Conversion price of Series B Bonds has been reset to Rs 10 per share from Rs 11.38 in accordance with 'Terms & Conditions' stipulated in 'Offering Circular'. As a result, number of equity shares to be issued on conversion has increased by 12,73,23,218. The pro rata redemption premium of Rs. 1,128.49 lacs for the quarter ended December 31, 2014 in respect Series B FCCBs has been adjusted against the Securities Premium in line with Section 52 of the Companies Act, 2013.

4. The Company continues to pursue the merger process of Chennai Network Infrastructure Limited (CNIL) with itself.
5. The telecom scenario in the Country changed drastically since the beginning of year 2012 due to cancellation of 122 2G licenses by the Hon'ble Supreme Court, slower 2G & 3G growth, failure of spectrum auctions and general economic slowdown. During this time, the Company which was mandated to support the planned deployment of 20000+ tenancies of Aircel/ CNIL could not do so since

Aircel was unable to honour its commitment. In the meanwhile, the Company had already placed orders on various vendors to procure tower assets and made advances against those orders. Consequently, the Company had to short close its commitment to vendors and is currently negotiating with them for recovery of these advances. However, as a matter of prudence, a provision for doubtful advances of Rs. 20,875 lacs (Previous year Rs. 6000 lacs) has been made during the nine months period ended December 31, 2014. Further, pursuant to the settlement agreement between the Company, CNIL and Aircel Group of Companies Rs. 15,000 lacs (Previous year Nil) has been recognised as income towards final settlement during the same period. The above amounts have been shown as exceptional items in the results.

6. During the nine months period ended December 31, 2014, the Company aligned depreciation on its fixed assets, based on the useful life as specified in the Companies Act, 2013 or the assessed useful life, whichever is lower, except in case of towers, where it continues to charge depreciation as per approvals received from the Ministry of Corporate Affairs vide Order no.45/2/2010-CL-III dated May 26, 2010. The approval continues to be valid vide letter No. 51/9/2014-CL-III dated September 19, 2014. This has no material impact on the results of the Company.
7. During the last few years, the telecom industry has been adversely affected by the general economic slowdown and various other factors such as slower growth of 3G technology; failure of spectrum auctions and inflationary costs of power & fuel. This has resulted into substantial erosion of the Company's net worth and the Company has incurred cash losses. The Company continues to take various measures such as cost optimisation, improving operating efficiency, renegotiation of contracts with customers to improve Company's operating results and cash flows. Further the management believes that new spectrum auction will result in exponential growth in 3G, 4G & LTE which are expected to generate incremental cash flows to the Company. The Company has signed a Master Services Agreement with Reliance Jio for passive infrastructure sharing. Reliance Jio is one of the operators with BWA spectrum preparing to launch 4G services. In view of the above mentioned factors, the Company continued to prepare its Financial Statements on going concern basis.
8. In respect of Non Current Investments of the Company, based on the latest available Audited Financial Statements of the Investee companies, the book value per share is considerably less than cost. However, having regard to the long-term nature of their respective business and future plans of action, in the opinion of the Management, there is no diminution in the value of such investment which is other than temporary and hence no provision for diminution has been considered.

9. The Company has entered into a Master Services Agreement (MSA) with respective Telecom Operators for a tenure upto 15 years. Invoices are raised on these operators for provisioning fees and recovery of pass through expenses as part of the said MSA. Retention of amounts by certain operators for the earlier periods was resultant upon different interpretations of MSA. Subject to confirmation/reconciliation of balances, Provision for doubtful debts of Rs 6,203 lacs (including Rs 950 lacs for the quarter ended 31st December 2014) has been made during the Nine months ended December 31, 2014 for such receivables on a prudent basis, in respect of which, the Company would continue to pursue for its recovery. The management is of the view that all the outstanding trade receivables are good for recovery except for which provision has already been made.
10. The Company is predominantly in the business of providing "Telecom Towers" on shared basis and as such there are no separate reportable segments.
11. Previous quarter/period figures have been regrouped/ rearranged wherever necessary.

2. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim financial Information performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Financial Statements are free of material misstatements. A review is limited primarily to inquiries of company personnel and analytical procedures, applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. We draw your attention to the:
 - i. Note no. 7 of accompanying Statement of Standalone Unaudited Financial Results regarding preparation of the financial results of

The result has been prepared on a going concern basis for the reasons stated in the said note. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise requisite finance/generate cash flows in future to meet its obligations.

- ii. Note no. 8 regarding the book value of non-current investments being lower than their carrying value and non provision for diminution in value of these investments for the reasons mentioned therein.
 - iii. Note no. 9 regarding outstanding trade receivables and other current assets, which are subject to confirmation but considered good for the reasons mentioned therein.
4. Based on our review conducted as above, read with our comments in Para 3 above, nothing has come to our attention that causes us to believe that the accompanying statement of Unaudited Financial Results prepared in accordance with Accounting Standards issued under the Companies (Accounting Standards) Rules, 2006 which continue to apply as per section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, and other recognised accounting practices and policies generally accepted in India has not disclosed the information required to be disclosed in terms of Clause 41 of the Listing Agreements with the Stock Exchanges including the manner in which it is to be disclosed, or that it contains any material misstatement.
