## MANAGEMENT DISCUSSION AND ANALYSIS

### 1. INDUSTRY STRUCTURE AND DEVELOPMENTS

Print media is one of the oldest and basic forms of mass communication and the contribution of print media in providing information and transfer of knowledge is remarkable. Even after the advent of electronic media, the print media has not lost its charm or relevance. Print media has the advantage of making a longer impact on the minds of the reader, with more in-depth reporting and analysis.

According to FICCI-KPMG Indian Media and Entertainment Industry Report 2016, As per the Annual Report FY15 published by the Registrar of Newspapers for India, total number of registered publications was 105443 comprising 14984 newspapers (dailies, bi/tri weekly) and 90459 periodicals, as of March 31, 2015. Total number of new registered publications showcased an increase of 3.1%, growing from 5642 in FY14 to 5817 in FY15. The number of new registered publications in Gujarati and Tamil witnessed the highest percentage change between FY14 and FY15, clocking 23.6% and 23.4% growth, respectively. Newspapers continue to account for a major proportion of the overall revenue generated by the print media industry in India. Indian print industry grew at rate of 7.6% in 2015. Having grown by 7.3% in 2015, the print advertisement revenue reached INR 189 billion. The advertisement revenues have grown at CAGR of 8.5% between 2010 and 2015, whereas the circulation revenues have displayed at a CAGR of 7.1% during the corresponding period.

The Company belongs to the Regional Print Media Industry and is a publisher of "SANDESH" a premier Gujarati daily newspaper in Gujarat Region, to carry on the business of editing, printing and publishing newspapers and periodicals. The Company started its first printing facilities at Ahmedabad.

Late Shri Chimanbhai S. Patel acquired the entire business from the original promoter in the year 1958, and had put his efforts to strengthen the activities carried out by "SANDESH". The editorial policy of the Company has always been based on basic journalistic values of objectivity and has not been influenced by any external forces. Presently, Shri Falgunbhai Patel, Chairman & Managing Director is running the entire business affairs of the Company along with Shri Parthiv F. Patel, Managing Director and a professional team of the Executives of the Company.

The Company has started its printing facilities at Baroda during 1985-86, at Surat during 1989-90, at Rajkot during 1990-91, at Bhavnagar during 1998-99 and at Bhuj during 2010-11 to cater to the semi urban and rural areas. The Company has now total seven editions, six editions from Gujarat and one edition from Mumbai, Maharashtra. The Company has a strong regional franchise, where it enjoys strong readership loyalty.

Besides the Company publishes "Stree", a magazine and also the periodical "Sandesh Pratyaksha Panchang" which remained popular among the public. A weekly newspaper 'Agro Sandesh', specific to the rural community of the State of Gujarat covering the farming, dairy and co-operative sector was successfully launched and which is contributing positively to the development of the farmers of the State of Gujarat and allied agricultural industries.

The Company's News TV channel 'Sandesh News' is immensely popular amongst Gujarati Viewers and it has also won several awards. Further, as a part of its out-of-home advertising activity, the Company has advertisements sites at the major commercial areas in Ahmedabad. The Company is also successfully operating its real estate and finance businesses.

### 2. OPPORTUNITIES AND THREATS

As per FICCI-KPMG Indian Media and Entertainment Industry Report 2016, with the readership being largely limited to the country's metro and tier-I cities, the trend of English language newspapers dominating the advertising budgets of companies is slowly waning. Advertisers have started increasingly been factoring in the Hindi and vernacular print media segment, as they directly reach customers in prospering tier-II and tier-III cities / regions of the Country.

Newspaper circulation is likely to continue its growth trajectory and this expected growth could largely come from tier-II and tier-III cities, which are also the major consumption markets for sectors such as FMCG, retail, e-commerce resulting in commensurate growth in advertising. Print industry witnessed an 8.2% rise in circulation revenue in 2015, on the back of increased cover prices and rise in circulation figures. Even though circulation has showcased a steady growth, there lies a significant scope for expansion, since a noteworthy gap between 'can read' and 'do read' categories still exists. Despite the mounting trend of a multitude of newspapers around the world downsizing or transitioning towards digital media, the newspaper space in India is still holding strong. The thriving newspaper market, in parts, is being driven by the increasing readership in smaller towns, where we have seen a noteworthy growth in the young and aspiring population. The growing impetus towards education has led to a stark increase in the national literacy rates over the past several years, propelling newspaper readership in the country. The readership of print media is likely to increase further as the Indian Government is targeting to achieve the universal literacy goal by 2060. Newspapers continued to dominate the print industry in 2015, contributing 95% of total print revenue.

News channels, particularly those airing news in regional languages, have also had a positive impact on newspaper circulation, as people who watch television news often turn to the newspapers to validate the facts and for analysis. Hence, newspapers have continued to hold their ground for being more reliable when compared to news channels.

Hindi and vernacular segments together contributed approximately 64% of total print revenue. The readership of English print is sliding compared to Hindi and vernacular media, which have showcased continuous growth over the last couple of years. Vernacular print media grew at 9% in 2015 and English print media witnesses a slowdown in growth, declining to 4.9% in 2015 from 5.2% in

2014. While digital media has continued to penetrate the English Newspaper subscriber market, regional print markets are still at early stages to witness a radical impact.

The growing income levels and transforming demographics have also spurred the spending power in tier-II and tier-III cities. With the rising literacy level, increasing population and rising demand for region-specific content, the print media is acclimatizing and focusing on delivering content in the readers' native language.

The Company believes that macro factors such as rising literacy and increasing penetration in semi-urban and rural areas are likely to ensure profitable growth for the print media sector. Future growth is largely driven by semi-urban and rural areas on account of increasing commercial activity, higher spending power and rising literacy. With the language print medium dominating in these areas, language newspapers are preferred over English newspapers.

The Company, with its seven editions at different strategic locations, has strongly established its presence across the State of Gujarat and also in Maharashtra. The Company also sees the opportunities in rural and semi-urban areas of Gujarat. The Company is planning to continuously improve the circulation of its newspaper in those areas also and will target higher readership amongst the young, educated and elite mass of the public. The publications of the Company are very popular in the urban areas of the State and it continuously improving the readership in smaller town and villages of the State of Gujarat.

The Company has News and current affair Television channel 'Sandesh News' which is very popular amongst Gujarati Viewers. As per FICCI-KPMG Indian Media and Entertainment Industry Report 2016, the television industry in India is estimated at INR 542 billion in 2015, and is expected to grow at a CAGR of 15 per cent to reach INR 1098 billion in 2020. Subscription revenue is estimated to grow at a CAGR of 15% on account of the increased monetization while advertising revenue growth is also estimated to remain strong, growing at a CAGR of 15%. The number of TV households in India increased to 175 million in 2015, implying a TV penetration of 62%. The number of Cable & Satellite subscribers is estimated to have reached 160 million. TV households are expected to increase to 200 million by 2020, with paid C&S subscriber base expected to grow to 174 million by 2020, representing 87% of TV households. In 2016, the key things to watch for will be the continuation of e-commerce ad spends growth on TV and BARC India TV ratings leading to an impact on ad spends across genres and ad rates among channels within genres. Ad revenue growth for News channels was muted in 2015, coming on the back of an election year and TV industry grew at mid-single digit rates of 5-8%. Smaller brands contribute to only 30% of news advertising pie, over the next few years this could increase to as much as 60-70 % for Hindi and regional news genre. Television is expected to grow at a CAGR of 15.1% as advertising revenues will continue to show robust growth though delays in digitization would mean that subscription growth would be slower than anticipated earlier.

"Sandesh Spotlight" is the OOH wing of the Company which has a vision 'To make an impact in the OOH market by combining Marketing Strength and Futuristic Approach'. The Company had procured various prestigious tenders like Bus Rapid Transit System Bus Shelters, AUDA & Ahmedabad Municipal Corporation. Sandesh Spotlight has properties in the prime locations in the city of Ahmedabad, covering the most prominent junctions and some of the busiest cross roads, and aims at strategically adding more so as to be able to provide its clients with best visibility for their brands; in line with its mission - 'To work as a team with our clients to ensure better mileage and visibility for their brands'. Further, Sandesh Spotlight has been awarded exclusive advertising rights on more than 8000 buses of Gujarat State Road Transport Corporation, which provides a transport facility across the State of Gujarat.

As per FICCI-KPMG Indian Media and Entertainment Industry Report 2016, in 2015, the Out of Home (OOH) industry in India received a boost by a combination of factors including new categories spending on OOH media, E-Commerce and M-Commerce. The current year's growth of 13% was driven mainly by automobile, e-commerce and telecom sectors with the different formats benefitting. The overall spend on OOH out of the total advertising pie was 5.4% which is higher as compared to previous year. As in the earlier years, challenges such as lack of measurement metrics, fragmentation and slow adoption of technology (such as digital OOH) continued to be sore points for the industry.

Better Planning, focused approach for the implementation of strategy and professionalization of the management will help the Company to have a sustained development of its business. Further, looking to the popularity of its newspaper amongst its readers, there seems to be no close threat from its competitors.

### 3. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

#### a) Media:

This is the core business of the Company since its inception. The Company had been able to maintain its business volumes despite stiff competition in the regional media industry. The revenue from the media segment was ₹ 34130.17 Lacs during the Financial Year under review as against ₹ 30812.79 Lacs in previous Financial Year.

#### b) Finance Division:

The Company has been in the Financing business and during the year under review, the segment revenue from Finance Division was ₹ 2983.66 Lacs during the Financial Year under review as against ₹ 3030.75 Lacs in the previous year.

#### c) Real Estate Division:

The Company has been in the Real Estate business and during the year under review, the segment revenue from Real Estate Division was ₹ 110.16 Lacs during the Financial Year under review as against ₹ 295.89 Lacs in the previous year.

#### 4. OUTLOOK, RISKS AND CONCERNS

The increase in population, literacy rate and reach has led to increased circulation and readership of the newspapers in India. The Company is steadily increasing its geographical presence, which helps improve its circulation and readership of its publications.

The business outlook for the Print Media Industry and the Company looks good. Both readership and circulation of newspapers, especially for vernacular newspapers, is growing in India. Print Media is expected to remain a popular vehicle for advertisers to reach out to a large consumer base in the country.

Rural markets are still attractive in view of the efforts of the Government for improvisation of infrastructure. Indian Media & Entertainment industry is expected to grow at a CAGR of 14.3% to INR 2260 billion by 2020 with advertising revenues expected to grow to INR 994 billion at a CAGR of 15.9%. Print media is expected to grow at 7.8% CAGR due to growth in regional markets with rural demand expected to be strong on the back of multiple government initiatives.

Newsprint is the most important raw material constituting more than 50 per cent of the cost base. Imported newsprint still dominates the Indian print industry. The newsprint price is cyclical and is dependent on various factors. Prices of Newsprint are linked to global demand and they are volatile in nature due to fluctuation in USD. The Company keeps close watch on the development on the Newsprint front. The Company uses imported as well as domestic newsprint and by judicious mix of them, tries to mitigate the high cost impact on the business operations.

The print media business is largely dependent on advertising revenues. The Company has increased cover price of certain editions of the newspaper and it is continuously taking appropriate steps to ensure effective cost management.

For the print media industry, reliable third party readership data is not available and many companies hesitant to rely on IRS data for devising their strategies. The circulation numbers of newspaper alone sometimes are insufficient for advertisers to take an informed decision; still, the circulation numbers certified by the Registrar of Newspapers of India are useful for the advertisers and agencies and the Company enjoys the confidence of its advertisers.

There is intense competition between publication houses for circulation, readership and advertising and this industry is very competitive. The Company is well established and it has better financial resources and it always strives hard to generate higher revenues every year and hence, the Company is able to quickly respond to market changes and consumer sentiments. The Company has competed successfully in the year under review and it believes to continuously compete effectively. The Company is continuously strengthening its market positions, reinforcing its relationships with Agents, Advertisers and providing high quality contents to its readers. The Company's website i.e. "www.sandesh.com" is a very popular website for the Gujarati community.

#### 5. INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY

The Company's internal control systems are adequate considering size and nature of operations of the Company, to meet regulatory and statutory requirements, assure recording of all transactions and report reliable and timely financial information. The Company has defined risk management framework and it is implemented as an integral part of business processes. The Company has installed ERP system (SAP) for accounting purposes. To counter the adverse fluctuation in the newsprint prices, the Company vigorously keeps watch on its price trends and accordingly plans the consumption of newsprint to ensure efficient operations and better profitability. The Company applies effective mitigation techniques to manage potential risks. Risk management system includes recording, monitoring and controlling internal enterprise business risks and addressing them through informed and objective strategies. Further, the Board of Directors of the Company has adopted a Risk Management Policy and it has identified various risks and also has mitigation plans for each risk identified. Its comprehensive risk management system ensures that all risks are timely defined and mitigated in accordance with the Risk Management Policy. The Audit Committee of the Board of Directors of the Company periodically reviews the internal control system and also internal audit reports issued by the Internal Auditors of the Company.

The Company has formulated a robust whistleblower policy for receiving and redressing complaints of employees. No employee has been denied access to the Audit Committee or its Chairman during the year under review.

#### 6. DEVELOPMENTS ON HUMAN RESOURCE / INDUSTRIAL RELATIONS FRONT

The Company treats its employees as most valuable assets. The Company aims to align human resource practices with its business goals. The performance management system enables a holistic approach to the issue of managing performance and does not limit to only an appraisal. The total number of permanent employees on the rolls of the Company is 515 on March 31, 2016. The Company takes pride of its highly motivated and committed team of its employees. The employees performed to their full potential and contributed to the growth and development of the Company. **ANNEXURE –B TO THE INDEPENDENT AUDITOR'S REPORT**

The Annexure referred to in Independent Auditor's Report to the members of the Company on the standalone financial statements for the year ended 31 March 2016, we report that:

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **The Sandesh Limited** ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### ANNEXURE – A TO THE INDEPENDENT AUDITOR'S REPORT

The Annexure referred to in Independent Auditor's Report to the members of the Group on the consolidated financial statements for the year ended 31 March 2016, we report that:

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of The Sandesh Limited ("the Holding Company") and its subsidiary company which is company incorporated in India, as of that date.

#### **Management's Responsibility for Internal Financial Controls**

The Respective Board of Directors of the Holding Company and its subsidiary company, which is company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Holding Company and its subsidiary company, which is company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
