Operational Highlights

Mr. Sunil Lulla, Executive Vice Chairman & MD of Eros International Media Ltd. said,

“Fiscal 2016 clearly proved to be one of the best year for our films at the Box Office demonstrating the quality and robustness of our content green-lighting strategy, a strong competitive edge for Eros. This is possible as over the years, we have built scale and expertise with the help of an experienced management team which has constantly set new benchmarks in the industry. Continuing this momentum, we had an excellent start to FY17 with Sardaar Gabbar Singh in Telegu, ‘Ki & Ka’ in Hindi and 24 in Tamil delivering splendid performances and together with ‘Housefull 3’ scheduled to open next week, we are looking at a blockbuster first quarter.

We have a very exciting film slate for the upcoming quarters, which include films such as ‘Rock On 2’, ‘Dishoom’, ‘Baar Baar Deko’, ‘Shivaay’, Banjo, Singham 3 together with a diversified slate of other regional releases. On the whole, FY 2017 will be seeing an exciting movie repertoire of over 65 content-driven Eros films in Hindi and other regional languages, making it the biggest future slate by any studio in India. The slate would also be aided by compelling films from our franchise production arm, Trinity Pictures. To further demonstrate our portfolio and de-risking strategy, I am happy to announce that a substantial part of the above mentioned slate is already pre-sold for satellite rights with the major television networks.

I am happy to report that we ended the year with record revenues of Rs. 16,036mn and healthy profitability. Further, we generated Rs. 3,000 mn free cash flow in FY16 and strengthened our balance sheet by bringing about working capital efficiencies. We are confident that we will continue to maintain our market leadership position in the years to come.

- EIML will transfer the overseas rights including global digital media rights to Eros International Plc, or its subsidiaries at an amount equal to 40% of the Production Cost of each Film with an additional mark-up of 20%.
- So out of every Rs 100 invested in content, EIML or its subsidiaries will de-risk itself to the extent of Rs 48 as compared to the Rs 39 from the previous arrangement.
- Additionally, Eros India group will hold an equity stake of 10-15% of the global digital business structure. This will allow it to participate in the long term value creation of the ErosNow business, any future value enhancement, stake divestment, IPO etc.
- These arrangements are now board-approved and will go through regulatory and other compliances to be implemented.
