Organisational Structure

Our strong and reputed management team is an important contributor to our growth

Business

Overview

Manufacturing Expertise

- 6 (six) modern manufacturing facilities at Kolkata, Noida, Haridwar, Chennai, Lucknow and Maddur (near Bangalore)
- High speed machines and equipment for manufacturing batteries and flashlights
- In-house machines for metal flashlights and a fully automated injection-moulding facility for plastic components
- Certified Quality, Environment and Health & Safety Management Systems (ISO 9001:2008 (QMS), ISO 14001 (EMS) and OHSAS 18001)

Research and Development Centre

- Strong focus on research, design and development to enhance performance of existing products and develop new products
- R&D facility for batteries at Kolkata approved by DSIR (Department of Scientific and Industrial Research), Ministry of Science and Technology, Government of India
- NABL accredited computerized testing facility at Kolkata for checking cycle life and capacity of primary and rechargeable batteries
- Developed at least 20 new products in the flashlight and electrical product areas over the past 3 fiscals
- Conducts sample tests for products supplied by Suppliers.

Increasing efficiency of existing products and adding new products to the product portfolio

Distribution Network

Eveready has a pan-India distribution network. Our unique distribution strength lies in our ability to access and service rural India.

15 sales branch
offices

4000+
distributors

42 distribution
centres

We intend to undertake initiatives to expand the distribution channels with a particular emphasis on adding new outlets to offer our electrical and lighting business to new customers

We estimate that in the FMCG universe of batteries stocking outlets - **Eveready batteries are available in 50%+ of the outlets**

Enhancing Brand Visibility

- Strengthening our brand for maintaining market leadership
- Focus is on expanding markets, increasing penetration and catering to evolving customer requirements
- Honoured as one of the “Fortune Next 500” Indian Companies in 2015

Urban Marketing

- Print and television advertisements featuring brand ambassador Akshay Kumar
- ‘Give Me Red’ marketing campaign focusing on Indian youth
- Effective positioning of products in the market

Enhancing Brand Visibility

Rural Marketing

- Publicising through wall paintings across villages
- Regular Haat and Chaupal activities
- Branding initiatives in villages

Business Vertical: Batteries

- Eveready Industries is the market leader commanding over 50% of organized Indian dry-cell battery market's share in Fiscal 2015*
- One of the largest producers of carbon zinc batteries in India with a production of 1.3 billion+ batteries in Fiscal 2015*
- Offers Eveready Alkaline batteries for devices like digital cameras, remote-controlled toys, among others, Eveready (Carbon Zinc) batteries for most of household appliances and personal electronic devices
- Offers Rechargeable Batteries and power banks

* *Source:* Association of Indian Dry Cell Manufacturers

Strengths

- India's leading brand in the portable battery industry
- Broad product portfolio to cater to India's portable energy requirements
- Pan-India distribution network across urban and rural India
- In-house manufacturing facilities

Business Vertical: Batteries

Products Basket

Eveready, Powercell and Shakti

- Carbon Zinc Batteries – D size, AA, AAA, C and 9V
- Alkaline Batteries- Alkaline AA and AAA
- Rechargeable Batteries- AA, AAA

Business Vertical: Batteries

Industry Trends and Drivers

- Indian dry cell batteries market is estimated at 2.7 billion pieces (volume) and INR 1400 crores (value) for Fiscal 2015*
- In the recent past, industry has faced significant cost push due to rising input costs and the depreciating rupee
- India has low per capita battery consumption (two per year) compared to China (5-6 per year), indicating an inherent growth potential*
- Rising income levels, increasing urbanization, changing lifestyle and enhanced need for convenience is expected to boost battery-run gadgets demand (remote controls, torches, toys, cameras, radio sets and portable music systems)

* Source: Capitaline

Business Vertical: Flashlights

- India's leading brand in flashlights
- Captures over 75% of India's organized flashlight market*
- Offers various brass, aluminum and plastic models, either primary or rechargeable, of assorted wattages and sizes
- Caters to the lighting needs of urban and rural India

India's leading brand in the flashlight segment

Strengths

- Offering wide product range in terms of quality, price range, shapes and sizes
- Pan-India distribution network across urban and rural India
- Strong Design & Development capability helps in introducing new products

* Source: Association of Indian Dry Cell Manufacturers

Business Vertical: Flashlights

Products Basket

Eveready and Powercell

- ❏ DigiLED Torches – Long-life LEDs, superior quality lens and focused bright white light
- ❏ UltraLED Torches - Powerful beams and stronger light
- ❏ Brass Torches – Reliable, durable and repairable
- ❏ Aluminium and Plastic Torches - Strong durable bodies
- ❏ Rechargeable Torches - In-built battery and plug
- ❏ DigiLED battery operated and portable Lanterns

Business Vertical: Flashlights

Industry Trends and Drivers

- ❑ Dormant population of non-users indicates a large opportunity for flashlights
- ❑ With rising income levels, it is expected that demand for flashlights will grow
- ❑ Demand for flashlight is diversified across various price points.(economical/value added)

Business Vertical: Lighting and Electricals

- ❑ New entrant in the Indian consumer lighting market
- ❑ Offers a wide variety of lighting and electrical solutions in urban and rural area including new age LED products
- ❑ Secured an order of 7.5M LED lamps from Energy Efficiency Services Limited valued at ₹ 48.3 crores

Strengths

- ❑ Synergic to Eveready's brand and business portfolio
- ❑ Pan-India leveraging on existing battery and flashlight distribution network and adding new electrical outlets to supplement the vertical
- ❑ Usage of own circuit design enables the company to have a low 5.7% return
- ❑ Presence in all modern format stores and E-Commerce platform

Business Vertical: Lighting and Electricals

Industry Trends and Drivers

- 🔋 Government embarking on various programs / schemes to replace GLS / CFL lamps with energy efficient LED lamps
- 🔋 LED lamps are more energy efficient. CFL lamps when compared to GLS, use 75% less energy. LED lamps when compared to GLS use at least 75% less energy*
- 🔋 When compared to GLS, CFLs last 15 times and LED lamps 25 times longer*
- 🔋 LED lamps have better growth prospects, compared to CFL, given the diminishing price differential and significant cost savings to consumers

* *Source:* Publications of U.S. Department of Energy

Business Vertical: Packet Tea

- Regional market presence in most of the major Indian states (Uttar Pradesh, Uttarakhand, Punjab, Rajasthan, Madhya Pradesh and Bihar, among others)
- Estimated domestic annual consumption of tea in Fiscal 2014 is 911 million Kg*
- India's packet tea industry is fragmented with a few large players occupying a significant share and several localized players accounting for regional competition

Strengths

- Leveraging from Group knowledge for tea business
- Leveraging on pan-India distribution network
- Offers different blends of tea catering to a diverse taste preference and various price points

Aspires to expand focus from regional business to a pan-India presence by leveraging our established tea brands and blends as well as increasing our distribution network
