**Next generation of the World's best selling lending suite
on show at ABTEC 2015**

- *FinnOne Neo™ from Nucleus Software is a comprehensive end-to-end lending solution*
- *Supports omni-channel finance, rapid origination, high levels of automation, improved collection levels*
- *Latest Technology – cloud ready, with mobile and advanced analytics capabilities*
- *Nucleus Software supports Islamic finance as well as traditional finance*

New Delhi, June 03, 2015 — Nucleus Software Exports Limited, the leading provider of mission critical lending and transaction banking solutions to the global financial services industry, will be demonstrating FinnOne Neo™, the latest version of its next-generation lending solution at ABTEC 2015. This is the first event in the Middle East region where Nucleus Software is presenting its new solution, which is already being implemented and is live in production around the world.

At ABTEC 2015, David Turner, Vice President - Marketing and Alliances, Nucleus Software will present a session entitled, **"The essential guide to building a World Class retail lending operation"**. The session will look at the global trends in retail lending and how banks and finance companies of all sizes are applying the latest technology to deliver outstanding customer experiences, while improving profits and reducing risk.

"We are delighted to share our global expertise with ABTEC 2015 delegates. Since 2002, Nucleus Software has been helping shape the future of finance across the Middle East and today we are proud to support more than 35 customers in the region. We are confident that our comprehensive lending product suite can assist innovative banking and financial institutions to transform lending in the MENA region." Mr. Rajeev Sharma, Regional Sales Head – MENA.

For three decades, Nucleus Software has been helping the world's most innovative financial institutions deliver sophisticated products and services to their customers. FinnOne™ was recently recognized as the world's best-selling lending solution for the 7th year in a row. From its regional headquarters in Dubai, Nucleus Software supports many customers across the Middle East. FinnOne can handle all forms of Islamic finance, across retail and business finance.

Nucleus Software's integrated transaction banking product solution, FinnAxia™, will also be on show at ABTEC. Delegates can hear how FinnAxia is helping banks tap into the growing transaction banking industry – which is estimated to generate \$1.6 trillion in banking revenue by 2020.

About ABTEC 2015

ABTEC is the largest and most prestigious event that convenes the entire financial technology community from across the Middle East and North Africa (MENA) region. Featuring industry-leading conferences, a tightly focused trade exhibition and much more, ABTEC is the definitive platform where
