OUR INDUSTRY

Key topics of discussion

Labour Market Transformation

- Physical Geography of Work
- Sectoral Geography of Work
- Enterprise Geography of Work
- Education Geography of Work
- Legislative Geography of Work

Staffing Industry Transformation

- Policy Context
- Customer Behavior
- Employee Behavior
- World of Work Changes

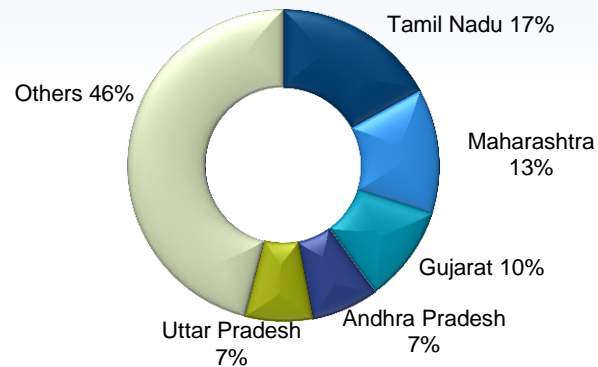

Teamlease Strategy

- Accelerating labour and industry transformation
- Scalability in terms of people, process and technology
- Margin Expansion through growth/scale
- Specialization, HR/Education Services
- Asset / capital light business model

Multiple structural issues in the Indian labour market

1 Physical geography of work

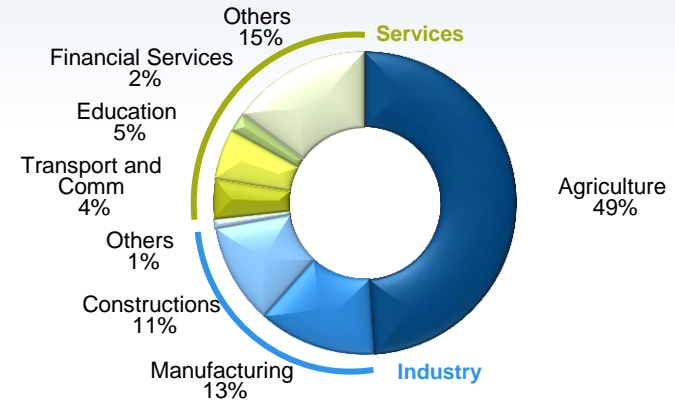

Factories in operation across regions (2012-2013)

- Physical landscape largely rural with 6 lac villages (2 lac villages have <500 people)
- ~50% of factories are setup in 5 states leading to significant demand-supply gap
- North and East India accounts for the highest proportion of working population, South and West India accounts for relatively higher number of enterprises

2 Sectoral geography of work

Breakup of total employed workforce by sector (2011-12)

- Agriculture is the key contributor to overall employment with 49% of the employed workforce
- Manufacturing contributes to only 13% of total employment

Multiple structural issues in the Indian labour market (Cont'd...)

3 Enterprise geography of work

Total: 58 mn Enterprises⁽²⁾

2.3K companies with paid up capital >INR100Cr

- ❖ Most of the enterprises in India are small and informal
- ❖ Less than 2% of total enterprises are registered companies
- ❖ Large % of contract employees, majority of which are in informal sector

4 Legislative geography of work

Significant low number for PF subscribers⁽¹⁾

(in mn)

- ❖ Only 10% of total employed workforce is in formal employment
- ❖ Complex and tough labor laws have hampered job creation in the formal sector
- ❖ Average worker prefers informal employment as take-home pay is higher
- ❖ Poor labor law regime
- ❖ PF subscribers (organized work force) are a small portion of total workforce

Source: CRISIL Research.

Note: (1) Excludes workforce in agriculture.
(2) 6th Economic Census

Multiple structural issues in the Indian labour market (Cont'd...)

5 Education geography of work

Level wise enrolment in school and higher education (2014)
(in mn people)

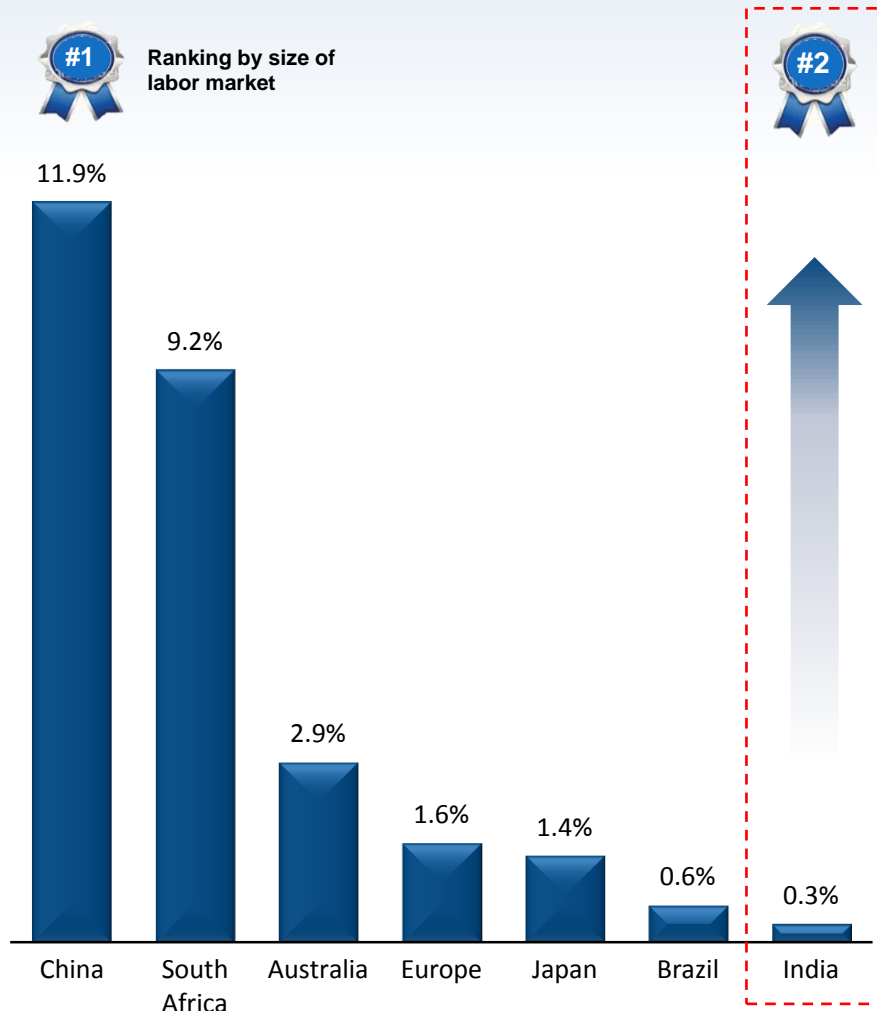

- ~14.8 mn candidates drop out post Class X and ~20.1 mn candidates drop out after under graduate
- ~82% of the total workforce are self employed and casual laborers; Due to lack of employment opportunities and skill gap between companies' demand and available skill-sets, workers are forced to work as low paid casual workers or become self employed

Massive growth potential for flexi-staffing in India

India has the 2nd largest labor market in the world but the lowest penetration for flexi staffing

(2012)

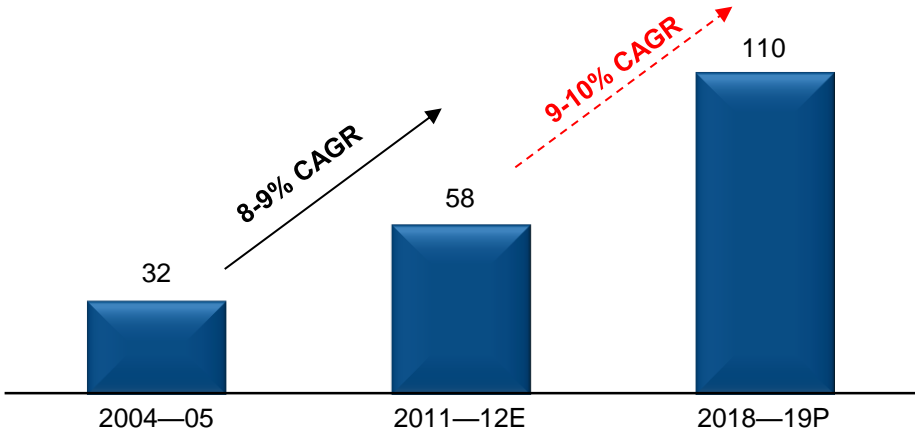

The Indian labour market is largely unorganized with low level of flexi staffing penetration

Significant headroom for formalization

Compliance towards minimum wages and benefits is driving shift towards formal sector employment

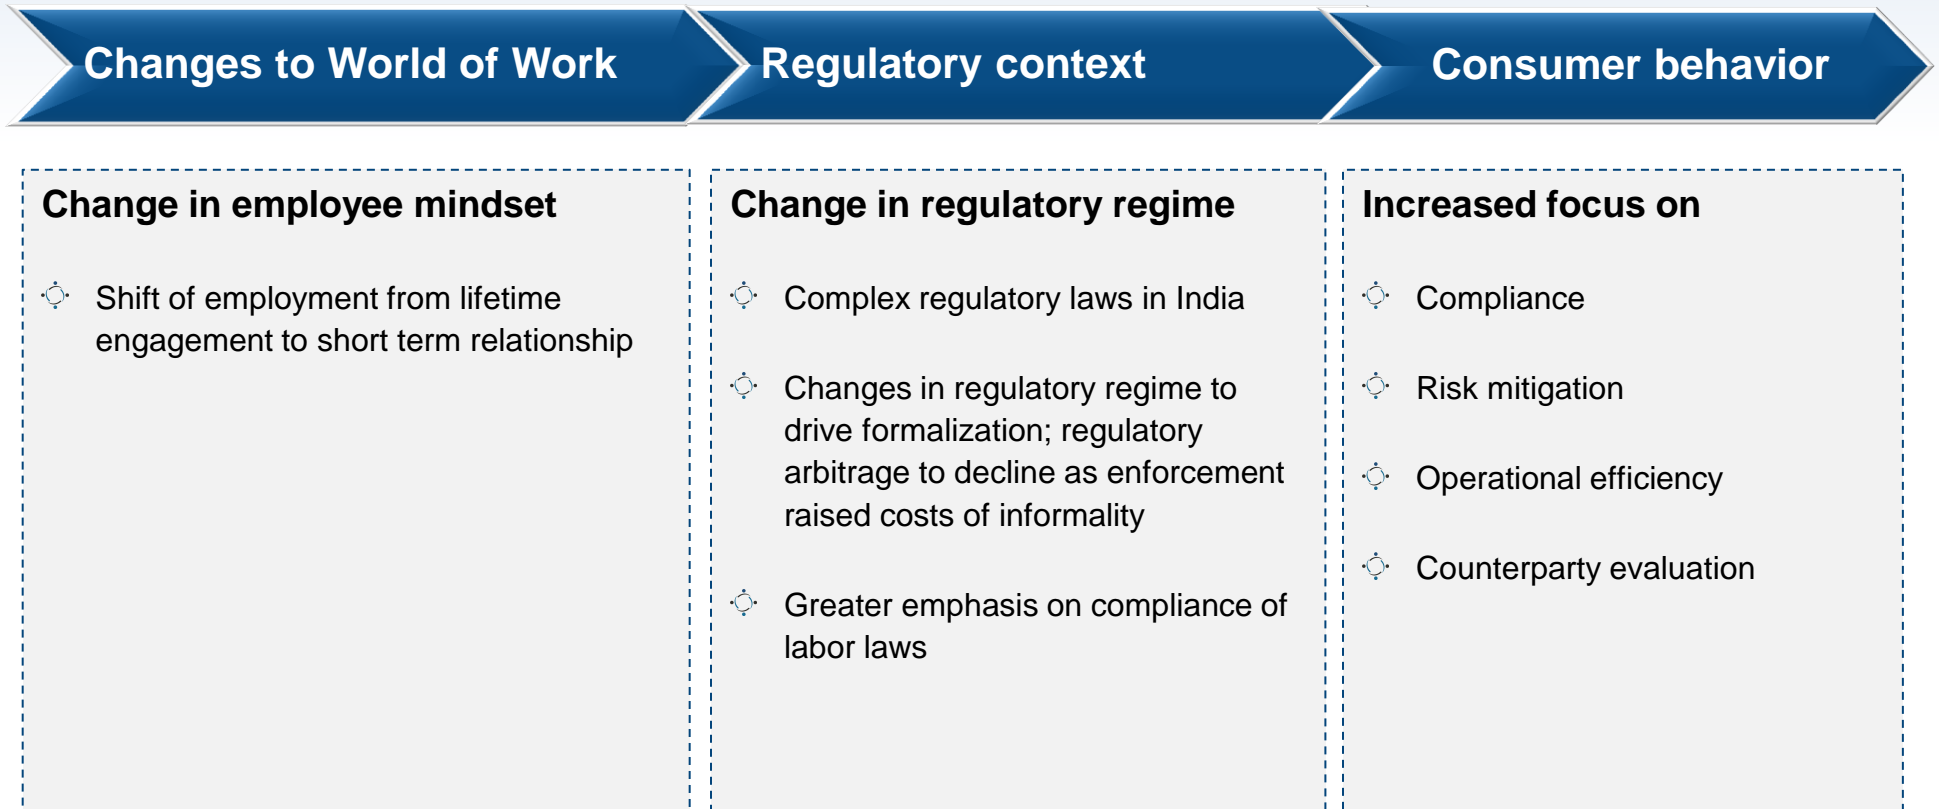

Formal sector to witness 5x faster growth
(mn people)

Flexi staffing growth to come from a 3-phased industry transformation

Flexi - staffing industry transformation

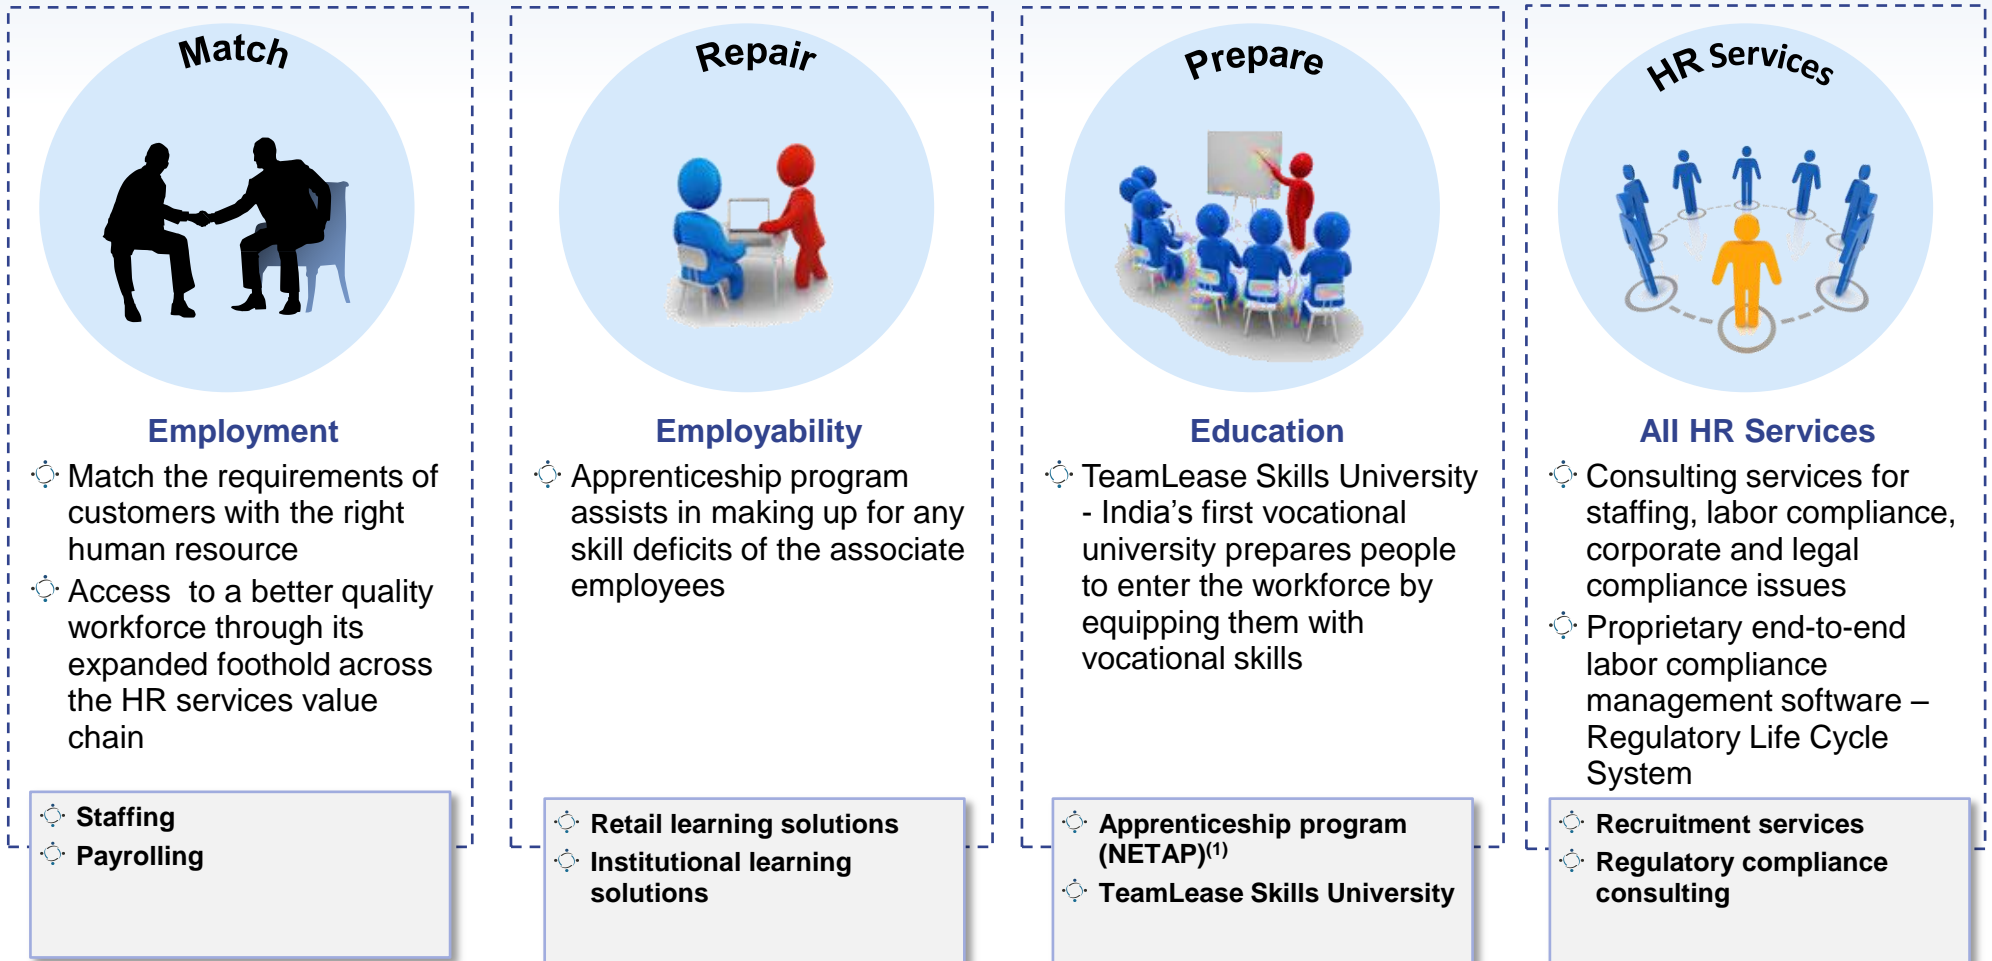

COMPANY STRATEGY

1 The 'match, repair and prepare' strategy

TeamLease has expanded its service offerings to cover the entire human resources value chain

Note: (1) NETAP is an apprenticeship training program enabled by TeamLease, the Confederation of Indian Industry and the National Skills Development Council where apprentices are Identified and placed with clients; This is not consolidated as a part of TeamLease Services Limited

Prudent growth strategy ahead...

Contribute to accelerating Industry and labour market transformation

Scaling operations in terms of people, process and technology

Continue to grow through strategic acquisitions

Build hiring capabilities

Capital / asset light business model

Expand service offerings to offer high margin services

Thank You
