Jubilant Innovation receives upfront payment and potential milestones from its investment

Noida (UP), India, Tuesday, March 29, 2016

Jubilant Innovation USA Inc. (JI), a subsidiary of Jubilant Life Sciences Ltd (JLS), will receive an upfront payment of US\$ 4.6 mn and contingent payments up to US\$ 18 mn based on the achievement of certain predetermined clinical and regulatory milestones from its 10% interest as a limited partner in one of the venture funds specialized in seeding and investing in early stage drug discovery firms. These payments are on account of an acquisition by a large pharma company of one of their investee companies having assets in early stage clinical development.

Jubilant Innovation together with Jubilant Biosys and Jubilant Chemsys are part of Jubilant Life Sciences's Drug Discovery Solutions business. JLS had decided to make strategic investments in venture funds investing in early stage discovery companies. In addition, JLS has also decided to pursue proprietary drug discovery of small molecules with an intent to out-licence/partner the same for upfront payments and phased milestone payments/royalties.

Mr. Shyam S Bhartia, Chairman, and Mr Hari S. Bhartia, Co chairman and Managing Director of Jubilant Life sciences Ltd, said that "We are pleased to announce that the company has received upfront payment out of the strategic investment in drug discovery ventures. This deal is a testimony of our investment in innovation through the Jubilant Innovation model to create value for the shareholders."
