POWER VENTURES LIMITED

(incorporated in the Republic of India with limited liability under the Indian Companies Act, 1956)
(the "Company")

Notice to the Holders of the USD 200 Million 5.00% Convertible Bonds Due February 13, 2015 convertible into ordinary shares of Jaiprakash Power Ventures Limited

ISIN: XS0483697156
Common Code: 048369715
(the "Convertible Bonds")

INTRODUCTION

The Company is of the view that while the conditions surrounding the recovery of Indian infrastructure and power sector, have improved, recovery still remains a work-in-progress. The new Central Government has undertaken a host of steps to improve the circumstances of the Indian infrastructure and power sector; however given the conditions of the last few years, it may still take atleast a year or two before these steps show results.

The power sector has been severely impacted on account of various reasons beyond the control of the Company, which adversely affected the Company's operations leading to below expectation performance of top line and bottom line. However, notwithstanding the difficulties faced in the past few years, the Company has been able to substantially complete the power projects it had undertaken.

The Hon'ble Supreme Court of India's decision to cancel coal blocks even for those companies (including the Jaypee Group) that had developed the block in joint ventures with state mining corporations has been critical issue the Company has faced, which could not have been visualised by any Company, which had diligently developed the blocks after winning the bid to develop the same. The Company today is facing the difficult challenge of high leverage and is taking all measures possible to fulfil its commitment of providing maximum value to all its stakeholders.

The Company would like to advise the holders of the Convertible Bonds (the “Bondholders”) that:

1. owing to the issues set out above and fuel availability/linkage, the revenues generated from its power projects and existing cash balances may not be sufficient to fulfil its obligations under the Convertible Bonds on 13 February 2015;
2. the Company is confident of its ability to pay all amounts due under the Convertible Bonds on or before March 31, 2016.

As such, the Company wants to seriously engage in discussions with the Bondholders regarding the repayment schedule for the Convertible Bonds. Following the Discussion (as set out below), the Company intends to formally commence the process of giving effect to a repayment schedule that meets the requirements of all stakeholders.

DISCUSSION WITH THE BONDHOLDERS

The Company hereby invites all the Bondholders, regardless of the number of bonds they hold, to a discussion on **Monday, 2 February 2015 at 11.00 am (Hong Kong time)** at a venue in Hong Kong to be communicated to Bondholders that wish to attend the meeting.

The discussion will focus on updating the Bondholders of the Company’s current circumstances and discussing the Company’s proposal in relation to the Bonds along with the anticipated process (the “Discussion”). The outcome of the Discussion will have a bearing on the potential repayment proposal in relation to the Convertible Bonds.

Registration for the Discussion will open at 9.45 am and close at 10.45 am (Hong Kong time). The Bondholders proposing to attend the Discussion should complete the attached pre-registration form and return the signed copy via email to mm.sibbal@jalindia.co.in by 11.00 pm (Hong Kong time) on Friday, 30 January 2015, together with proof of their bondholding (as set out in the attached form) and proof of their identification (e.g. driving license, passport). *Access to the Discussion will be restricted to those Bondholders who have pre-registered.*
