Dear Sir,

**Sub: Un-Audited Financial Results for the quarter and half year ended 30th
September, 2014.**

Ref: Filing Transaction No. - 01112014100927.

Script Code: BSE - 533146

With reference to the above filing transaction wherein we have submitted the Unaudited Financial Results vide our letter dated November 1, 2014.

Now it is noticed that there was a typo error in Note 5, B 1 (b) & (c) to the financial results under the heading Statement of Assets and Liabilities with respect to previous year figure where the amount was interchanged inadvertently.

Please see the corrections to note 5 and to be read as under:

	Particulars	As at 31.03.2014 (Audited)
B. 1	Non-current assets	
	(b) Non-current Investments	-
	(c) Long-term loans and advances	336.84

This has no impact on the overall results as the total remains the same. Further, except above, there is no other change in the Un-Audited Financial Results for the quarter and half year ended on September 30, 2014 submitted previously.

Request you to note the above change and take the same on record.

Yours Faithfully,
For **D-LINK (INDIA) LIMITED**
