From the Managing Director

"Despite the interruption caused by the torrential rains during the first week of December 2015, the impact of which affected the performance in January and part of February 2016, we are back on track and look forward to the launch of prime nonantibiotics products in the FY 2016-17. With the support of the bankers, our customers and by launching of new products, including products in the first-to-file category, we are confident of improving the volumes and profitability" said Mr K Raghavendra Rao, Managing Director, Orchid Pharma Ltd.
