- Eveready LED lamps range from 2.5-14W have light output of 100-120 lumens/per watt.
- These lamps have a life of around 25000 hours
- Third party vendor developed in India

Business Vertical: Lighting and Electricals

Industry Trends and Drivers

- Government embarking on various programs / schemes to replace GLS / CFL lamps with energy efficient LED lamps
- LED lamps are more energy efficient. CFL lamps when compared to GLS, use 75% less energy. LED lamps when compared to GLS use at least 75% less energy*
- When compared to GLS, CFLs last 15 times and LED lamps 25 times longer*
- We believe LED lamps have better growth prospects, compared to CFL, given the diminishing price differential and significant cost savings to consumers
