KPR Plans to Double it's Processing Capacity at a Cost of Rs.120 Crores

Scaling up of Garment capacity from 59 million pieces to 95 million pieces per annum that elevates KPR as a Largest Garment Manufacturing Company in India, is in progress.

KPR now initiates significant capacity expansion in its Processing facility with Advanced Cold Processing Technology, to meet its additional requirement.

Its salient features are:

- 100% capacity addition From 25 MT to 50 MT per day
- Advanced continuous process technology minimizing the cost of production as it eliminates salt usage in process thereby considerably reducing the water & energy consumption, effluent;
- Ensure improved quality, higher color uniformity;
- Safe processing of delicate & sensitive Fabrics with minimal interruption through Rotary screen printing;
- Garner large overseas customers from new markets besides widening the current client base:
- The estimated Project cost of Rs.120 Crores will be funded through internal accruals and debt.
- Expected to be completed in 9 Months' time
- Eligible for 10% capital subsidy under Amended TUF scheme

This expansion drive, sustains KPR's commitment towards value addition.
