--	--

Dear Sir/Madam,

Sub: Submission of information – New Order, pursuant to Regulation 30(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 Reg.,

M/s. Gayatri Projects has made inroads into the construction of airports by bagging a Rs.700 Crore contract as part of the larger Navi Mumbai International Airport from the M/s. City and Industrial Development Corporation of Maharashtra (CIDCO):

Name of the Employer	Name of Work	Value of the Contract
M/s. City and Industrial Development Corporation of Maharashtra Limited.	Land Development of Navi Mumbai International Airport (Package –III)	Rs.700 Crores (Approx)

Winning this contract shows the company's commitment to gain a foothold in relatively nascent, but fast growing EPC opportunity sets. The construction and development of airports will prove to be a major source of business for infrastructure companies, given that the Indian Aviation sector is likely to see investments of over \$120 Billion for the development of airport infrastructure and aviation navigation services over the next decade.

Gayatri is keen to participate in this effort to make India the third largest civil-aviation market by 2020, which will involve the development of many greenfield airports as well as the improvement of existing ones. This project is also in line with the management's decision to follow an asset-light model, and will further reinforce Gayatri's position as one of the India's top construction companies.

Thanking you,

Yours truly,

For **GAYATRI PROJECTS LIMITED**
