investments. However, having regard to long term nature of these investments and future business plans of the investee companies, the diminution in value of investment does not require provision as such diminution is not other than temporary.
- 7. The Company's business activities comprise of two segments viz. "Network Services" and "Power Management". During the last few years, the telecom industry has been adversely affected by the general economic slowdown and related consequences has impacted the financial performance of the Company.

In Power sector, increase in energy cost by Genco's without commensurate revision in energy price to consumers has adversely affected profitability of Power Management. Moreover, the Company's inability to incur sufficient capex has resulted in higher T&D losses and adversely affected its operational efficiency resulting into further lowering operating margins and cash flow of the said segment.

These factors are well beyond management control and have had an impact on cash flows which has resulted into outstanding dues towards interest / principal to all sets of lenders.

For the reasons stated above, Company has incurred cash losses resulting in substantial erosion of the Company's net worth.

The Company has initiated various cost optimization steps viz. revision in pricing, need based capex to reduce T&D losses and also entered into a contract with an agency for improving the reliability of the fuel supply as well as increasing efficiency of fuel consumption at telecom sites.

Moreover, likely positive developments in Telecom & Power segment are expected to have favorable impact on Company's business activities.

- In view of the above, the Company continues to prepare its financial statements on going concern basis, which contemplates realization of assets and settlement of liabilities in the normal course of business.
- 8. Formalities for documentation in respect of Non-convertible Debentures (NCDs) liability is in process, Debenture Redemption Reserve will be considered after issuance of Debentures.

GTL

Formula used for computation of "Debt Service Coverage Ratio" (DSCR) = [Profit before Interest,
 Depreciation and Tax / (Principal repayment during the period + Interest)] and for Interest

Service Coverage Ratio (ISCR) = [Profit before Interest, Depreciation and Tax / Interest]

10. Restructuring of the ECB Facility is yet to close on account of certain factors beyond

management control such as inter-creditor issues among various lenders of the Company on

matters relating to pari-passu sharing of security, payment of interest to ECB lenders and Cash

flow of the Company etc.

While the Company and NCD Lender have bilaterally agreed the terms for restructuring,

consequent execution of the amended agreements and security documents to ensure pari-passu

rights to NCD lenders to the Cash Flows and Security package is still awaiting approval of CDR

Lenders.

Requests of the Company for release of certain interest / principal dues of ECB and NCD lenders

are still under consideration with Trust and Retention Account (TRA) Bank.

As a consequence recovery proceedings have been initiated by ECB/NCD holders that have been

contested by the Company.

11. The figures for the previous quarter and six months have been regrouped / rearranged / recast

wherever considered necessary.

Review Report To The Board of Directors of GTL LIMITED

- 1. We have reviewed the accompanying statement of unaudited financial results of GTL LIMITED ("the Company") for the quarter and half year ended September 30, 2014 ("the Statement") except for the disclosures regarding 'Public Shareholding', 'Promoter and Promoter Group Shareholdings' and 'investor complaints' which have been traced from the disclosures made by the management and have not been audited by us. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors at it's meeting held on October 30, 2014. Our responsibility is to issue a report on these financial results based on our review.
- 2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel responsible for financial and accounting matters and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
- 3. We draw attention to the following notes to the accompanying unaudited results:
- a) Note No.7 regarding the preparation of financial results of the Company on going concern basis notwithstanding the fact that the Company has been incurring cash losses and it's networth has been substantially eroded. These financial results have been prepared on a going concern basis for the reasons stated in the said note. The appropriateness of assumption of going concern is dependent upon the Company's ability to raise requisite funds /generate adequate cash flows in future to meet it's obligations.
- b) Note No.6 regarding the book value of investments being lower than their carrying value and non provision for diminution in value of these investments for the reasons mentioned therein.
- 4. In respect of term loan liability of ₹ 2,063.36 lacs payable to Standard Chartered Bank and External Commercial Borrowings of ₹68,540.40 lacs, the confirmations have not been received.

5. Based on our review conducted as above, **read with our comments in the preceding paragraphs 3 and 4 above**, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Clause 41 of the Listing Agreement including the manner in which it is to be disclosed, or that it contains any material misstatement.
