**PRESS RELEASE**

## **9M FY15 Total Income at Rs. 8,732 Mn, increase by 11% 9M FY15 Profit after Tax at Rs. 1,181 Mn**

**Hyderabad, Monday, February 09, 2015:**

Nava Bharat Ventures Ltd (NBVL) announced its unaudited results for the quarter and nine-months ended 31<sup>st</sup> December 2014.

### **Power Business (Stand alone) :**

9M FY15 Revenues from the Power business stood at Rs. 4,678 Mn (Rs. 1,572 Mn in Q3) on standalone basis. In 9M FY15 the 114 MW Telangana power plants operated at average PLF of 92.02%, generating 623.2 MU while the 20 MW AP power plant delivered 105.18 MU at PLF of 87.01%. The Telangana and AP power units derived price advantage with blended coal cost under control.

The revenues of the 90 MW captive power unit in Odisha stood at Rs.848 Mn at a PLF of 34%, reflecting the downward trend in the ferro alloy business. The new 60 MW Odisha plant is poised to make merchant sales on day ahead basis shortly under short term open access. A blend of varieties of domestic coal will be utilised in this unit for which approval of the Ministry of Environment, GOI has been obtained.

### **High lights of Operations of 150 MW from the subsidiary, Nava Bharat Energy India Limited (not consolidated)**

- 790 MU merchant sales
- 9M FY 15 total income Rs 4315 Mn
- 9M FY 15 Profit after tax at Rs 790 Mn

**Ferro Alloys business:**

Manganese alloys showed improvement in volumes and realisations during Q3, though there was a severe drop in prices by end of December impacting the inventory valuation. 9M FY15 Revenues stood at Rs. 4,768 Mn, up by 30.1%. Additional production of manganese alloys was achieved owing to the Odisha facility.

**Sugar business:**

9M Revenues in Sugar stood 8.3% higher at Rs. 1,105 Mn (Rs. 278 Mn in Q3). Contribution from by-products of distillery and co-generation of power augmented sale of sugar where market realisations continued to lag behind costs.

**International business:****Significant milestones in Zambian Project**

Maamba Collieries Limited, the Zambian Coal & Power subsidiary company, recently concluded a major part of the financing documentation for US\$ 590 Million including that against Export Credit Agency (ECA) Insurance cover from Sinasure, China for a combined facility aggregating to US\$ 365 Million while the balance of US\$ 225 Million is being sourced from Development Financial Institutions and commercial banks against PRI cover. The ECA insurance cover from Sinasure is first of its kind, issued for a private project in Africa. The Zambian company targets full Financial Closure before end of March 2015 to avail debt disbursement thereafter.

Meanwhile, the Project attained an overall progress of about 80% having been funded by equity funds from Sponsors, bridge loans and credits extended by the suppliers. The company successfully conducted the hydro test for the Steam Generator of the first unit of 150 MW in January 2015. The Zambian company targets the commercial operations from both units of the 300 MW power plant from March 2016.

The sale of high grade coal, currently at an annual run rate of about 350,000 tonnes, is expected to improve on the back of new demand from local industry.

**Laos Hydel Power project**

The Namphak Power Company, step down subsidiary of the Company in Laos has initiated selection of EPC contractor for the 150 MW hydel power project, long term financing plan besides the Power offtake arrangement with local utility.

**Tanzania Agro project**

There has been no development in allocation of the initial land area by the Government of Tanzania.
