SEMBCORP GAYATRI POWER CONCLUDES CONSTRUCTION OF ITS FIRST 660-MW UNIT

Expects to complete the entire project in the first quarter 2017

For Immediate Release

Hyderabad, November 16th 2016,

Gayatri Projects Ltd., a prominent and well established infrastructure company specializing in road, irrigation, power transmission and industrial projects, with a pan India presence has announced that its second thermal power plant the 1,320-megawatt Sembcorp Gayatri Power, has completed construction of its first 660-megawatt unit.

Sembcorp Gayatri Power Limited (SGPL) (formerly NCC Power Projects Limited), is a joint venture between its wholly-owned subsidiary Sembcorp Utilities, and Gayatri Energy Ventures, a wholly-owned subsidiary of Gayatri Projects.

The second unit of the 660 megawatts is expected to be completed in the first quarter of 2017.

Mr. T.V. Sandeep Kumar Reddy, Managing Director, Gayatri Projects Limited, said, *“We are pleased to announce the completion of the construction work for 660MW power plant, developed in partnership with Sembcorp. This moves us a step closer towards our overall target of developing a power complex capable of addressing the growing power demand in the country.”*

The power plant, located in Krishnapatnam in Andhra Pradesh’s SPSR Nellore District, India, utilizes supercritical technology that allows for enhanced efficiency

About Gayatri Projects

Gayatri Projects is a Hyderabad-based infrastructure and construction company with a presence across the segment, primarily undertaking road and irrigation projects. The Company with an over 50 year presence in the segment executes projects across the country and owns almost all its equipment, enabling optimal cost control. It also has joint ventures (JVs) in Build-Operate-Transfer (BOT) projects and executes construction contracts in partnership with Indian and overseas companies.

Its two subsidiaries, Gayatri Infra Ventures Ltd (GIVL) and Gayatri Energy Ventures Pvt. Ltd (GEVPL), incorporated in 2008 in Hyderabad, are the Asset Development arms for the Company. GIVL operates as an investment and construction company in transport infrastructure while GEVPL was set up to undertake power generation projects.

About Sembcorp Industries

Sembcorp Industries is a leading energy, water and marine group operating across five continents worldwide. With facilities of over 10,000 megawatts of gross power capacity and close to nine million cubic metres of water per day in operation and under development, Sembcorp is a trusted provider of essential energy and water solutions to both industrial and municipal customers. It is also a world leader in marine and offshore engineering as well as an established brand name in urban development.

In India, Sembcorp has a balanced portfolio of thermal and renewable assets with over 3,500 megawatts of power capacity in operation and under development in seven states. The 2,640-megawatt Sembcorp Gayatri Power Complex in Andhra Pradesh houses two identical supercritical thermal power plants: Thermal Powertech Corporation India, and Sembcorp Gayatri Power. Sembcorp's renewable energy portfolio in India, operated through Sembcorp Green Infra, consists of 900 megawatts of wind and solar power assets in six states across the southern, western and central regions of India.

The Group has total assets of over S\$21 billion and employs over 7,000 employees. Listed on the main board of the Singapore Exchange, it is a component stock of the Straits Times Index and several MSCI and FTSE indices.
