| II. | Audit Qualification (each audit qualification separately): | | | |
| (a) | a. Details of Audit Qualification: The auditors of a Subsidiary Company have, in their audit report, conveyed their inability to assess the recoverability of certain trade receivables amounting to Rs 1,04,44.69 Lacs. | | | |
| | b. Type of Audit Qualification : Qualified Opinion | | | |
| | c. Frequency of qualification : Appeared first time in March 31, 2016 | | | |
| | d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: Impact is not quantified by the auditor. | | | |
| | e. For Audit Qualification where impact is not quantified by the auditor: | | | |
| | (i) Management's estimation on the impact of audit qualification: Trade receivables consist of an amount of Rs 87,10.84 Lacs due by EVYA. The Company has commenced arbitration in the London Court of International Arbitration against EVYA to enforce its right and recover the amount due. The Company has already submitted the statement of claim and also applied for an interim award. For trade receivables amounting to Rs 13,65.29 lacs, legal action has been initiated against the parties to recover the outstanding amount. Trade receivables amounting to Rs 3,68.56 lacs are outstanding for less than 6 months as on balance sheet date and expected to be realized in due course. Management is confident of recovering above amounts and no provision is required in the books of account. Accordingly, there is no impact of audit qualification. | | | |
| | (ii) If management is unable to estimate the impact, reasons for the same: N.A. | | | |
| | (iii) Auditors' Comments on (i) or (ii) above: Since the matter is under litigation, we are unable to comment on the possible impact, if any, in financial statements of the Company. The Comment of the auditor of a Subsidiary Company also suggests that the impact of the qualification is not ascertainable. | | | |

| II. (b) | Audit Qualification (each audit qualification separately): |
| | a. Details of Audit Qualification: The auditors of a Subsidiary Company have conveyed their inability to determine whether any adjustment on account of impairment would be necessary in property plant and equipment amounting to Rs 19,85.77 lacs. |
| | b. Type of Audit Qualification : Qualified Opinion |
| | c. Frequency of qualification : Appeared first time in March 31, 2016 |
| | d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: Impact is not quantified by the auditor. |
| | e. For Audit Qualification(s) where the impact is not quantified by the auditor: (i) Management's estimation on the impact of audit qualification: Management has deferred the Construction of the vessels in view of the current uncertain market situation. Should the project not continue, the recoverability of the work-in progress is expected to be around Rs 13,23.55 lacs. In the current year, there would be more visibility on the project and management would then take a call on the course of action. However, notwithstanding recoverability of the work-in-progress, Management expects to take call on this during the current year as there would be more visibility on the future of this industry. Accordingly, no impairment loss needs to be recognized and there is no impact of audit qualification. (ii) If management is unable to estimate the impact, reasons for the same: N.A. (iii) Auditors' Comments on (i) or (ii) above: In the absence of any documentary evidence to determine recoverable value/market value, we are unable to comment on the possible impact, if any, in financial statements of the Company. The Comment of the auditor of a Subsidiary Company also suggests that the impact of the qualification is not ascertainable. |
