## Notes to the unaudited consolidated financial results for the quarter ended June 30, 2014

1. The above unaudited consolidated financial results for the quarter ended June 30, 2014 have been reviewed by the Audit Committee and on the recommendation of the audit committee adopted and approved by the Board of Directors at their meeting held on August 12, 2014.
2. The auditors have qualified their limited review report on the unaudited consolidated financial results of the Company for the quarter ended June 30, 2014, in respect of the following matter:

As per the terms of Master Restructuring Agreement and approved Corporate Debt Restructuring scheme of Educomp Infrastructure and School Management Limited, a subsidiary Company (EISML), there are certain assets amounting Rs. 14,273 lacs (at cost) which have been identified for sale in a time bound manner. The lead bank carried out a valuation of these assets which are indicative in nature. Market valuations have not been carried out by the Company as some of these assets are not ready for sale due to pending regulatory approvals/permissions.

Based on recent firm offers and latest valuation reports, the management believes that the market value of these investments is higher than as considered under the indicative valuation reports and differences, if any, are temporary only. Therefore, no adjustment is required to the carrying value of these investments.

3. The auditors have drawn attention in their limited review report on the unaudited consolidated financial results of the Company in respect of the following matters:

- a) Due to inadequacy of the profits during the current quarter, managerial remuneration paid/recorded, by the Company to one of its Whole Time Director and by one of its subsidiary Educomp Infrastructure and School Management Limited (EISML) to its whole-time director during the quarter ended June 30, 2014, is in excess of limits prescribed under Section 197 and 198 read with schedule V to the Companies Act, 2013.

Further, due to inadequacy of the profits in the previous financial year, managerial remuneration paid, by the Company to one of its Whole Time Director and by one of its subsidiary Educomp Infrastructure and School Management Limited (EISML) to its whole-time director/ Managing Directors during financial year ended March 31, 2014, was in excess of limits prescribed under section 198, 269, 309 read with Schedule XIII of the Companies Act, 1956.

The management of the Company and EISML are in the process of making necessary application to the Central Government to obtain its approval for the waiver/approval of the remuneration so paid, in due course.

- b) **Exceptional item**

The Company as part of its regular recoverability evaluation process had identified certain trade receivables, including dues from Government agencies as doubtful of recovery. Consequently, the management recorded a provision of Rs. 24,997 lacs for doubtful trade receivables during the quarter ended June 30, 2014. The overall provision for doubtful trade receivables as at June 30, 2014 stands at Rs. 37,408 lacs.

The Management is continuously monitoring the recoverability of these trade receivables and is regularly following up with them. Based on the present evaluation of the management, the provision recorded in the books of account is reasonable having regard to the anticipated losses on account of non-recovery of trade receivables.

- c) Due to longer than expected gestation period of schools, recoverability of trade receivables amounting to Rs. 24,923 lacs from trusts, due to the subsidiary Company EISML has been slow. The management of the EISML, is regularly monitoring the growth in schools and their future projections, based on which, the management believes that the trade receivables from the trusts are fully recoverable.

- d) During the year ended March 31, 2014, the Company had assessed the business projections of its 2 subsidiaries, Educomp Online Supplemental Services Limited and Educomp Child Care Private Limited and its associate- Greycells18 Media Limited, for evaluating the recoverability of Group's share of net assets of Rs. 8,355 lacs and concluded that their business is sustainable on a going concern basis. The Company evaluated the recoverability of its share of net assets held through these Companies, using business valuations performed by independent experts. The said evaluation is based on the long term business plans of its subsidiaries/associate and concluded that no adjustments to the carrying value of its share in net assets is required to be recorded in the unaudited consolidated financial results of the Company for the quarter ended June 30, 2014.
- e) During earlier years, EISML, a subsidiary of Company had given capital advances amounting Rs 25,329 lacs to various parties for acquisition of fixed assets. The management of EISML as part of its regular recoverability evaluation process had identified certain portions of capital advances which were doubtful of recovery or did not have recoverable value equivalent to the book value. Accordingly, on a prudent basis in earlier years, the management had recorded a total provision of Rs. 13,547 lacs in the books of account towards such capital advances or portions thereof, which were doubtful of recovery.

The management is continuously monitoring the settlement of these balances and is regularly following up with respective parties for recovery of the said capital advances. The management believes that other capital advances, which have not been provided for, although have been long outstanding but are fully recoverable and hence the management believes that existing provision recorded in books is sufficient to cover any possible future losses on account of non recovery of such capital advances.

- f) The Company has evaluated the recoverability of intangible assets in the form of Brand "Universal" in one of its subsidiary, by using valuations performed by an independent valuation expert. The said evaluation is based on long term business plans and underlying assumptions used for the purpose of valuation, which in view of the management are realistic and achievable by the subsidiary. Accordingly, the management has concluded that no adjustments to the carrying value of the intangible assets aggregating to Rs. 9,268 lacs is required to be recorded in the unaudited consolidated financial results for the quarter ended June 30, 2014.
- g) During the period, the Company has reviewed business plan of its joint venture, Educomp Raffles Higher Education Limited which has advanced loans amounting Rs. 5,089.55 lacs to Jai Radha Raman Education Society (Society) and its subsidiary Millennium Infra Developers Limited which has trade receivables of Rs. 6,512.30 lacs from the same society under contractual obligations. The Company has also considered the business plan of the society and estimated market value of its net assets based on which no adjustment is required in carrying value of its share of net assets in such joint venture. The Group's holding in the joint venture is 41.82%.

1. We have reviewed the accompanying statement of unaudited consolidated financial results of Educomp Solutions Limited ('the Company'), its subsidiaries and associate (collectively referred to as 'the Group') for the quarter ended June 30, 2014 except for the disclosures in Part II with respect to 'Particulars of Shareholding' and 'Investor Complaints' which have been traced from the details furnished by the Management. This statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on these unaudited consolidated financial results based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. These financial results also includes figures in respect of 3 subsidiary companies (including step down subsidiaries), a Joint Venture and an associate, which are as presented by the management and have not been subject to limited review. Aggregate amount of turnover and loss after tax (before adjusting minority interest) of these subsidiary companies (including step down subsidiaries) and the Joint Venture, for the quarter ended on June 30, 2014 are Rs. 202.95 lacs and Rs 137.08 lacs respectively and the Group's share of loss in the associate company is Rs 18.79 lacs.

As per the valuation of such tangible assets as evaluated and disclosed in the approved Corporate Debt Restructuring Package, some of these assets are expected to have lower realizable value than their carrying values. Such tangible assets are included in the tangible assets in the consolidated financial statements. The management has not carried out any evaluation of impairment of these assets on the Balance Sheet date and no provision for impairment has been recorded, as required by Accounting Standard 28 'Impairment of Assets'.*

*As we are unable to obtain sufficient appropriate audit evidence about the extent of recoverability of carrying value of these assets, we are unable to determine whether any adjustments to these amounts are necessary.*

*This qualification has not been addressed by the management of the Company in the unaudited consolidated financial results for the quarter ended June 30, 2014.*
