NIIT unveils cutting edge Angular 2 course on 'Training.com' for technology professionals

New Delhi, October 10, 2016: NIIT, a global leader in skills and talent development, today unveiled a cutting edge program on Mastering Angular 2 to be delivered through the Training.com learning platform, an NIIT initiative for advanced career programs. AngularJS is the leading framework for web apps development. Angular 2, recently unveiled by Google, is a complete rewrite of the Angular framework that would enable higher productivity in building modern web applications with dynamic improvement in performance and responsiveness.

The comprehensive, Angular 2 course will be delivered by expert faculty in instructor led, immersive online mode through Training.com. Angular 2 aims to simplify development and testing of web apps. The powerful features and capabilities of Angular 2 allows a developer to create complex, customizable, modern, responsive and user friendly web applications. The course is designed in such a manner that it puts the learners in demand, in the modern web development industry.

Speaking on the occasion **Mr. Udai Singh, Head, New Business Initiatives, NIIT Ltd**, said, *"NIIT has played a pioneering role in redefining the education and training sector in India through technological & pedagogical innovations in the space. With the launch of Angular 2 course on Training.com, we aim to help the professionals understand the intricacies of these technologies which will further enable them to carve successful dev careers."*

The Angular 2 course teaches developers how to use the typescript supported front end web application framework to facilitate development of single-page web applications that use the Model-View-Controller (MVC) design pattern. In a nutshell, Angular is a robust Single Page Application (SPA) framework that can be used to build dynamic, client-centric applications that can run in desktop browsers as well as on phones and tablets.

The programmes on Training.com are targeted at learners, who want to raise their career graph through advanced courses in technology, management and finance. These programs are delivered live by industry experts in an immersive and interactive online mode, combining instructor-led classrooms with the convenience of accessing the training sessions from anywhere. All the programs come with verified certificates from top tier institutions.

About NIIT

NIIT is a leading Skills and Talent Development Corporation that is building a manpower pool for global industry requirements. The company, which was set up in 1981 to help the nascent IT industry overcome its human resource challenges, today ranks among the world's leading training companies owing to its vast, yet comprehensive array of talent development programs.
