Dear Sir/Madam,

Sub: Presentation on the Unaudited Financial Results for the quarter/half year ended 30th September, 2016

Ref: Script Code: 532683 & AIAENG

Pursuant to Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed a presentation on the Unaudited Financial Results of the Company for the quarter/half year ended 30th September, 2016 to be made to Investor/Analyst.

The aforesaid presentation is also being hosted on the website of the Company, www.aiaengineering.com in accordance with the Regulation 46 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Kindly take the same on record.

Thanking you.

Yours faithfully,
For AIA Engineering Limited

S. N. Jetheliya
Company Secretary

ii) Others	38496	20111	18385	40049	18526	21523	85104
Total	99541	51969	47572	88048	42876	45172	185788

5. CAPEX/PROJECTS IN PIPELINE

- a) GIDC Kerala Greenfield Phase-I and Trichy Brownfield expansion effectively commissioned in Q-3 FY 2016. Present Installed Capacity 3,40,000 TPA.

- b) GIDC Kerala, Phase-II Greenfield expected to be commissioned by October, 2017 – estimated capacity addition in Phase-II: 1,00,000 TPA making total installed capacity up to 4,40,000 TPA; by October, 2017 for total Capex of Rs. 350 crores.

- c) Capex incurred during Q2-FY2017: Rs. 19.5 crores.

- d) Capex estimated to be incurred in FY 2016-17: Rs.164 crores.

6. Strategy

- a. The opportunity landscape over medium to long term horizon remaining unchanged with the total addressable annual mining replacement market estimated at around 3 million TPA coupled with a very low penetration of high chrome consumable wear parts in mining. Bulk of future growth is expected to come from outside India and that too mainly in mining segment.
- b. Apart from significant cost reduction due to much lower wear rates, high chrome solutions also bring about benefits like improved process efficiencies, reduction in other consumables (other than high chrome consumables), improved environmental benefits, etc. which are other key growth drivers.
- c. Targeted incremental volume growth over the 3 year horizon around 1,20,000 MT

6. Key Highlights/Developments

- A. FY 2016 sales volumes remained flat primarily attributable to certain strategic and conscious decisions viz. restricting sales to Ukraine; reduction in SA market volume owing to currency uncertainties; and volume reduction owing to closure of one particular iron ore mine in Brazil. However, volumes expected to pick-up from Q3 FY-2017.
- B. Developmental activities of new mines in several key locations in full swing.
- C. Order book as at 1st October 2016: Rs. 844 crores
- D. Outstanding foreign currency forward contracts (sales contracts) as of 30th September-2016: US \$ 54.25 MIO, EURO 5.5 MIO, ZAR 125.5 MIO, CAD 3.5 MIO.

6. Key Highlights/Developments contd....

- E. Cement sector outlook continues to remain flat with no near term signs of recovery visible either in India or outside India.
- F. The supplies of high chrome mill internals to Indian thermal power plants, although flat as of now, are expected to pick up from this fiscal, but the growth rate will be pegged to the growth rate achieved by thermal power segment in India.
- G. For the time being, AIA has a limited presence in China limited to the VSMS high chrome mill internal parts.
