## Executive Comment:

Hiren Gada, Wholetime Director and CFO said,

Our quarterly growth rate has been satisfactory. As a company we continue with our strategy to strengthen our library and monetize the content on various platforms like satellite, mobile, internet etc. Our strategy has started showing visible results with our total income reflecting a growth rate of 21% in second quarter.

Embarking on our huge library of more than 2900 titles and consumers' inclination towards digital world, we are certainly standing at the brink of immense opportunities to tie up with many more platforms where the end users consume entertainment.
