Bajaj, TVS spar over mileage claims, approach court

By Bureau
Pune, July 4

It is yet another chapter in the Bajaj Auto-CTV100B spars over their bigger share in the Indian two-wheeler market. Last time the two giants locked horns over patents. The two companies this time fight over fuel efficiency for their entry-level bikes.

The Bajaj Auto CT 100B has been pitted against the TVS moped model, TVS XL 100. TVS moved to the Madras High Court against advertisements made by Bajaj Auto dealers and alleged that false mileage claims were made

about their bikes. TVS has got a two-week injunction against Bajaj and its dealers advertising campaign that TVS claimed was disparaging its products and false. The court has restrained Bajaj from using these ads.

"TVS has taken offence to our advertisements by stating that it allegedly disparages their mopeds and has filed a Civil Suit in the Chennai High Court," Eric Vaz, president, motorcycle, Bajaj Auto said. The court has permitted Bajaj Auto to file their details in response to the advertisements and passed an interim order, temporarily restraining them from continuing with the advertisement for a

period of two weeks. "When the matter comes up, we will make our detail pleadings before the court in support of our advertisement. Those defending that the advertisement issued by us was neither disparaging or denigrating TVS's products or but

were merely a reflection of the customers' experience as disclosed to us," Vaz said. Bajaj Auto has said that given that CT100B was an entry-level motorcycle their target customers naturally included moped customers as well. The company claimed

that in the testing done in Indian Driving Cycle (IDC), CT100B saw a high fuel efficiency of 99 kmpl as compared to the TVSXL that has a fuel efficiency of 87 kmpl.

Based on customer feedback, the company deployed a sales promotion comparing TVS XL moped and CT100, in terms of the real life mileage numbers.

Bajaj Auto said that CT100B bikes helped company raise its market share in the entry segment in Tamil Nadu. The company claimed that CT100 has been a hit since its launch and Bajaj garnered a 35% national market share in the entry level motorcycle segment.

Cooling comfort to productivity by 12%: Study

By Bureau

Ahmedabad, July 4: Worker productivity can be enhanced up to 12% by increasing the level of cooling comfort at the workplace, suggesting a direct correlation of thermal comfort at the workplace and its effect on productivity of workers, said a study conducted by the country's premier B-school, IIM-A.

A study on "Heat Stress and its effect on Psychological Aspects of Workers in India" by IIM-A professors Dheeraj Sharma and Rajesh Chandwani suggests that there is a direct correlation of thermal comfort at the workplace and its effect on productivity of the workers. The research also highlights an urgent need for policymakers and concerned organisations to extend the scope of discourses on climate change and ambient temperature to include workers' concerns.

"Little attention has been devoted to the effect of increasing temperatures on worker productivity. Our study attempts to quantify the improvement in productivity that can be gained via establishment of cooling solutions at indoor workplaces," said Sharma.

Bajaj June sales slip on sliding exports

By Bureau

Pune, July 4: Bajaj Autos saw a 5% drop in the total motorcycle sales in June with exports continuing to slide. Total motorcycle and commercial vehicle (CV) sales fell 4% in June to 3.16 lakh units.

However, the company's total domestic motorcycle and CV sales were up 11% to 1.93 lakh units. Exports were not enough to compensate for a 21% fall in exports of 1.23 lakh units. The Bajaj stock fell 0.68% on the BSE to ₹2,690.85 on Monday after the June sales numbers were announced. The company is now banking on good monsoons to report better numbers in July and August 2016.

The company's domestic motorcycle sales in June went up 9% to 1.04 lakh units but exports fell by 21% to 1.04 lakh units. This led to total motorcycle sales falling by 5% to 2.75 lakh units. Similarly, in the commercial vehicle segment too, exports dropped by 30% to 18,579 units but CV sales in the domestic market was up 22% to 1,26,092 units.

Bajaj ended the first quarter of FY17 with a 2% fall in total sales to 9.94 lakh units compared to the 1.01 million unit sales it enjoyed in the same quarter in FY16.
