November 6, 2014, Mumbai: Pfizer Ltd announced its results for the Second quarter and half year ended September 30, 2014.

The revenue for the second quarter was ₹269 crore (Q2 2013-14 ₹267 crore) and for the half year was ₹509 crore (Half year 2013-14 ₹505 crore) reflecting a growth of 1% each respectively.

The financial results are not strictly comparable as last year periods include the transition support for sales of certain animal health products. Excluding these transactions, the revenues for the quarter was ₹269 crore (Q2 2013-14 ₹252 crore) and for the half year was ₹509 crore (Half year 2013-14 ₹470 crore) reflecting a growth of 7% and 8% respectively.

Profit from operation (before other income and tax) for the quarter is ₹48 crore (Q2 2013-14 ₹72 crore) and for the half year was ₹108 crore (Half year 2013-14 ₹115 crore). Profits are lower due to higher expenses incurred in the current quarter on account of advertisement expenses and other onetime expenses aggregating to ₹21 crore.

Other Income for the quarter is lower by ₹24 crore primarily due to lower interest income post payment of interim dividend of ₹360 per share last year.

The company had announced a voluntary retirement scheme during the quarter at its Plant in Thane. Expenses in relation to VRS and other related costs (₹76 crore) have been reflected as Exceptional items.

Consequently, Profit after tax for the Quarter reflects a loss ₹12 crore (Q2 2013-14 profit ₹46 crore) and for the half year was ₹34 crore (Half year 2013-14 ₹117 crore).

Recently, the Hon'ble High Court of Judicature at Bombay on October 31, 2014 considered and approved the amalgamation of Wyeth Limited with the Company, in terms of the Scheme of Amalgamation.
