

Accel Frontline Awarded Multiple Strategic IT Infrastructure Management Contracts

Chennai, India - February 06, 2015:

Accel Frontline Ltd (AFL) announced that it has won multiple IT Infrastructure management (IMS) contracts in the recent months, consolidating its position as one of India's leading multi-vendor IT services companies.

The Company has won more than 30 new IT Services contracts with overall value in excess 25 crores in the third quarter of the financial year. The notable wins include Rs 4.5 Crore contract from one of the city corporations, Rs 2 crore order each from a defence and aerospace company based in Bangalore and a large integrated ICT solutions and services company based in Chennai. Earlier this year, the company has also won new multiyear service contracts valued 5Crores and above from a leading South based Bank and a leading Telecom Infrastructure solutions company. Contracts above 2Crores each from a Pune based Optical Fibre Manufacturing Company and a major Oil refinery, among others.

Commenting on this significant development, Mr. N.R. Panicker Executive Chairman said "The Company's thrust on growing the IMS business in the Indian market has started paying off with some of the significant wins recently. This reflects the increased confidence of our esteemed customers in our delivery capabilities. Accel with its national presence and multi-platform service offerings is now emerging as the leading IMS provider offering cost effective services. We believe that the Infrastructure management business will continue to grow in India , and AFL will play significant role."
