**8** Treatment of Fractional Entitlements

The Equity Shares are being offered on a rights basis to the eligible equity Shareholders (excluding the Promoter and Promoter Group of our Company) in the ratio of 51 Equity Shares for every 20 Equity Shares held as on the Record Date. For Equity Shares being offered on a rights basis under this Issue, the fractional entitlement of such Equity Shareholders shall be ignored for computation of the Rights Entitlements. However, Equity Shareholders whose fractional entitlements are being ignored will be given preference in the allotment of one additional Equity Share each, if such Equity Shareholders have applied for additional Equity Shares over and above their Rights Entitlement.

For example, if an Equity Shareholder holds 30 Equity Shares, he/she will be entitled to 76 Equity Shares on a rights basis. He / She will also be given a preferential consideration for the Allotment of one additional Equity Share if applied for the same.

Thanking you,

Yours faithfully
