The Notes will be denominated in US dollars, and will bear fixed interest of 3.50% p.a., with interest payable semi-annually in arrears and shall rank pari passu with all other unsecured and unsubordinated obligations of the Company. The use of proceeds is to refinance foreign currency denominated existing external commercial borrowings and fund capital expenditure.

Mr. Gautam Adani, Chairman, Adani Group, commented, "We are delighted to price our inaugural USD bond issuance at an attractive rate. We were able to efficiently execute the trade amid large Asian USD supply despite recent volatility across asset classes. This trade was well distributed across investors and markets. This important milestone provides us access to financing markets for us creating new liquidity pools which will help in lowering our long-term borrowing costs and enable us in setting up a benchmark for accessing the bond markets in the future."

Barclays Bank Plc, Citigroup Global Markets Inc., Emirates NBD PJSC, Merrill Lynch International and SBICAP (Singapore) Limited acted as Joint Bookrunners and Joint Lead Managers on the transaction.
