EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 ANNEXED AND FORMING PART OF THE NOTICE

Item: Erosion in the Net Worth of the Company

As per Section 23 of the Sick Industrial Companies (Special Provisions) Act, 1985 ('the Act'), if the accumulated losses of an Industrial Company as at the end of any financial year have resulted in erosion of fifty percent or more of its peak net worth during the immediately preceding four financial years, the said Company falls within the definition of "Potential Sick Company". In terms of requirement of Section 23 of the Act, such Company is required:

- 1) To report the fact of such erosion to the Board for Industrial and Financial Reconstruction and
- 2) To hold a general meeting of shareholders for considering such erosion within 60 (sixty) days from the date of adoption of Audited Financial Statement at the Annual General Meeting.

As per the Audited Accounts of the Company for the financial year ended 30th June, 2015, which was laid before the members at the Annual General Meeting held on 30th December, 2015 and duly approved and adopted by the members in the Annual General Meeting, the accumulated losses of your Company as at 30th June, 2015 amounting to Rs 282.90 crores has resulted in erosion of more than 50% of its peak net worth during the four financial years immediately preceding the financial year. Hence the Company has become a 'Potential Sick Company' as per the provisions of Sick Industrial Companies (Special Provisions) Act, 1985.

In terms of the provisions of section 23 a report on such erosion and its causes is required to be submitted before the shareholders for their consideration and approval within 60 days from the finalization of accounts. The said report is annexed herewith and is forming part of this notice. Accordingly, the said report of the Board of Directors on such erosion and revival measures being taken as per Section 23 of the Act is being placed before the members for their consideration and noting.

Therefore this EGM is scheduled in pursuance of Section 23 of Sick Industrial Companies (Special Provisions) Act, 1985 to consider such erosion in Net worth.

None of the Directors and Key Managerial Personnel of the Company including their relatives is concerned or interested, financially or otherwise in the resolutions.

The Board recommends consideration of the proposed resolution for your approval as an Ordinary Resolution.

REPORT OF THE BOARD OF DIRECTORS OF UTTAM SUGAR MILLS LIMITED PURSUANT TO THE PROVISIONS OF SECTION 23 OF THE SICK INDUSTRIAL COMPANIES (SPECIAL PROVISIONS) ACT, 1985, (SICA).

Dear Shareholders,

As per the duly finalized audited accounts at the end of the financial year on 30th June, 2015, the accumulated losses of the Company stood at Rs. 282.90 Crores, which eroded the peak net worth of the Company in the immediately preceding four financial years by more than 50%. As per the Provisions of the Section 23 of the Sick Industrial Companies (Special Provisions) Act, 1985 (SICA), a company is required to report the fact of such erosion to the Board for Industrial & Financial Reconstruction (BIFR) within a period of 60 days from the date of finalisation of the duly finalized audited accounts of the company for the relevant financial year. The Board of Directors of the company is also required to report to its shareholders the fact of such erosion with causes for such erosion by forwarding a report to that effect and holding a general meeting of the shareholders of the company for considering such erosion. Therefore, this report is being submitted to the Members of the Company along with notice of this Extra-Ordinary General Meeting.

Causes of Erosion of Net Worth

Uttam Sugar Mills Limited (USML) is engaged mainly in the manufacture and sale of sugar. The company has four sugar plants, which are located in northern India. The Company is incurring continuous losses due to fixation of unreasonable, unaffordable and irrational State Advised Price (SAP) by the State Governments over the last several years. There is no transparent formula for fixing SAP. The Indian Sugar Mills Association (ISMA) has already represented to Central/State Government to implement the long term mechanism for determination of viable sugar cane price as per the recommendations of Dr. C. Rangarajan Committee. Unless the cane price is linked to sugar price it will be impossible for the sugar industry to improve the performance.

We are summarizing below the main reasons:-

- a) **Higher Sugar cane Prices** – There is no relationship between sugar price and sugarcane price. Cane price fixed by the State Government of Uttar Pradesh/ Uttarakhand is substantially higher than the Fair and Remunerative Price (FRP) (an alternate to the Statutory Minimum Price) set by the Central Government, due to which cane cost increased year after year.
- b) **Higher Interest Cost** – Higher interest burden resulting due to additional debts taken for the investment of Rs 411 Crores made under the Sugar Industrial Promotion Policy as announced by Govt of Uttar Pradesh in 2004 and the cash losses suffered by the company during last two years. High debts resulted in higher interest burden on the Company which impacted the profitability severely for last few years.
- c) **Scraping of Sugar Industry Promotion Policy** – Pursuant to the Sugar Industry Promotion Policy as announced by the Government of Uttar Pradesh in the year 2004, the company made a capital investment of Rs 411 Crores during the period 01.04.2004 to 28.02.2007 with a view to avail of various benefits, concessions and incentives under the said policy.

After completion of projects the company submitted the application with the State Government. However in June 2007 the State Government abruptly scrapped the Incentive Policy. At present the matter is pending with the Lucknow Bench of Hon'ble Allahabad High Court.

As per above-mentioned Policy, your company is entitled to receive an amount of Rs 131 crores for the period ending 30th June, 2015 as various incentives under the Policy which would have made the company's financial health better.

Uttam Sugar Mills Limited

- d) **Lower Sugar Prices** - Lower sugar price in comparison to cost of production due to surplus production of sugar in the country for last five years is also caused erosion in the Net Worth. Your company incurred heavy losses continuously from last several years, which eroded substantial part of the Net Worth.

Steps taken for revival

The Company is taking various steps for improvement of operations some of which are as follows:-

- a) **Sugar Cane Development** : Our Company has undertaken extensive Sugar Cane development activities during the last few years with the support of the Sugar technical institute. The efforts in this direction have already started showing positive results in the form of increased recovery in this year. Needless to mention, increased recovery will have the effect of reducing the cost of production.
- b) **Sugar**: Your Company has started manufacturing of various specialty products which includes sugar in packaging of 1kg/5kg/10kg, Bura, Brown sugar, Sachets in different packaging, icing sugar, superfine, pharma sugar etc. The sale of specialty products will increase the net sales realization. Market share of the Company is also increasing with introduction of above said branded and specialty products. The Packaging Sugar sales has increased from 3% in year 2011-12 to 5% in 2012-13 to 9% in 2013-14 and to 16% in the last financial year 2014-15.
- c) **Cogeneration**: Company is focusing on increasing the power generation capacities for all the four units of the Company and exporting more Power to State grid. Increased power supply will automatically increase revenue from sale of power.
- d) **Ethanol**: The Central Government has increased mandatory mixing of ethanol with petrol from 5% to 10%. The Central government has also announced excise duty exemption on ethanol which will have the effect of increasing the average revenue realization of ethanol by Rs. 5/- per BL at Rs. 45/- per BL as against the present Rs. 40/- per BL. This will increase the revenue from sale of Ethanol.
- e) Recently State Government of Uttar Pradesh, Uttarakhand and Central Government have taken slew of measures with a view to improve Long Term Financial Viability of the Sugar Industry.

The above measures are expected to go a long way in improving the performance of the Company.
