Zensar Technologies at SAPPHIRE® NOW in Florida

Showcasing Solutions built on SAP® S/4HANA and Industry Solutions based on Next-Gen Technologies

Pune, India, May 13, 2016: Zensar Technologies, a leading digital solutions and technology services company, announced that it will participate at **SAPPHIRE® NOW and ASUG Annual Conference on May 17–19, 2016 in Orlando, Florida (booth #980)**.

Zensar has planned special demo sessions showcasing its pre-configured industry solutions built on leading SAP® technologies including SAP Business Suite 4 SAP HANA® (SAP S/4HANA) and analytics solutions. These SAP digital solutions have been implemented for various global clients, helping them overcome key business challenges, improve the overall operational experience, deliver business benefits quicker, foster agility in operations and grow their business further. Zensar's pre-configured industry solutions have been assessed and certified by SAP on SAP S/4HANA. Additionally, visitors will get the opportunity to experience a live demo of these solutions built on SAP S/4HANA.

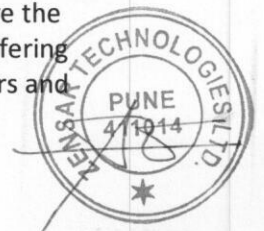

Zensar has been a certified SAP partner for more than 15 years and has deep expertise in delivering SAP-focused industry solutions. Zensar has implemented more than 200 global implementations and is proud to be exhibiting at SAPPHIRE NOW 2016, the essential global business event for senior executives, business managers and decision makers to experience how innovative business solutions from SAP can enable long-term and profitable business growth.

Some key clients for which Zensar has implemented SAP software include a leading grocery retailer in the U.S., a global automotive OEM and aftermarket spare parts leader, one of Asia's leading pharma companies, and one of the largest integrated dairy development organizations in Asia.

"Our SAP expertise and capabilities span across all key competencies including core SAP S/4HANA, user experience and analytics. The current and future focus for our services is clearly to enable large global companies using SAP software to leverage the power of digital. Zensar's successful partnership with SAP has helped blend industry best practices with SAP products. We have designed and implemented focused solutions that have achieved their intended goal of creating business process efficiencies, effectiveness and planned outcomes for our clients," said **Sandeep Kishore, CEO and Managing Director, Zensar Technologies**.

"SAP and its range of solutions are accelerating the pace of growth for companies looking to transform into digital-led entities. Zensar's proven SAP expertise for key sectors like dairy, life-sciences and industrial machinery & components has helped clients accelerate their time-to-market. We are excited to participate and engage with industry visitors at the upcoming SAPPHIRE NOW in Florida. Our SAP-certified Partner Center of Expertise has built strong capabilities on the latest version of SAP S/4HANA and on SAP cloud solutions by building innovative solutions and use cases for various industry verticals. We are looking forward to SAPPHIRE NOW in Florida to showcase these solutions to our customers and help them on their digital journey using the latest exciting suite of SAP products," commented **Harish Gala, Head, Enterprise Applications, Zensar Technologies**.

SAPPHIRE NOW focuses on how companies can enable their digital business strategy and get more from their technology investments. SAPPHIRE NOW and the ASUG Annual Conference are the world's premier business technology event and largest SAP customer-run conference, offering attendees the opportunity to learn and network with customers, SAP executives, partners and experts across the entire SAP ecosystem.
