This Code will be governed by the Rules and Regulations as applicable and any provision(s), if not specifically provided herein, will operate as per the provisions of Companies Act, 2013, Listing Agreement, SEBI Regulations and such other rules and Regulations as may be applicable.

4. Preservation of “Unpublished Price Sensitive Information”

I. Communication or procurement of unpublished price sensitive information:

1. Designated persons shall maintain the confidentiality of all Unpublished Price Sensitive Information. Designated persons shall not pass on such Information to any person directly or indirectly by way of making a recommendation for the purchase or sale of securities.
2. No insider shall communicate, provide, or allow access or procure from or cause communication by any insider regarding any Unpublished Price Sensitive Information, relating to the Company or securities, to any person including other insiders except where such communication is in furtherance of legitimate purposes, performance of duties or discharge of legal obligations.
3. Unpublished Price Sensitive Information is to be handled on a "need to know" basis, i.e., Price Sensitive Information should be disclosed only to those within the Company who need the information to discharge their duty.
4. An Unpublished Price Sensitive Information may be communicated, provided, allowed access to or procured, in connection with a transaction that would:-

(i) entail an obligation to make an open offer under the takeover regulations where the board of directors of the Company is of informed opinion that the proposed transaction is in the best interests of the Company;

(ii) not attract the obligation to make an open offer under the takeover regulations but where the Board of Directors of the Company is of informed opinion that the proposed transaction is in the best interests of the Company and the information that constitutes Unpublished Price Sensitive information is disseminated to be made generally available at least 2 trading days prior to the proposed transaction being effected in such form as the Board of Directors may determine.

NOTE: It is intended to permit communicating, providing, allowing access to or procuring UPSI also in transactions that do not entail an open offer obligation under the takeover regulations if it is in the best interests of the Company. The Board of Directors, however, would cause public disclosures of such Unpublished Price Sensitive Information well before the proposed transaction to rule out any information asymmetry in the market.

5. The Board of Directors shall also require the parties to execute agreements with confidentiality and non-disclosure obligations on the part of such parties and the parties shall be duty bound to keep such information as confidential, except for the purpose of clause 4.4.ii., and shall not trade when in possession of Unpublished Price Sensitive Information.
6. Files containing confidential information shall be kept secured. Computer files must have adequate security of login and password etc.

II. Trading when in possession of Unpublished Price Sensitive Information

1. No insider shall trade in securities that are listed or proposed to be listed on a Stock Exchange(s) when in possession of Unpublished Price Sensitive Information. However, the insider may prove his innocence by demonstrating the circumstances including the following :-

(i) the transaction is an off-market *inter-se* transfer between Promoters who were in possession of the same Unpublished Price Sensitive Information without being in breach of regulation 3 of the Regulations and both parties had made a conscious and informed trade decision;

(ii) in the case of non-individual Insiders: -

(a) the individuals who were in possession of such Unpublished Price Sensitive Information were different from the individuals taking trading decisions and such decision-making individuals were not in possession of such Unpublished Price Sensitive Information when they took the decision to trade; and

(b) appropriate and adequate arrangements were in place to ensure that the regulations were not violated and no Unpublished Price Sensitive Information was communicated by the individuals possessing the information to the individuals taking trading decisions and there is no evidence of such arrangements having been breached;

(iii) the trades were pursuant to a trading plan set up in accordance with Clause 5 of the code.

NOTE: When a person who has traded in securities has been in possession of Unpublished Price Sensitive Information, his trades would be presumed to have been motivated by the knowledge and awareness of such information in his possession. The reasons for which he trades or the purposes to which he applies the proceeds of the transactions are not intended to be relevant for determining whether a person has violated the Regulation. He traded when in possession of Unpublished Price Sensitive Information is what would need to be demonstrated at the outset to bring a charge. Once this is established, it would be open to the Insider to prove his innocence by demonstrating the circumstances mentioned in the proviso, failing which he would have violated the prohibition. The determining authority for this purpose will be Board of Directors of eClerx Services Limited.

2. In the case of Connected Persons the onus of establishing, that they were not in possession of Unpublished Price Sensitive Information, shall be on such Connected Persons.

3. Subject to applicable regulations and ESOP Plan/Schemes of the Company, the employees stock options can be exercised when the Trading window is closed. However any transaction(s) in resultant shares will be subject to trading window and other compliances set out, here-in.

III. Prevention of misuse of “Unpublished Price Sensitive Information”

- 1 Designated Persons shall not at ANY time deal in the Company's securities on the basis of any Unpublished Price Sensitive Information or communicate any Unpublished Price Sensitive Information to any person except as required in the ordinary course of business or under any law. Likewise Designated Persons shall not procure any other person to deal in the securities of the Company on the basis of any Unpublished Price Sensitive Information. Such conditions shall lapse after 48 hours of such information coming into the public domain.
- 2 Without prejudice to the above, trading is not permitted during the following periods (days outside these periods shall be deemed to be “Trading Window”):
 - i. From 1st day of the month immediately after the fiscal quarter end until 48 hours after the respective quarterly results as approved by the Board, are made public.
 - ii. From 1st day of the month immediately after the close of the financial year until 48 hours after the audited financial results as approved by the Board, are made public.

Provided that once the financial results are published on Stock Exchange’s website, the same will then be construed as “made public”.

- 3 All Designated persons shall be subject to the following trading restrictions:-
 1. They shall trade in the Company’s securities only when the trading window is open.
 2. The trading window shall be closed during the time any Unpublished Price Sensitive Information is available to the Designated Person/s.
 3. The trading window shall be, *inter alia*, closed prior to :-
 - (i) financial results;
 - (ii) dividends;
 - (iii) change in capital structure mergers, de-mergers, acquisitions, delistings, disposals and expansion of business and such other transactions;
 - (iv) changes in key managerial personnel; and
 - (v) material events in accordance with the listing agreement.

It is however provided that change in capital structure resulting out of allotment of shares against exercise of employee stock options will not be construed to be requiring closure of trading window.

The trading window shall be opened 48 hours after the information referred to in sub-clause 3 of this clause is made public. **Provided that once such information is published on the Stock Exchange’s website, the same will then be treated as “made public.”**

The trading window shall also be applicable to any person having contractual or fiduciary relation with the company, such as auditors, accountancy firms, law firms, analysts, consultants etc., assisting or advising the company and having access to Unpublished Price Sensitive Information.

Subject to Clause 5 of this Code, dealing with Trading Plan, all Designated Persons of the Company shall conduct all their dealings in the securities of the Company only in a valid Trading Window and shall not deal in the Company's securities during the periods when Trading Window is closed or during any other period as may be specified by the Company from time to time.

5. Trading Plans

1. An **Insider** shall be entitled to formulate a trading plan and present it to the Compliance Officer for approval and public disclosure pursuant to which trades may be carried out on his behalf in accordance with such plan.

NOTE: This provision intends to give an option to persons who may be perpetually in possession of Unpublished Price Sensitive Information and enabling them to trade in securities in a compliant manner. This provision would enable the formulation of a trading plan by an Insider to enable him to plan for trades to be executed in future. By doing so, the possession of Unpublished Price Sensitive Information when a trade under a trading plan is actually executed would not prohibit the execution of such trades that he had pre-decided even before the Unpublished Price Sensitive Information came into being.

2. Such trading plan shall:-

- (i) not entail commencement of trading on behalf of the insider earlier than six months from the public disclosure of the plan;

NOTE: It is intended that to get the benefit of a trading plan, a cool-off period of six months is necessary. Such a period is considered reasonably long for Unpublished Price Sensitive Information that is in possession of the insider when formulating the trading plan, to become generally available. It is also considered to be a reasonable period for a time lag in which new Unpublished Price Sensitive Information may come into being without adversely affecting the trading plan formulated earlier. In any case, it should be remembered that this is only a statutory cool-off period and would not grant immunity from action if the Insider were to be in possession of the same Unpublished Price Sensitive Information both at the time of formulation of the plan and implementation of the same.

- (ii) not entail trading for the period between the 20th trading day prior to the last day of any financial period for which results are required to be announced by the Company and the 2nd trading day after the disclosure of such financial results;

NOTE: Since the trading plan is envisaged to be an exception to the general rule prohibiting trading by insiders when in possession of Unpublished Price Sensitive Information, it is important that the trading plan does not entail trading for a reasonable period around the declaration of financial results as that would generate Unpublished Price Sensitive Information.

- (iii) entail trading for a period of not less than twelve months;

NOTE: It is intended that it would be undesirable to have frequent announcements of trading plans for short periods of time rendering meaningless the defence of a reasonable time gap between the decision to trade and the actual trade. Hence it is felt that a reasonable time would be 12 months.

- (iv) not entail overlap of any period for which another trading plan is already in existence;

NOTE: It is intended that it would be undesirable to have multiple trading plans operating during the same time period. Since it would be possible for an insider to time the publication of the Unpublished Price Sensitive Information to make it generally available instead of timing the trades, it is important not to have the ability to initiate more than one plan covering the same time period.

- (v) set out either the value of trades to be effected or the number of securities to be traded along with the nature of the trade and the intervals at, or dates on which such trades shall be effected;

NOTE: It is intended that while regulations should not be too prescriptive and rigid about what a trading plan should entail, they should stipulate certain basic parameters that a trading plan should conform to and within which, the plan may be formulated with full flexibility. The nature of the trades entailed in the trading plan i.e. acquisition or disposal should be set out. The trading plan may set out the value of securities or the number of securities to be invested or divested. Specific dates or specific time intervals may be set out in the plan.

- (vi) not entail trading in securities for market abuse

NOTE: Trading on the basis of such a trading plan would not grant absolute immunity from bringing proceedings for market abuse. For instance, in the event of manipulative timing of the release of Unpublished Price Sensitive Information to ensure that trading under a trading plan becomes lucrative in circumvention of regulation 4 being detected, it would be open to initiate proceedings for alleged breach of SEBI (Prohibition of Fraudulent and Unfair Trade Practices Relating to the Securities Market) Regulations, 2003.

3. The compliance officer shall review the trading plan to assess whether the plan would have any potential for violation of the Code and shall be entitled to seek such express undertakings, inter-alia, confirming no such violation, as may be necessary to enable such assessment and to approve and monitor the implementation of the plan.
4. The Trading Plan once approved shall be **irrevocable** and the Insider shall **mandatorily** have to implement the plan, without being entitled to either deviate from it or to execute any trade in the securities outside the scope of the trading plan.

The implementation of the Trading Plan shall not be commenced if any Unpublished Price Sensitive Information in possession of the Insider at the time of formulation of the plan has not become generally available at the time of the commencement of implementation and in such event the Compliance Officer shall confirm that the commencement ought to be deferred until such Unpublished Price Sensitive Information becomes generally available information so as to avoid a possible violations. Compliance Officer may call upon furnishing of such undertakings as may be deemed fit.

Note: The proviso is intended to address the prospect that despite the six-month gap between the formulation of the trading plan and its commencement, the Unpublished Price Sensitive Information in possession of the Insider is still not generally available. In such a situation,

Document Title: Code of Conduct for prohibition of Insider trading and Code for Fair Disclosure

Last Updated: -

commencement of the plan would conflict with the over-riding principle that trades should not be executed when in possession of such information. If the very same Unpublished Price Sensitive Information is still in the insider's possession, the commencement of execution of the trading plan ought to be deferred.

5. Upon approval of the Trading Plan, the Compliance Officer shall notify the plan to the stock exchanges on which the securities are listed.

6. Initial Disclosure and Continuous Disclosure

1. Initial Disclosure

- (a) Every Promoter, Key Managerial Personnel and Director of the Company shall disclose his holding of securities of the Company as on the date of Regulations taking effect, to the Company within 30 days of this Code taking effect.
- (b) Every person on appointment as a Key Managerial Personnel or a Director of the Company or upon becoming a Promoter shall disclose his holding of securities of the Company as on the date of appointment or becoming a Promoter, to the Company within 7 days of such appointment or becoming a Promoter.

2. Continual Disclosure

- (1) Every Promoter, employee and Director of the Company shall disclose to the Company, the number of such securities acquired or disposed of, directly or indirectly through his Immediate Relatives, within 2 trading days of such transaction if the value of the securities traded, whether in one transaction or a series of transactions over any calendar quarter, aggregates to a traded value in excess of Rs 10 Lacs or more;
- (2) The Company shall notify the particulars of such trading to the Stock Exchange within 2 Trading days of receipt of the disclosure or from becoming aware of such information. The disclosure of the incremental transactions after any disclosure under this sub-clause, shall be made when the transactions effected after the prior disclosure cross the said threshold specified in sub-clause (2)(1).

The Company may at its own discretion require any other connected persons or class of connected persons to make disclosures of holdings and trading in securities of the Company in such Form and at such frequency as may be determined by the Company to monitor compliance with this Code and the Regulations.

Note: This is an enabling provision for the Company to seek information from those to whom it has to provide Unpublished Price Sensitive Information. This provision confers discretion on the Company to seek such information. For example, the Company may ask that a management consultant who would advise it on corporate strategy and would need to review Unpublished Price Sensitive Information, should make disclosures of his trades to the Company. Anyone dealing with the Company would thus need to take into account and ensure compliance with the said requirement.

Every disclosure shall be made in the specified format. Further, the disclosures shall be made by any person and Immediate Relatives, including by any other person for whom such person takes trading decisions. Any or all the Forms hereunder or otherwise provided, can be put up on electronic platform and electronic / email submission, processing etc. thereof is permitted.

NOTE: *It is intended that disclosure of trades would need to be of not only those executed by the person concerned but also by the Immediate Relatives including any other persons for whom the person concerned takes trading decisions. This Code is primarily aimed at preventing abuse by trading when in possession of Unpublished Price Sensitive Information and therefore, what matters is*

Document Title: Code of Conduct for prohibition of Insider trading and Code for Fair Disclosure

Last Updated: -

whether the person who takes trading decisions is in possession of such information rather than whether the person who has title to the trades is in such possession.

The disclosures of trading in securities shall also include trading in derivatives of securities and the traded value of the derivatives shall be taken into account. However, trading in the said derivatives of securities should be permitted by any law for the time being in force.

The disclosures made hereunder shall be maintained by the Company, for a minimum period of five years, in such form as may be specified.

7. Pre-intimation/ Pre-clearance of Trades

All designated persons, their immediate relatives and connected persons who intend to deal in the securities of the Company (purchase, sale or otherwise) either directly or where their Immediate Relatives intend to deal in the securities of the Company or in case of any proposed dealing by any other person for whom such person takes trading decisions, should pre intimate / pre-clear the transactions as per the procedure described hereunder.

- a. The notice requirement of 1 business day, will not prevent the Company to shorten the advance business days intimation requirement on a case to case basis.
- b. If the cumulative value of the proposed transaction in a week is **expected to exceed Rs. 10 lakhs** (market value), a pre-clearance application should be made in **Form B-2** to the Compliance officer at least 2 business days prior to the proposed date for transaction and indicate the estimated number of securities that he/she intends to deal in, DP ID & Client ID, Permanent Account No. and the likely date range in which the transaction(s) is proposed to be carried out. The notice requirement of 2 business days, will not prevent the Company to expeditiously process such application / shorten the advance business days requirement on a case to case basis.

1. That the designated person does not have any access or has not received up to the time of signing the undertaking any "Price Sensitive Information" which has remained unpublished and not in the public domain.

10. Minimum Standards for Code of Conduct to Regulate, Monitor and Report Trading

Pursuant to Clause 9 of the Regulations, the following minimum standards are being adopted and the Code will operate, *inter-alia*, based on the following standards:

1. The compliance officer shall report to the Board of Directors and in particular, shall provide reports to the Chairman of the Audit Committee, at such frequency as may be stipulated by the Board of Directors.
2. All information shall be handled within the organisation on a need-to-know basis and no unpublished price sensitive information shall be communicated to any person except in furtherance of the insider's legitimate purposes, performance of duties or discharge of his legal obligations. The code of conduct shall contain norms for appropriate Chinese Walls procedures, and processes for permitting any designated person to "cross the wall". Any such permission shall be granted subject to approval by any Executive Director and shall have regard to all relevant regulations.
3. Employees and connected persons designated on the basis of their functional role ("**designated persons**") in the organisation shall be governed by an internal code of conduct governing dealing in securities, as set out herein. The Board of Directors shall specify the designated persons, as set out herein, to be covered by such code on the basis of their role and function in the organisation. Due regard shall be had to the access that such role and function would provide to unpublished price sensitive information in addition to seniority and professional designation.
4. Designated persons may execute trades subject to compliance with these regulations. Towards this end, a notional trading window shall be used as an instrument of monitoring trading by the designated persons. The trading window shall be closed when the compliance officer in consultation with and as per advise of Executive Director and/or Chief Financial Officer, determines that a designated person or class of designated persons can reasonably be expected to have possession of unpublished price sensitive information. Such closure shall be imposed in relation to such securities to which such unpublished price sensitive information relates. Designated persons and their immediate relatives shall not trade in securities when the trading window is closed.
5. The timing for re-opening of the trading window shall be determined by the compliance officer in consultation and as per advise of Executive Director and/or Chief Financial Officer, taking into account various factors including the unpublished price sensitive information in question becoming generally available and being capable of assimilation by the market, which in any event shall not be earlier than forty-eight hours after the information becomes generally available. The trading window shall also be applicable to any person having contractual or fiduciary relation with the company, such as auditors, accountancy firms, law firms, analysts, consultants etc., assisting or advising the company.
6. When the trading window is open, trading by designated persons shall be subject to preclearance by the compliance officer, in consultation with and as per advise of Executive Director and/or Chief Financial Officer, if the value of the proposed trades is above such the thresholds as the board of directors may stipulated hereunder. No designated person shall

apply for pre-clearance of any proposed trade if such designated person is in possession of unpublished price sensitive information even if the trading window is not closed.

7. If and as applicable, the compliance officer shall confidentially maintain a list of such securities as a "restricted list" which shall be used as the basis for approving or rejecting applications for preclearance of trades.
8. Prior to approving any trades, the compliance officer shall be entitled to seek declarations, affirmations and/or undertakings to the effect that the applicant for pre-clearance is not in possession of any unpublished price sensitive information. He shall also have regard to, in consultation with and as per advise of Executive Director and/or Chief Financial Officer, whether any such declaration is reasonably capable of being rendered inaccurate.
9. The code of conduct shall specify any reasonable timeframe, which in any event shall not be more than seven trading days, within which trades that have been pre-cleared have to be executed by the designated person, failing which fresh pre-clearance would be needed for the trades to be executed.
10. The code of conduct hereunder specifies the period, of six months, within which a designated person who is permitted to trade shall not execute a contra trade. The compliance officer in consultation with and as per advise of Executive Director and/or Chief Financial Officer, may be empowered to grant relaxation from strict application of such restriction for reasons to be recorded in writing provided that such relaxation does not violate these Regulations. Should a contra trade be executed, inadvertently or otherwise, in violation of such a restriction, the profits from such trade shall be liable to be disgorged for remittance to SEBI for credit to the Investor Protection and Education Fund.
11. The code of conduct stipulates such formats as the Board of Directors deems necessary for making applications for pre-clearance, reporting of trades executed, reporting of decisions not to trade after securing pre-clearance, recording of reasons for such decisions and for reporting level of holdings in securities at such intervals as may be determined as being necessary to monitor compliance with these regulations. Further any Executive Director is empowered to specify any such additional format / disclosure which it deems fit to ensure compliance with this Code. However the same will be placed before the Board of Directors subsequently for ratification / information.
12. SEBI shall be promptly informed if there is any violation to the Code of Conduct, which comes to the notice of Executive Director, Chief Financial Officer and Compliance Officer.

11. Penalty(ies) and disclosure to SEBI

Designated persons who violate this Code shall also be subject to disciplinary action by the Company, which may include wage freeze, suspension, termination and ineligibility for future participation in employee stock option plans.

1. The action by the Company shall not preclude SEBI from taking any action in case of violation of SEBI (Prohibition of Insider Trading), Regulations, 2015.
2. Any contravention of the provisions of this Code, will also be subject to provisions laid down under the Companies Act 2013, which, inter-alia, provide that such offence(s) shall be punishable with imprisonment for a term which may extend to five years or with fine which shall not be less than five lakh rupees but which may extend to Twenty-Five Crore rupees or three times the amount of profits made out of insider trading, whichever is higher, or with both..

Intimation to SEBI in case of violation of SEBI (Prohibition of Insider Trading) Regulations, 2015

In case it is observed by the Compliance officer that there has been a violation of SEBI (Prohibition of Insider Trading) Regulations, 2015, by the designated person, then on behalf of the Company, the Compliance Officer in consultation with and based on the advise of Chief Investor Relation Officer will intimate the SEBI at the earliest
