Limited Review Report

The Board of Directors
Energy Development Company Limited
1A, Elgin Road,
Kolkata 700 020

We have reviewed the accompanying statement of Unaudited Financial Results of Energy Development Company Limited ('the Company') for the quarter ended 30th June, 2016 ('the Statement'). This Statement which has been initialed by us for the purpose of identification only, is the responsibility of the Company's Management and has been approved by the Board of Directors in the meeting held on 14th August, 2016. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, we report that nothing has come to our attention that causes us to believe that the accompanying statements of Unaudited Financial Results prepared in accordance with the applicable Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

We draw attention to Note 6 of the accompanying results regarding investment of Rs. 5864.55 lacs as on 30th June, 2016 in subsidiaries which are involved in setting up hydel power plants at various locations. The Company has entered into agreements for disposal of 76% of the investments in these subsidiaries at cost to another strategic investor which are to be implemented by 30th September, 2016. Pending this, no diminution in value of these investments have been considered necessary by the management.

Our opinion is not modified in respect of this matter.
