The After Market Division of the Company celebrated an important milestone of completing 25 years of successful service on September 11, 2015.

The Company's subsidiary, Lumax Mannoh Allied Technologies Ltd. is currently the market leader in MT Gear Shifter in India enjoying more than 70% share. The future trend of the industry is moving towards AT & AMT Gear Shifters. As the market leader, the company continues to proactively invest towards these future technologies by building its R&D capabilities in order to further enhance the order book and explore the opportunities for exports. The Company is first and foremost in India to locally manufacture AT Gear Shifters, which is a step towards innovation and shall leverage its first mover advantage.

The new JV Company Lumax Gill- Austem Technologies Private Limited has started manufacturing of Seating Mechanisms w.e.f October 15, 2015. The products have been well accepted by the Customer and will further enhance the opportunities for adding new clients, both in domestic & export markets.

Mr. Anmol Jain, Managing Director said - Our strong brand, deep OEM engagement & diversified Product portfolio has resulted in a robust order book for the future. This, further integrated with our strong global collaborator relationships and a young energetic management team gives us the confidence that the Company can deliver enhanced and sustained performance in the coming years.
