

Cambridge Technology Enterprises Becomes Oracle Platinum Partner

Partnership to expand business, influence market differentiation

PRLog - April 29, 2015 - TOPEKA, Kan. -- Cambridge Technology Enterprises Ltd ("CTE") (<http://www.ctepl.com/>), an IT services leader focused on the convergence of big data and cloud, today announced that it has achieved Platinum Partner status in Oracle Partner Network (<http://www.oracle.com/us/partnerships/index.htm>) (OPN). By attaining Platinum Level membership, Oracle continues to recognize Cambridge Technology Enterprises Ltd for its commitments to establishing Oracle-related knowledge in delivering Oracle services and products while uniquely addressing the challenges of joint customers.

As a Platinum Level member, Cambridge Technology Enterprises Ltd is eligible to develop, sell, and implement the full stack of Oracle Cloud products and solutions. Maintaining said focus on the intersection of big data and cloud, CTE has strengthened its Oracle product offerings particularly with Platform as a Service (PaaS), Data as a Service (DaaS), and Infrastructure as a Service (IaaS) – all of which are components of Oracle Cloud Solutions. Since CTE is well-poised to improve the business performance of its customers with a complete cloud offering that goes from strategy to migration, transformation, and management on the Oracle cloud.

"We at CTE are very pleased with the success we are having as a company, said Aashish Kalras, Chairman of Cambridge Technology Enterprises. "It's great to have that success reflected in certain milestones like our elevation to Platinum Partner within the Oracle Partner Network. We look forward to continuing our commitment to the convergence of cloud and big data, demonstrating the quality of our services to companies like Oracle."

With its Platinum status, Cambridge Technology Enterprises Ltd continues to receive the benefit of being able to start developing specializations that will allow them to grow their business, increase their expertise, reach higher levels of customer retention, and create differentiation in the marketplace.
