Commenting on the results, **Mr. Kapil Bagla, CEO, Adlabs Entertainment Limited** said:

Second Quarter is a relatively a soft quarter for various reasons like seasonality, monsoons, school & colleges opening post vacations. The business in Q2FY17 was affected by the severe and long sustained monsoons in western India particularly in the Mumbai-Pune and Gujarat region our primary markets. However despite reduction of footfalls we were able post good Revenues due to improved realizations (ARPU) and improved EBITDA margins. Despite heavy rainfalls all our Parks and the Hotel were fully operational during the season without a single disruption justifying the quality of our rides and attraction as well as adaptability of our operations team.

In this quarter we have been able to increase our overall ARPU by 25% in comparison to the corresponding quarter Q2 FY16. The ticketing ARPU is up by 28% and the gross realizations including service tax is up by approx. 44%. Further the non-ticketing ARPU has also grown by 18%.

ADLABS Entertainment Limited

Novotel Imagica continues with its good performance in Q2 despite low season with the average occupancy at 60%, Average ARR at INR 7300/- and overall ARR including F&B of INR 11,360/- The Imagica Snow Park, which was launched in April have received a great response from the guests.
