Mr. T.Y Prabhu, Chairman presided over the meeting. Chairman ascertained whether there was proper quorum and on confirmation thereof by the Company Secretary, the Chairman called the meeting to order.

The meeting began with a prayer by Ms. Parvathy Viswanath.

The Chairman requested the members to observe silence for a minute as a mark of respect to the souls of the departed shareholders, directors, employees and other well-wishers of the Bank.

When called upon by Chairman, the Company Secretary announced that 50 valid proxies from shareholders holding 3,78,86,125 shares have been lodged of which 47 proxies from shareholders holding 3,78,85,495 shares were valid and 3 proxies from shareholders holding 630 shares were invalid.

Thereafter the Chairman introduced the Directors on the dais.

The Chairman delivering his speech said that economic recovery in major global economies was slow and there are no signs of respite, on account of large scale quantitative easing (QE). The fallout of Greek crisis, uncertainty over the rate increase by the US Federal Reserve, especially the Chinese Stock market crash, the devaluation of Yuan has created volatility in stock markets and depreciation of Rupee. However, the Indian economy showed improvement over the previous year. As per the data released by central statistical organization (CSO), India's gross value added (GVA) at basic prices grew by 7.2% for FY 2014-2015 as against 6.6% in the previous year. The impletion rates both whole sale and retail have moderated from their peaks and CPI based inflation was at 5.2% in March 2015 and WPI based inflation was at -2.33%.

Chairman further observed that the agricultural activity was adversely affected by unseasonal rains and hailstorm in North India during March 2015, scaling down the estimated 94 lakh hectares of area sown under the rabi crop. The deterioration in export performance affected economies across Asia as global demand fell and the fall in commodity prices impacted the terms of trade for commodity exporters. Gold imports spiked in the month of March and remained elevated in April owing to festival demand and regulatory relaxations. India's relatively stronger macroeconomic fundamentals in terms of growth, inflation, current account and fiscal deficits provide a reasonable degree of resilience to Indian financial system in the event of spillover effects from external factors.

Chairman stated that the Indian economy is now on the threshold of a major transformation with expectations of policy initiatives being implemented. Positive business sentiments, improved consumer confidence and more controlled inflation should help boost the economic growth. Higher spending on infrastructure, speedy implementation of projects and continuation of reforms will provide further trigger to growth. All this should translate into a healthy growth potential for banking sector also.

Chairman highlighted the following salient features of the Bank's performance for the financial year ended March 31, 2015:

- Total Business of the Bank crossed Rs. 20,500 Cr.

- Cost of deposits decreased from 8.13% to 7.87%.
- However, on account of higher provisioning requirements, the net loss stood at Rs. 241.47 Cr.
- Capital Adequacy Ratio (CRAR) stood at 9.71% (Basel II) and 9.59% (Basel III).

The Bank strengthened its endeavours in the area of Corporate Social Responsibility (CSR) during the year. It continued its association with "Walkers Park" in Thrissur. In alliance with Trichur Management Association, it had initiated in the year 2010 scholarship programs for deserving MBA students seeking financial assistance. During the year 2014-15, the bank gave the scholarship to two MBA students.

Chairman informed the shareholders that the Bank has taken several initiatives to become customer centric by introducing various customer friendly products and services. Customers' enquires and complaints are redressed quickly and efficiently. The code of commitment to customers issued by the Banking Codes and Standards Board of India (BCSBI) is available in Bank's website. To access the quality of customer service rendered by the branches a customer satisfaction survey form is available in Banks website. Customers can also e-mail their complaints/suggestions.

Going forward, the Bank continues with its thrust on growth and quality. The Bank would try to protect and further improve the current levels of its key financials like net interest margin, return on assets, earnings per share, asset quality etc through dedicated focus on low-cost deposit mobilization, improvement in non-interest

income, efficient pricing of deposits and loans and effective credit monitoring. He also added that the Board of the Bank as also its specific committees has been quiet active in taking all possible initiatives in bringing down the level of non-performing assets.

Chairman concluded his speech by assuring the shareholders that the Bank has put in place appropriate plans and strategies to bring about business growth with quality and profitability. He sought the continued support and patronage of the shareholders to place the Bank in the next higher orbit of excellence.

With the consent of the shareholders present, the Notice of the 88th Annual General Meeting dated 12th August 2015, circulated to the shareholders, was taken as read.
