**4. CHAIRMAN'S STATEMENT.**

I welcome you all to the 75th Annual General Meeting of your Company.

The financial year 2013-14 saw a few ups and downs in the markets. Overall, it was a positive year for equities with a couple of hiccups in August 2013 and February 2014. The last year was all about defensive sectors such as Information Technology, Pharmaceuticals and FMCG. It was a poor year for the broader markets where many midcap and small cap stocks hit new multi year lows in the month of August 2013.

The past year was difficult for the Indian Rupee too which saw it touch a new low of 68.80 against the US Dollar. However, over the past few months we have seen it settle around 60 levels. The initial collapse in the currency led to a sharp rise in the Current Account Deficit which has recently witnessed a significant improvement largely on account of a sharp fall in Gold Imports as the government has put certain restrictions on the same. Another major benefit for our economy has been the steady decline in International Crude prices which helps India as it reduces our Import costs.

We have seen a significant change in sentiment over the past 6 months. A change in government has brought renewed hope and higher expectations. The overall business confidence has improved and in addition we are witnessing better economic data as far as GDP, IIP, Inflation and Auto sales numbers are concerned. The sticky issue remains food inflation which remains high due to the delay in monsoons. Hopefully, the monsoon deficit has been made up and we expect food prices to ease in the near future.

We do see India doing well over the next 5 years. However we believe it will be an ongoing process and one needs to be patient and give the new government time to make the necessary changes in policy and also to come up with new reforms. We feel that the initial steps being taken by the government to tackle Inflation and reduce overall borrowings has shown that they have a clear road map for the future.

Last year was challenging for the Broking Industry as the markets remained in a 5 year consolidation range with only a few sectors doing well. However, this year we are seeing a turnaround as markets have done well over the past 2 quarters. We are positive that this new Bull Run will continue for the next 6 quarters and thus we expect the brokerage business to do better. The overall brokerage from our Institutional clients has also improved in the current financial year.

Your company's overall Income earned this year was at Rs. 269.95 lakhs as compared to the previous year of Rs. 303.51 lakhs. The Net profit was at Rs.13.05 lakhs after tax as compared to the previous year of Rs.43.70 lakhs. The Board of Directors has recommended a dividend of 10% for the year ended 31<sup>st</sup> March 2014.

I express my sincere thanks to the shareholders for their faith and confidence shown in the Company and also take this opportunity to thank all employees of the Company for the good work and co-operation. In addition I would like to show appreciation to my colleagues on the Board for their constant support and valuable guidance.

The Chairperson informed the members present that under Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and clause 35B of the Listing Agreement, the Company had provided e-voting platform of Central Depository Services(India) Limited to the shareholders for exercising their voting rights in electronic form and also through physical ballot form for those who do not have access to computerized e-voting .
