Except Mr. Sharma, no other Director or Key Managerial personnel including their relatives is, in any way, concerned or interested, financially or otherwise, in the proposed Resolution except to their Shareholding, if any, in the Company.

#### Item No. 9

Pursuant to Clause 6(2) of the Articles of Association of the Company and pursuant to Section 197 of the Companies Act, 2013 ('Act') a Director of a Public Limited Company who is neither in whole time employment nor a Managing Director thereof may be paid remuneration by way of commission up to 1% of the net profits of

the Company as computed as per Section 198 of the Act, in any Financial Year if the Company by Special Resolution authorizes such

In view of the time and attention the Directors of the Company are called upon to give for the purpose of the Company's business, it is considered that the payment of such commission to the Directors should be made for a period of 5 (Five) years from 1st April, 2016 in accordance with the above mentioned Sections of the Act.

All of the Directors except Messrs. S. K. Poddar, Ramesh Maheshwari, D. H. Kela, Sandeep Fuller and A. K. Vijay are interested in the Resolution.

#### Item No. 10

The Company had recorded Profit before Tax and Profit after Tax for the year ended 31st March, 2016 at ₹ 2619 Lakhs and ₹ 2159 Lakhs respectively. The working results were impacted by inefficient resource utilization owing to inadequate Railway wagon orders, worsened by uneconomic wagon prices in unhealthy competition in the Industry. In light of the general gloominess in the industry, the earnings of the Company are inadequate for payment of remuneration to the Executive Directors in terms of approval by the Members of the Company, under the provisions of the Companies Act, 2013 ('Act').

Pursuant to the provisions of Section 197 read together with Schedule V of the Act, in respect of the payment of managerial remuneration in case of no profits or inadequacy of profits as calculated under Section 198 of the Act, the Company may pay such remuneration exceeding such limits as minimum remuneration with the Members' approval by way of a Special Resolution and subject to the approval of Central Government.

The Board therefore, recommends to the Members for approval of remuneration paid in excess of the limit as prescribed under the provisions of Companies Act, 2013 subject to the approval of the Central Government.

The Executive Directors are concerned or interested in the Resolutions to the extent of their respective remuneration and shareholding interest in the Company.

The relatives of the Executive Directors may be deemed to be concerned or interested in the Resolutions to the extent of their Shareholding, if any, in the Company.

Save and except the above, no other Director or Key Managerial Personnel including their relatives is, in any way, concerned or interested, financially or otherwise, in the proposed Resolution except to their Shareholding interest, if any, in the Company.

## CHAIRMAN'S **MESSAGE**

#### **National Vision**

The present government has been in office for two years, and our Prime Minister. Shri Narendra Modi, is pushing hard with wide-ranging plans reflecting a radical economic vision. There is an all round multi-pronged action on various fronts to push development schemes with innovative ideas. However, there is no magic wand, and it would need time and patience for notable progress.

In our federal structure, the policy making is inhibited when the State Governments, led by the Chief Ministers from strong regional opposition parties, make it their business politically to stymie the Centre's initiatives. The Government is, of course, trying to create better Centre-State policy alignment. The progress is also affected by slow decision making of the bureaucracy owing to risk-aversion and a play-safe attitude, lest their actions are called into question. There is yet another new phenomenon of proliferation of television channels which engage in sensationalism, and often choose to play the role of the prosecutor, judge and jury.

Despite strong leadership, therefore, if the pace of development and visibility on the ground are inducing certain cynicism, due allowance has to be made for the aforesaid factors. There is little one can do about the federal structure allowing India's plurality of expression and power in the largest democracy of the world with all our diversity. There is no escape from the powers falling easy prey to populism leading to sops to every important constituency - farmers, labourers and the poor.

#### **Economic Growth & Stability**

Now coming to the economic performance and outlook, there is mixed scenario and conflict of views among leading economists regarding achievements vis-a'-vis the promises to usher in 'achhe din'. A bleak global economic outlook and the resultant export contraction are challenges to the Indian economy. It bears mention here that the expansion happens to be unbalanced, and there are signs which point to slacks in parts of the economy. There call for a review of the fiscal policy and enhancement of public investment in select sectors to boost growth.

#### " The engine which drives Enterprise is not Thrift, but Profit .." – John M Keynes

Prime Minister, Shri Narendra Modi's various overseas visits across the globe have raised India's standing and stature in the world leading to increased visibility and credibility of our nation.

India still stands out as the fastest-growing economy in the world at 7.6% p.a. among emerging economies, as the fundamentals are strong compared to peers.

There is a continuing momentum of flows from FIIs and FDIs owing to favourable policy regime and robust business environment. India has overtaken China as the world's top FDI destination as a result of the Government's effort to improve ease of doing business and relax the FDI norms. However, there is no room for complacency, and we need to stay on the path of sound domestic policies and structural reforms.

We have a fair degree of macro stability but are not immune to every shock. A good monsoon as predicted will significantly relieve the inflationary pressures in the economy and pave the way for rural demand allowing RBI to lower interest rate.

#### Manufacturing & Rail Sectors

I must make a special mention of the continued sluggishness in the Manufacturing Sector which directly impacts your company. While there are swings in IIP index, there is serious concern about the continued decelerating graph of the Indian manufacturing production as below:

#### **India Manufacturing Production**

In the Rail Sector, as far as the orders for wagons and coaches are concerned, the Industry is severely impacted owing to delayed and poor orders, un-remunerative prices and resultant gross underutilisation of the capacity. Fortunately, for your company, the acquisition of Kalindee a couple of years ago and the most recent acquisition of Bright Power in Mumbai in the current year hold out good future prospects in view of large business opportunities in the fast expansion of the Dedicated Freight Corridors (West and East). Further, there is long term sustained business in the field of locomotives, for which the Ministry of Railways has placed the largest ever order on GE, US, and Alstom, France, which have recognised your company as an approved source of indigenous manufacture.

#### The People

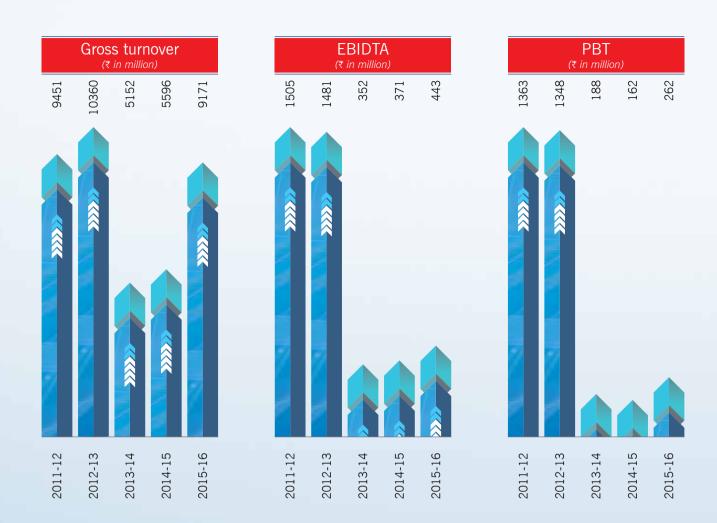

Last, but not the least, India embarked on big-bang economic reforms 25 years back in 1991. Undoubtedly, GDP growth has been much higher in the post-reform period. Ultimately, the impact thereof must be felt in alleviating poverty and inequality. India still has 300 million people below the poverty line. Therefore, the Government has to continue to pursue 2-fold strategy of achieving high economic growth besides taking direct measures thru' Social Protection Programmes. The digital revolution, which will make India the fastest growing internet economy with cashless transactions over the next seven years, will play a key role in improving the living standards of the people.

With the re-election of Ms. Mamata Banerjee as the Chief Minister of West Bengal, the State will witness higher growth both in agriculture and industry which will provide a better work environment for companies like ours.

### **EXECUTIVE VICE CHAIRMAN**

#### The Final Lap - Reminiscences

It is hard to find words to express the strong surge of emotions as I sum up a lifetime experience having been at the helm of Texmaco for over 5 decades. It was in my late 20s that I began my journey with the Company reporting directly to the Founder Chairman (late) Dr. K.K. Birla. I was indeed privileged to work closely with Dr. Birla from day one which did accelerate my elevation in top executive position as the President & CEO, Texmaco. The recognition also came thru' additional assignments in various capacities as Director and/or Adviser in most of the leading Group companies including Hindustan Times, Zuari Agro, and a seat on the Board of Governors of the prestigious educational Institution, BITS Pilani.

To be candid, I wonder as to what impressed Dr. Birla to afford me an opportunity as a green horn, which would be the dream of any youngster. Presumably, he looked for a mix of youth and intellect in a self-confident personable individual, who he could train and mould to fit his bill. I spared no efforts to vindicate his trust in a spirit of challenge to compensate for my inexperience.

I took over as the Executive Vice Chairman in January '10 (FY 09-10). Mr. Saroj Poddar, who was the Vice Chairman earlier, took the reins of the Company as Chairman on passing away of Dr. K.K. Birla in August 2008 (FY 08-09). It is time to pause and reflect over a tide of varied experiences going thru' some of the most formidable years of my tenure. The times, especially during Naxal movement in late 60s and early 70s, were intimidating with a defiant workforce of nearly 10000; personal risks were daunting and went beyond the call of duty. However, we made history at Texmaco in steering it successfully when virtually all other giant engineering and wagon building companies, such as Jessop, Braithwaite, BURN, Indian Standard Wagon etc. collapsed and were nationalized by the Govt. of India. Many other renowned foreign companies, to name some of them like GKW, Metal Box, Andrew Yule etc. met the same fate. It was Divine Blessing which instilled the grit and resolve in me to hold out against all odds and challenges.

The survival struggle brought the best out of me and helped to discover myself. Each crisis infused in me new energy and passion to deliver and never to guit the race. Experience taught me that the top man is not just a Manager; he has to be a Master Craftsman. As I trudged along, it was an uphill task, exasperating and menacing at times, but never weakening my will to lead in any situation. I, of course, had the comfort of the unwavering support of the Chairman and unflinching support of my team.

#### **Business Environment** The Challenge Beyond

Currently, while the business outlook is good under the dynamic lead of Prime Minister, Shri Narendra Modi, the pace of reforms is slow, beset with the compulsions of our Federal Polity. There are numerous problems thrown up owing to the bigotry approach weighed down by cast and communal considerations. Hopefully, with mature leadership and non-partisan politics, we will all learn to share a common goal of ushering in economic and social reforms to alleviate poverty and ignorance and lead the country to prosperity.

Texmaco, which has been the leading freight car maker over the decades, is presently faced with lean order book owing to poor off-take by Indian Railways. The Company has taken recourse to diversifying in the area of hi-tech unconventional wagons where it enjoys the position of pre-eminence. Besides, the Company has invested heavily in physical infrastructure and latest technology to establish its footprints in the field of coaches and locomotives. Notably, the Company has gone for new acquisitions to enter the field of track laying, signaling & telecom, overhead electrification etc. The latest joint ventures of the Company in Lease Finance and Rail Services are also coming up and will make a significant contribution to its revenues and earnings in due course.

Metaphorically, in the changed environment, we at Texmaco are busy painting a landscape under changing light conditions. Strategic thinking with an adaptive approach to emerging situation holds the key. We have to be alert and active and not wait for a shower of Manna from the Heaven

#### **Human Capital**

Texmaco today can be legitimately proud of the rich human asset which is not fully reflected in the Annual Report. With all modesty we may claim to outclass the peers in ranking in its appeal of a fraternal organization with human face. Texmaco is an enlarged family, and it cannot be gainsaid that it is an outstanding company in terms of its committed workforce, which has set an enviable track record of industrial peace and harmony, unparalleled and difficult to match.

I grew with the belief that you don't build business; you build People and the People build business. I have always valued socially inclusive work environment.

#### Core Values & Transformation Under **Adventz Brand**

The new brand under the leadership of our present Group Chairman, Mr. Saroj Poddar, embodies the organization's ideology guiding the individual and corporate behaviours, actions and decisions. We are all inspired by his ambitious vision and sincere belief in his 'Passion with Compassion' for growth. I quote him "Money builds the building, but the ambition builds the skyline."

### An Abiding Commitment 'Life is a journey, not a destination'

Over the years, I am totally embedded in Texmaco. I have kept running like a man possessed in face of all obstacles and bumps. There is no youth running away from me or ahead of me. The agenda is still unfinished. The new course has to be charted by the younger generation of aspirational minds with fresh perspective - ready to think, daring to act.

In eternal love with Texmaco - a living, breathing real entity.

Not just a place of work, a place to work.

I'h homen l

Balance Carried Forward	12,644.08	11,617.81
	13,776.81	12,749.88

During the year under review, the Company's overall performance was substantially impacted due to general sluggishness in the market, release of inadequate orders by Railways and that too at un-remunerative prices affecting the top and bottom line of the Company.

The Gross Turnover for the year stood at ₹ 9171 million, net of the value of free-supply inputs (including steel and components) of over ₹ 1642 million, provided to the Company by the Indian Railways and other clients for some large value contracts.

The Gross Profit (PBDT) and Profit Before Tax (PBT) for the year were at ₹ 387 million and ₹ 262 million respectively. The Net Profit was ₹ 216 million, after providing a net tax liability of ₹ 46 million for the year has been created in the Statement of Profit and Loss in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India.

#### Dividend

In view of lower profits, the Directors recommend payment of a dividend of 25% for the year ended 31st March, 2016.

#### THE MANAGEMENT DISCUSSION AND ANALYSIS

Wagon building has been the mainstay of Texmaco for decades. However, the vicissitudes of wagon Industry fortunes from erratic procurement planning of the Indian Railways is rendering the Industry highly vulnerable. Railways were identified as the key sector for the largest investment to build a world class rail network entailing a 5-year outlay of USD 140 billion. Ironically, the Wagon Industry, which had to play a lead role in modernizing and expanding the wagon fleet to haul the expected traffic from accelerated GDP growth rate, is in doldrums.

In absence of timely measures, the available infrastructure built with substantial investment by the Wagon Industry is grossly underutilized. Unfortunately, to add to the woes, the failure to review the freight policy, given the drop in fuel price, is luring away the freight business to road in preference to Rail.

The correction in future policy direction is anxiously awaited for which the Industry has been making representations at various levels in the Ministry of Railways.

#### **HEAVY ENGINEERING DIVISION**

#### A. Rolling Stock Division

#### a. Freight Car

There was an unprecedented development in respect of the Indian Railway Tender for 8509 wagons against FY 2015-16 RSP (Rolling Stock Programme). The budgetary provision was for 16800 wagons, but the actual procurement was virtually half thereof. In the resultant scramble for orders, the prices quoted by the certain wagon builders were grossly un-remunerative and unworkable, indeed predatory. The Industry, already smarting under losses owing to unviable prices, was in for a rude shock at the cut-throat competition and further precipitated fall in prices by new entrants in the Industry. Ultimately, the tender for FY 2015-16 had to be short-closed due to non-acceptance by majority of the wagon builders (including your Company) of the price counter-offered by the Railways.

Under the circumstances, the only order which the Company received from the Indian Railways during FY 2015-16 was for 765 BOXNHL wagons under the option clause in respect of an earlier contract dt. 29th April, 2014 for FY 2013-14, which was at old prices with margins under severe pressure. This adversely impacted the working of the Rolling Stock Division for the year.

In the non-IR segment during the year, the Company received orders for 751 wagons, valued ₹ 2087 million (ex-works).

The Indian Railways floated the next tender in January 2016 for 14777 wagons against FY 2016-17 RSP, which will be procured during the current year.

The Company executed during the year orders for 2679 wagons altogether, including non-IR wagons, valued ₹ 6266 million. This was a unique year, during which 14 different types of wagons were manufactured, comprising IR 4 types and Non-IR 10 types. It required development and prototype manufacture of 8 new design wagons, which included special wagons for transport of High Pressure Liquid Ammonia, Defence Equipment, Steel Coils, Automobiles, and Milk in SS Tanks.

#### b. Coaching

Your Directors are pleased to report that the first rake of EMU Coaches which was is in commercial service on Eastern Railway since 3rd February, 2015, is running successfully. Further, your Company has received a developmental order for manufacture of Under Frames for AC-3 Tier Coaches from Rail Coach Factory, Raebareli, which is under production at Sodepur Works. The Company continues to expect further orders for Coaches from the Indian Railways.

#### c. Locomotive Components / Assemblies

Your Company has diversified into manufacture of Electric Locomotive Shells and Sub-Assemblies and has been supplying Complete Shell Assembly, Centre Sills, Head Stocks, Roof Structures, and Underframe Assemblies to Chittaranjan Locomotive Works (CLW). In continuation, the Company has secured an order for supply of 33 nos. complete Shell Assembly with Pneumatic Piping & Painting, besides orders for Central Underframes, Side Sills, Roof Structures & Bolsters. These are under regular production and deliveries are in progress.

The Company has also received a developmental order for manufacture of Underframe Assembly for Twin Cab Diesel Locomotive from Diesel Locomotive Works (DLW), Varanasi, which is under production at Agarpara Works.

The Indian Railways had invited two largest ever tenders for their twin prestigious Locomotive projects for 800 Electric Locomotives at Madhepura and 1000 Diesel Locomotives at Marhaura, valued at around ₹ 400000 million. These were opened on 31st August, 2015 & 1st September, 2015 respectively, and have been awarded to Alstom & GE on 30th November, 2015. The Company is well poised and equipped to support both Alstom & GE in these projects for the fabrication of the loco shell underframe and bogie frame.

The much awaited tender for 200 Electric Locomotives for the Western DFCC, under JICA credit for which there was only a single bid by a consortium led by Kawasaki, Japan, was opened on 30th June, 2015. The same is yet to be decided. The fabrication of locomotive shells and bogie frames for the indigenous supply thereof is proposed to be done by your Company.

The above projects will establish your Company as a premier supplier of Locomotive Assemblies and Sub-Assemblies in the coming years.

#### **JOINT VENTURES**

#### i. Touax Texmaco Railcar Leasing Private Limited

In the Rail Budget 2016, some very progressive moves have been initiated to promote leasing by introduction of new wagon types. The Budget has opened up leasing for general purpose wagons practically for most of the commodities excepting a few, such as coal for carriage by containers. It has also addressed the key demand of certain operators for entering into long term freight contracts which will be conducive to good business for cargo movement. Reconstruction of major auto hub near Chennai to promote movement of cars by rail and establishment of a Rail Tariff Authority to regulate freight are some of the other welcome features of the Budget.

The JV company has secured orders for about 300 wagons during the year of which 250 wagons have been delivered to various users on a medium to long term operating lease basis. This yields a revenue stream of around ₹ 110 million per annum. Though there has been a bit of downturn in the Country's Exim Trade affecting the container train operations, the prospects of domestic trade are expected to brighten, particularly with new businesses emerging in the field of fly ash, auto, steel and cement

industries. Further, the expected 7.6% growth in the economy will fuel the traditional logistics growth at an exciting rate.

To support further investment and growth, the JV company plans to borrow limits for which it is in negotiation with some of the leading Banks.

#### ii. Wabtec Texmaco Rail Private Limited

Wabtec Texmaco Rail Private Limited, a JV company between Texmaco Rail & Engineering Limited and Wabtec Corporation, USA, was incorporated July. 2015, to cater to Indian Freight and Friction products market. The JV company commenced sales of its High Capacity Draft Gears and High Performance Brake Blocks in March, 2016, after obtaining requisite licences and registrations. The JV company is making rapid strides in gaining confidence of the Indian wagon industry for supply of Draft Gears and has won orders for its High Performance Composite Brake Blocks from Sri Lanka Railways & Bangladesh Railway. The JV company aims at becoming the market leader in its range of products comprising AAR approved Draft Gears, Bogie Mounted Brake Systems, Composite Brake Blocks, Friction Wedge, etc.

#### **SUBSIDIARY COMPANIES**

#### i. Texmaco Hi-tech Private Limited

The Joint Venture (JV) with UGL Rail Services Ltd. (UGL), Australia, comprising a State-of-the-Art manufacturing facility, has become a wholly owned subsidiary of Texmaco Rail & Engineering Limited ("Texmaco") w.e.f 1st October, 2015, consequent on acquisition of the entire shareholding of UGL by Texmaco. As reported in the previous year, the business projected by UGL, Australia, did not materialize, and there was little prospect of improvement in the near future. In such a grim scenario, UGL expressed the desire to exit the joint venture, and the entire shareholding of UGL was accordingly taken over by Texmaco. The unit has been renamed as Texmaco Hi-tech Private Limited. Its operations are now being planned and managed by Texmaco, and there is a sustained effort to expand the customer base and the range of products. There is already a flow of orders

from some global companies like GE Transportation, Harsco and renowned indigenous customers like IR, ZF, etc. It is hoped that the capacity available in the unit will be profitably utilized for high precision components, such as, bogies etc. for locomotives and coaches with substantial demand potential.

#### ii. Kalindee Rail Nirman (Engineers) Limited

Kalindee Rail Nirman (Engineers) Limited ("Kalindee") became a subsidiary of the Company with effect from 31st August, 2015, with majority of the Directors on the Board of Kalindee being the nominees of your Company. The merger scheme of Kalindee with Texmaco has been approved by the Hon'ble High Court, Calcutta vide its order dated 26th February, 2016. The approval of the Hon'ble High Court, Delhi, where the Kalindee's Registered Office is located, is still awaited.

Kalindee with its proven credentials in the field of Signaling and Telecom supported a consortium comprising, Mitsui and Hitachi, Japan, along with Texmaco to bag the largest Signaling and Telecom contract in Western Dedicated Freight Corridor (DFC), and the work on the same would start during the current year.

Kalindee is currently focused on closing all the old legacy contracts and concentrating on the more challenging and lucrative new projects where the Company has begun participating aggressively.

Further, with a view to expand the customer base, there has been a shift in the Kalindee's strategy during the year for diversifying increasingly into DFC and Metro Rail projects. This will help to de-risk the overall business configuration of Kalindee going forward.

With foray in high-tech projects, Kalindee has built a team of technical and experienced professionals who can effectively contribute in the Company's goal of high growth with sustainability.

#### iii. Bright Power Projects (India) Private Limited

During the year, your Company acquired a majority

stake (55%) in Bright Power Projects (India) Private Limited ('Bright Power'), a company pioneer in the domain of Rail infrastructure, specialising in the field of Overhead Electrification ('OHE') of Railway systems. Bright Power has become a subsidiary of the Company w.e.f. 4th January, 2016. It offers a complete Package in the field of Design, Supply, Construction & Installation for Railway Electrification and installation of Transformers and Substations mainly for the Railways. Bright Power has been doing reasonably well in its field for the past 30 years. With the technical and commercial support of your Company, Bright Power has clocked improved performance in the year 2015-16 with a turnover of ₹ 1013 million and an EBIDTA of ₹150 million. This acquisition would further expand Texmaco's footprints as a 'Total Rail Solution Provider' Company.

#### B. Hydro Mechanical Egpt.

The turnover of the Division during the year was ₹357 million. It was well below the expectations, primarily due to Force Majeure situations, affecting execution of the major contracts. In the case of a prestigious large value contract for Upper Tamakoshi HE Project in Nepal, there was a major disruption on account of a disastrous earthquake which hit global news. The situation was further aggravated by India-Nepal border blockade due to political agitation within Nepal. However, since early 2016, the blockade has been lifted enabling movement of WIP & Finished Inventory. The pace of job execution has gained momentum in other projects also. There have been improvement in realizations of outstanding dues as also settlement of some of the claims and closure of old contracts.

After completion of refurbishment / replacement of contract in two projects during the year, the Division has been successful in winning another tender for refurbishment in Farakka Barrage. Refurbishment / replacement and Health Study of old hydro / barrage equipments have opened up new business opportunities and the Division is receiving good response.

The Division has a comfortable workload to the tune of ₹ 3600 million in hand and is expected to display improved performance in future. Further, there is rich business potential

in HM equipment & Penstock Liner which may materialize during the current year, as the Company is well entrenched after successfully meeting the PQ requirements in large value tenders funded by renowned national / international funding agencies for prestigious projects.

#### C. Bridge & other Steel Structures

The new Bridge & Structurals Division of the Company at its Panihati Works is now fully operational. Against the order of around 9000 MT of Bridge Structure for supply to Bangladesh and Srilanka, the Company completed fabrication of more than 4100 MT till March 2016 and has commenced the erection work of individual segments of 102 Mtr. span each on the Bhairab river having a span of almost 1 KM.

On completion of erection of this unique project in Bangladesh, the Company expects to establish its credentials in the field of fabrication and erection of critical bridges both for Dedicated Freight Corridor in India and for Bridges abroad.

#### STEEL FOUNDRY DIVISION

Despite the continuing depressed off-take of Indian Railway during 2015-16, in face of sluggish demand of Rolling Stock, the overall performance of your Foundry has improved compared to the previous year. The production and dispatch during the year were 17353 MT & 17433 MT against 12193 MT and 13184 MT during the previous year, an increase of 42% and 32% respectively. The turnover of the Foundry surged by about 35% and stood at ₹ 2163 million. The Foundry maintained its status as the leading supplier of Railway Castings, both in bogie & coupler, with a market share of around 31%.

On the export front, your Directors are pleased to inform that Railway castings developed for North American market have successfully passed both static & dynamic tests conducted at AAR laboratory in USA. With this significant achievement, the export of Railway castings to North American market has started since October, 2015, and the Foundry has executed record export orders worth ₹ 286 million compared to ₹ 153 million during the previous year. Besides, some more castings for different design of Railway bogie as well as some

new parts for mining operations have been developed. This has opened a new market of Railway castings in South America along with expanded volume of mining castings all over the world.

Your Directors would further like to inform that the Foundry has developed castings as per RDSO design of 25T axle load bogie, which after successful field trial, will be the high axle load indigenous bogie for TOMORROW, to be run on Indian track. The Foundry is also in the process of developing Wabtec design new High capacity Draft Gear as a replacement of the Draft Gear being imported currently.

The Foundry has been continuously striving to improve its capability and product quality and as a step forward in this direction, it has installed an imported Core Shooter Equipment which is under commissioning.

With the diminishing demand of Railway casting coupled with surplus manufacturing capacity, the prices of Indian Railway castings have registered steep decline. Consequently, your Foundry is in the process of re-organizing to increase the export quantum from the present level of 13% to 30% of its capacity in next 15/18 months.

#### **EXPORTS**

During the year, the Company executed export orders worth ₹ 488 million comprising of Steel Castings, Rolling Stock and Hydro Mechanical Equipment to USA, Australia, Nepal and Africa.

The Company, during the year also exported Steel Bridge Girders to Bangladesh through AFCON-IRCON JV as an indirect export. The value of deemed export made by the Company during the

year was ₹ 283 million. The Company is constantly endeavouring to develop new markets, especially in Middle East and Africa

#### **R&D ACTIVITIES**

# A. Steel Foundry Division

R&D activities of Steel Foundry Division are focused on development of new products and improving the existing processes in order to upgrade the quality and reduce the cost of the product.

Some of the projects undertaken are:

#### **Products Developed**

#### (a) Bogie Castings for export

Railway Bogie Castings with improved properties for South American market for broad gauge (1676 mm) application have been successfully developed and approved by the concerned authority and are under despatch.

#### (b) Export Castings for Mining application

New design castings with very critical dimensions and special grade of wear resistant material were developed to impart higher impact toughness & hardness and thereby imparting higher service life for ground excavating equipment.

New Processes developed / modified

- Development of a Self Core System for Yoke Castings This process reduces the cost of production significantly.
   It also improves the quality and service life of the product.
- ii. An Informatics-based Approach to reduce the Grain Size of Hadfield Cast Steel–The Research Team in the Foundry has successfully developed and designed the process to get fine grain size resulting in better mechanical properties. This has been recognized and published in The Institution of Engineers (India) 2015 Journal.
- iii. Development of a New Etchant for Austenitic Manganese Steel – A new process of etching the High Manganese Steel Castings has been developed. The work has been recognised and published in Advanced Research Journal, 2015.
- iv. Reduction of weight of casting by applying the latest computer simulation programmes, modeling of the

process and using accurate CNC make metallic tooling. This significantly reduces the time for prototype development and also increases the consistency over the dimensions.

#### **B.** Heavy Engineering Division

#### 1. Rolling Stock

- i. A new type of wagon "BDDAC", which is a double deck auto car carrying wagon, has been developed (with technical support from a renowned European firm) and the prototype manufacture is underway. Certain specially designed mechanism components for lifting and positioning the upper deck as ramp are under advance stage of manufacture. Sixty one (61) critical components for the same including imported Gear Box, Coupling, Spindle mechanism and a special Pressed Section (9.3M long) are already available. After trials, this wagon will prove its superiority over the existing type for faster loading and unloading of cars and the locking of cars in position.
- ii. The Company has also designed and developed a Double Deck Container carrying flat wagon (Bogie Flat Container Wagon) with the technical support of M/s. UGL, Australia. After submission of design, RDSO have also conducted the fatigue analysis, and as mandated, the required modifications have been incorporated. The clearance for prototype manufacture has been obtained and the manufacture will start shortly.

## 2. Hydro-mechanical

The Hydro-mechanical Division has successfully designed and developed an arrangement through which the thrust of the radial gate is transferred to the side piers by incorporating plain spherical bearings of stainless steel instead of conventional and expensive self-lubricating bronze bushes between the trunnion and arm housing. The outer part of the spherical bearing is fixed to the bearing housing in the arm, and the inner part is fixed to the extended portion (cantilever) of the trunnion pin, which in turn is fitted to the specially designed load bearing structural frame. The frame fitted with adequate number of anchor bolts will be embedded in the concrete pier, thus enabling the load transfer.

The new design has been successfully implemented in 4 nos. Hydraulic Radial Gates for silt flushing, after approval by the project consultant, "JV Norconsultant AS-Lahmeyer International GmbH".

#### **IT SERVICES**

With installation of Oracle R12 System, the entire business operations including Procurement, Inventory, Production, Sales and Finance are integrated in ERP Application with successful completion of ERP phase-2 project. The department is now working to sort out the integration gaps and streamline the business process through adopting best practices of ERP to upgrade effectiveness to it's application.

The internet bandwidth is further increased to ensure improved online connectivity with growing users. To combat cyber threat necessary measures have been introduced for arranging a secured environment.

#### **HUMAN RELATIONS**

The Human Relations contribute to the harmony in work place and promote healthy industrial relations. Through Human Relations, your Company has become not only a 'place of work' but essentially a 'Place to work'.

Your Company believes that proactive & innovative Teamwork plays a pivotal role in attaining the corporate objectives of delivering quality products on time.

Human Resource remains one of the key assets of the Company. Accordingly, various initiatives and policies have been taken to ensure a balance between business needs and individual aspirations. There is a focus on ensuring best practices in people policies to improve the Quality of Life of 'the people' through enriching their knowledge base. There are programmes round the year for Learning and Development to manage skill redundancy.

The Company relies on empowerment of the employees to work with professional camaraderie bonded with ability to deliver to the optimum level.

#### **OPPORTUNITIES & THREATS**

The last couple of years have been guite challenging for Texmaco. The traditional comfort of assured wagon orders from

the Indian Railways on yearly basis has ebbed. The margins are under pressure due to intense competition and surplus capacity in the Wagon Industry. The hope of better days for the wagon industry with the formation of the new government has been elusive so far.

International developments like uncontrolled terrorist activities in the neighborhood and the West and middle-East Asia, have their inevitable fallout on the business environment. Mercifully, the damage appears to be contained and will have limited impact on business.

Challenging times inevitably throw up new opportunities. In-spite of hiccups, the Indian economy is expected to grow at a faster rate for the next few years. Inflation is moderate; fiscal deficit is under control (thanks to worldwide slump in crude), and there is a professed commitment of the GOI to usher in more reforms. Globally, there is a general sense of optimism in the future of the Indian economy. Major initiatives like "Make in India" and the drive on Infrastructural Development have already started rolling, and it is for the corporates to seize the emerging opportunities. Notably, the GOI plans in respect of the DFC and metros have huge business potential for Texmaco and its subsidiaries.

The professionalism and legitimacy exhibited by your Company's management and the infrastructural / technological superiority vis-à-vis peers has led multinationals to seek the Company's support in their multibillion dollar projects awarded by the Indian Railways. While it may take time to reap the financial benefits of such partnership, the resulting total transformation in the work culture and the image worldwide will put the Company in a different league altogether.

#### CORPORATE SOCIAL RESPONSIBILITY

The Company is actively engaged in social well-being and upliftment by pursuing various CSR initiatives in the fields of Education, Health, Environment and Women Empowerment.

To make a significant difference in this regard, through Texmaco Neighbourhood Welfare Society, the Company has added another important milestone by setting up a Health Hub which includes "Texmaco Arogyam Physio Centre", surrounded by green environs at the Texmaco Estate premises. The mission is to alleviate pain, restore health and build physical fitness with the aid of a team of skilled and experienced Physiotherapists. The Centre is well-equipped with the requisite technologically advanced equipment and supported by a modern Gym in cheerful and pleasant ambiance. The Yoga Centre adds to the attraction of the Hub.

Your Company lays special emphasis on extending support for higher education and employability enhancement program for the underprivileged sections of the society. There is also a drive to promote Sports amongst youth in the local area.

The corporate philosophy is of working together for common good, and your Company's employees are encouraged to volunteer their time and resource to experience the joy of giving back to the society.

The Company is in the process of tie-up with various associations / organisations / trust for pursuing the CSR activities. The process of identifying meaningful activities is time consuming and the Company could not spend a part of the prescribed amount in the financial year 2015-16.

#### **GREEN INITIATIVES**

## **Independent Auditors' Report**

To

The Members of

Texmaco Rail & Engineering Limited

#### Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **TEXMACO RAIL & ENGINEERING LIMITED** ("the Company"), which comprise the Balance Sheet as at 31 March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

# Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2016, and its Profit and its cash flows for the year ended on that date.

#### Report on other Legal and Regulatory Requirements

- As required by the Companies( Auditor's Report) Order, 2016 ("the order") issued by the Central Government of India in terms of Subsection (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 in the order.
- 2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (C) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

- (e) On the basis of the written representations received from the directors as on 31 March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the Internal Financial Controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - The Company has disclosed the impact of pending litigations on its financial position in its financial

- statements Refer note 2.26 (b), (d to f) of the financial statements.
- The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.

## ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF TEXMACO RAIL & ENGINEERING LIMITED

Report on the Internal Financial Controls under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act") We have audited the Internal Financial Controls over financial reporting of TEXMACO RAIL & ENGINEERING LIMITED ("the Company") as of March 31, 2016 in conjunction with our audit of

the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

<sup>(3)</sup> Previous year's figures are regrouped/rearranged wherever necessary.

#### 1. ACCOUNTING POLICIES

#### **Basis of Accounting**

The Financial Statements of Texmaco Rail & Engineering Limited (TexRail or the Company) have been prepared and presented under the historical cost convention and on the accrual basis expect for certain Fixed Assets, which are revalued in accordance with Generally Accepted Accounting Principles (GAAP) in India. GAAP comprises Accounting Standards notified by the Central Government of India under section 133 of the Companies Act, 2013, other pronouncements of Institute of Chartered Accountants of India, the provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India.

#### **Fixed Assets**

Fixed Assets are carried at the cost of acquisition or construction less accumulated depreciation except certain Revalued Assets which are stated on the basis of their revalued costs less accumulated depreciation. Intangible Assets are recorded at the consideration paid for acquisition less accumulated amortization. The cost of Fixed Assets includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective Assets. Borrowing costs directly attributable to acquisition or construction of those fixed Assets which necessarily take a substantial period of time to get ready for their intended use are capitalized.

The Company assesses at each balance sheet date whether there is any indication that an Asset may have been impaired. If any such indication exists, the Company estimates the recoverable amount of the Asset. If such recoverable amount of the Asset or the recoverable amount of the cash generating unit to which the Asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the Asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

#### Depreciation

#### **Tangible Fixed Assets**

Depreciation on revalued Assets is calculated on their respective revalued amounts and is computed on the basis of remaining useful life as estimated by the valuer on straight line method. On other Assets, depreciation has been provided on straight line method generally in accordance with the life of the respective assets as prescribed in Schedule II of the Companies Act, 2013 except certain assets for which useful life of assets has been ascertained based on report of technical experts. The difference between depreciation on revalued amount of fixed assets and its corresponding amount of original fixed assets is being transferred from Revaluation Reserve to General Reserve.

#### Intangible Fixed Assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, intangible assets are carried at its cost less any accumulated amortization and any accumulated impairment loss. Intangible assets are amortized on Straight Line Basis over a period of 6 years.

#### Investments

Investments are either classified as current or non-current based on management's intention at the time of purchase. Current Investment are stated at lower of cost and fair value.

Non-current Investments are considered "at Cost" on individual investment basis, unless there is a decline other than temporary in value thereof, in which case adequate provision is made against such diminution in the value of investments. The reduction in the carrying amount is reversed when there is a rise in the value of the investment or if the reason for the reduction is no longer exist

#### Revenue Recognition

Sales revenue is recognized on transfer of the significant risks and rewards of ownership of the goods to the buyer and stated at net of Sales Tax, Service Tax, VAT, trade discounts, rebates but include excise duty. Income from services is recognized as the services are rendered based on agreement/arrangement with the concerned parties. Dividend income on investments is accounted for when the right to receive the payment is established. Interest income is recognized on time proportion basis. Export incentives, certain insurance, railway

and other claims, where quantum of accruals cannot be ascertained with reasonable certainty, are accounted on acceptance basis. Capital Gain on investments are accounted at the time of encashment.

#### **Employee Benefits**

(1) The Company's contribution to provident fund, employees' state insurance scheme and super-annuation fund are charged on accrual basis to Statement of Profit & Loss

#### (2) Leave:

Leave liability is accounted for based on actuarial valuation at the end of year.

#### (3) Gratuity:

The Company has an approved Gratuity Fund for its Heavy Engineering Division and Steel Foundry Division which has taken a Group Gratuity Cash Accumulation Scheme Policy with Life Insurance Corporation of India (LIC) for future payment of gratuity to the employees. Year-end accrued liabilities on account of gratuity payable to employees are provided on the basis of actuarial valuation. The Company accounts for gratuity liability equivalent to the premium amount payable to LIC every year, which together with the annual contribution in subsequent years would be sufficient to cover the gratuity liability as and when it accrues for payment.

#### Cenvat Duty, Custom Duty & Cenvat Credit

Cenvat Credit availed on Raw materials, Stores and Capital Goods are reduced from the cost of the Respective Goods. Cenvat Duty payable on finished goods lying in factory is provided for and included in Closing Stock of Inventory.

#### Research and Development

Research and Development expenditures of revenue nature are charged to Statement of Profit & Loss, while capital expenditure is added to the cost of fixed assets in the year in which these are incurred.

#### Valuation of Inventories

Inventories are valued at the lower of cost and net realizable value. In the case of manufactured goods, costs are calculated at direct material cost, conversion and other costs incurred to bring the goods to their respective present location and condition. For other inventory, cost is computed on weighted average basis.

#### **Foreign Currency Transactions**

Foreign Currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary Assets and Liabilities in foreign currency existing at balance sheet date translated at the exchange rate prevailing on that date. All exchange differences are recognized in Statement of Profit & Loss except in case of long term liabilities, where they relate to acquisition of Fixed Assets in which case they are adjusted to the carrying cost of such assets. Premium or discount on forward exchange contract is amortised as expense or income over the life of the contract.

#### **Contingent Liabilities**

Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts.

#### **Provisions**

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

#### Use of Estimates

The preparation of the Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of Assets and Liabilities and disclosure of contingent Liabilities on the date of the Financial Statements and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Difference between the actual result and the estimates are recognized in the period in which the results are known/ materialized.

#### **Borrowing Cost**

Interest on borrowings directly attributable to the acquisition, construction or production of qualifying assets is being capitalised till the date of commercial use of the qualifying assets. Other interests on borrowings are recognised as an expense in the period in which they are incurred.

#### Segment Reporting

- a) Based on the organisational structures and its Financial Reporting System, the Company has classified its operation into two business segments namely Heavy Engineering Division and Steel Foundry Division
- b) Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses which are related to the enterprise as a whole and are not allocable to segments on a reasonable basis have been included under un-allocable expenses.
- c) Capital Employed to each segment is classified on the basis of allocable assets minus allocable liabilities identifiable to each segment on reasonable basis.

#### **Taxation**

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred tax is calculated at current statutory Income Tax Rate and is recognised on timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets, subject to consideration of prudence, are recognised and carried forward only to the extent that there is reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred Tax assets/ liabilities are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable/ virtually certain to be realized.

#### **Employee Stock Option Scheme**

In respect of Stock options granted pursuant to the Company's Employees Stock Option Schemes 2014, the intrinsic value of the options (excess of Market Price of the share over the exercise price of the option) is treated as discount and accounted as deferred employee's compensation cost over the vesting period.

#### **Government Grant**

Grants from the government are recognized when there is a reasonable assurance that the grant will be received and all attaching conditions will be complied with. Revenue grants/subsidies are recognized in the Statement of Profit & Loss. Capital grants relating to specific fixed assets are reduced from the gross value of the respective fixed assets. Other Capital Grants are credited to Reserve & Surplus under the head Central/State Capital Subsidy of the Company.

#### **Earning Per Share**

Earnings per share is calculated by dividing the net profit/ loss for the period attributable to equity shares holders by the weighted average number of equity shares outstanding during the period.

#### Cash Flow Statement

Cash Flow are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company are segregated.

		(i) Risk-free interest rate 8.01%
		(ii) Expected life 25 months
		(iii) Expected volatility 26.39%
		(iv) Expected dividends 10%
		(v) The price of underlying shares in market at the time of Option grant ₹ 97/-
15	Methodology for determination of expected volatility.	The volatility used in the Black Scholes Option Pricing model is the annualized standard deviation of the continuously compounded rates of return on the stock over a period of time. The period considered for the working is commensurate with the expected life of the Options and is based on the daily volatility of the Company's stock price on NSE. The Company has incorporated the early exercise of Options by calculating expected life on past exercise behavior. There are no market conditions attached to the grant and vest.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated

financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us in respect of the group, and the audit evidence obtained by the other auditors in terms of their report referred to in other matters paragraphs below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its jointly controlled entities as at 31st March, 2016, and their consolidated profit for the year ended on that date.

### Other Matters

- (a) We did not audit the financial statements of three subsidiaries and two jointly controlled entities whose financial statements referred the Group's share of total assets of ₹ 76,240.90 Lakhs as at 31st March 2016 and the groups share of total revenue of ₹ 24,812.31 Lakhs for the year ended on that date as considered in the financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosure included in respect of the subsidiary and jointly controlled entities is solely on the reports of the other auditors.
- (b) Our opinion on the consolidated financial statements, and our report on other legal and Regulatory requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements.

### **Emphasis of matter**

In one subsidiary, the Statutory Auditor has drawn attention regarding treatment of provision for doubtful debts of ₹ 5477.21 Lakhs by withdrawn from balance of Profit & Loss of earlier years based on an expert opinion obtained by the Company for which no specific treatment is prescribed in the Accounting Standards and in the Companies Act, 2013. Their opinion is not qualified in respect of this matter.

### Report on other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other Auditors.
  - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2016 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary companies and its jointly controlled entities, none of the directors of the Group companies and its jointly controlled entities is disqualified as on 31st March, 2016

from being appointed as a director in terms of Section 164 (2) of the Act.

- With respect to the adequacy of the internal financial control over financial reporting and the operating effectiveness of such control, refer to our Report in Annexure 'A' which is based on the auditor's reports of the Holding Company. subsidiary companies and its jointly controlled entities, incorporated in India.
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its jointly controlled entities in accordance with the generally accepted accounting practice - also refer Note 2.28(b), (c to f) to the consolidated financial statements.
  - The Group, its jointly controlled entities did not have any material foreseeable losses on long-term contracts including derivative contracts.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies and jointly controlled entities, incorporated in India.

### ANNEXURE - A TO INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 (f) of the Independent Auditor's Report of even date to the members of Texmaco Rail & Engineering Limited of the Consolidated financial statements for the year ended 31st March 2016.

Report on the Internal Financial Controls under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act") We have audited the Internal Financial Controls over financial reporting of TEXMACO RAIL & ENGINEERING LIMITED (herein after referred to as "The Holding Company"), its subsidiary companies & its jointly controlled companies as of March 31, 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Board of Director's of the Holding Company, its subsidiary companies & its jointly controlled companies which are Company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the

Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors of the subsidiary companies & its jointly controlled companies which are companies incorporated in India, in terms of their report referred to in other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Holding Company, its subsidiary companies & its jointly controlled companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### 1. ACCOUNTING POLICIES

### **Basis of Accounting**

The Financial Statements have been prepared and presented under the historical cost convention and on the accrual basis except for certain Fixed Assets, which are revalued in accordance with Generally Accepted Accounting Principles (GAAP) in India. GAAP comprises Accounting Standards notified by the Central Government of India under section 133 of the Companies Act, 2013, other pronouncements of Institute of Chartered Accountants of India, the provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India.

### **Fixed Assets**

Fixed Assets are carried at the cost of acquisition or construction less accumulated depreciation except certain Revalued Assets which are stated on the basis of their revalued costs less accumulated depreciation. Intangible Assets are recorded at the consideration paid for acquisition less accumulated amortization. The cost of Fixed Assets includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective Assets. Borrowing costs directly attributable to acquisition or construction of those fixed Assets which necessarily take a substantial period of time to get ready for their intended use are capitalized.

The Company assesses at each balance sheet date whether there is any indication that an Asset may have been impaired. If any such indication exists, the Company estimates the recoverable amount of the Asset. If such recoverable amount of the Asset or the recoverable amount of the cash generating unit to which the Asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the Asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

### Depreciation

### Tangible Fixed Assets

Depreciation on revalued Assets is calculated on their respective revalued amounts and is computed on the basis of remaining useful life as estimated by the valuer on straight line method. On other Assets, depreciation has been provided on straight line method generally in accordance with the life of the respective assets as prescribed in Schedule II of the Companies Act, 2013 except certain assets for which useful life of assets has been ascertained based on report of technical experts. The difference between depreciation on revalued amount of fixed assets and its corresponding amount of original fixed assets is being transferred from Revaluation Reserve to General Reserve.

### Intangible Fixed Assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, intangible assets are carried at its cost less any accumulated amortization and any accumulated impairment loss. Intangible assets are amortized on Straight Line Basis over its useful life.

### Investments

Investments are either classified as current or non-current based on management's intention at the time of purchase. Current Investment are stated at lower of cost and fair value.

Non-current Investments are considered "at Cost" on individual investment basis, unless there is a decline other than temporary in value thereof, in which case adequate provision is made against such diminution in the value of investments. The reduction in the carrying amount is reversed when there is a rise in the value of the investment or if the reason for the reduction is no longer exist

### Revenue Recognition

Sales revenue is recognized on transfer of the significant risks and rewards of ownership of the goods to the buyer and stated at net of Sales Tax, Service Tax, VAT, trade discounts, rebates but include excise duty. Income from services is recognized as the services are rendered based on agreement/arrangement with the concerned parties. Dividend income on investments is accounted for when the right

to receive the payment is established. Interest income is recognized on time proportion basis. Export incentives, certain insurance, railway and other claims, where quantum of accruals cannot be ascertained with reasonable certainty, are accounted on acceptance basis. Capital Gain on investments are accounted at the time of encashment.

### Leases

### Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss.

### Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss. Costs, including depreciation are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

### **Employee Benefits**

(1) The Company's contribution to provident fund, employees' state insurance scheme and super-annuation fund are charged on accrual basis to Statement of Profit & Loss

### (2) Leave

Leave liability is accounted for based on actuarial valuation at the end of year.

### (3) Gratuity:

The Group's liabilities under Payment of Gratuity Act, long-term compensated absences and pension are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method except for short-term compensated absences which are provided for based on estimates. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government bonds where the terms of the Government bonds are consistent with the estimated terms of the defined benefit obligation.

### Cenvat Duty, Custom Duty & Cenvat Credit

Cenvat Credit availed on Raw materials, Stores and Capital Goods are reduced from the cost of the Respective Goods. Cenvat Duty payable on finished goods lying in factory is provided for and included in Closing Stock of Inventory.

### Research and Development

Research and Development expenditures of revenue nature are charged to Profit & Loss Account, while capital expenditure is added to the cost of fixed assets in the year in which these are incurred.

### Valuation of Inventories

Inventories are valued at the lower of cost and net realizable value. In the case of manufactured goods, costs are calculated at direct material cost, conversion and other costs incurred to bring the goods to their respective present location and condition. For other inventory, cost is computed on weighted average basis.

### **Foreign Currency Transactions**

Foreign Currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary Assets and Liabilities in foreign currency existing at balance sheet date translated at the exchange rate prevailing on that date. All exchange differences are recognized in Statement of Profit & Loss except in case of long term liabilities, where they relate to acquisition of Fixed Assets in which case they are adjusted to the carrying cost of such assets. Premium or discount on forward exchange contract is amortised as expense or income over the life of the contract. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency

are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. Forward exchange contracts taken for highly probable/forecast transactions, which are not covered by Accounting Standard 11, are marked to market in accordance with the principles under AS 30 "Financial Instruments: Recognition and Measurement".

### **Contingent Liabilities**

Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts.

### **Provisions**

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

### **Use of Estimates**

The preparation of the Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of Assets and Liabilities and disclosure of contingent Liabilities on the date of the Financial Statements and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Difference between the actual result and the estimates are recognized in the period in which the results are known/ materialized.

### **Borrowing Cost**

Interest on borrowings directly attributable to the acquisition, construction or production of qualifying assets is being capitalised till the date of commercial use of the qualifying assets. Other interests on borrowings are recognised as an expense in the period in which they are incurred.

### Segment Reporting

- a) Based on the organisational structures and its Financial Reporting System, the Company has classified its operation into three business segments namely Heavy Engineering Division, Steel Foundry Division and EPC segments.
- b) Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses which are related to the enterprise as a whole and are not allocable to segments on a reasonable basis have been included under un-allocable expenses.
- c) Capital Employed to each segment is classified on the basis of allocable assets minus allocable liabilities identifiable to each segment on reasonable basis

### **Taxation**

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred tax is calculated at current statutory Income Tax Rate and is recognised on timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets, subject to consideration of prudence, are recognised and carried forward only to the extent that there is reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred Tax assets/ liabilities are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable/ virtually certain to be realized.

### **Employee Stock Option Scheme**

In respect of Stock options granted pursuant to the Company's Employees Stock Option Schemes 2014, the intrinsic value of the options (excess of Market Price of the share over the exercise price of the option) is treated as discount and accounted as deferred employee's compensation cost over the vesting period.

### **Government Grant**

Grants from the government are recognized when there is a reasonable assurance that the grant will be received and all attaching conditions will be complied with. Revenue grants/subsidies are recognized in the Statement of Profit & Loss. Capital grants relating to specific fixed assets are reduced from the gross value of the respective fixed assets. Other Capital Grants are credited to Reserve & Surplus under the head Central/State Capital Subsidy of the Company.

### **Earning Per Share**

Earnings per share is calculated by dividing the net profit/ loss for the period attributable to equity shares holders by the weighted average number of equity shares outstanding during the period.

### Cash Flow Statement

Cash Flow are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company are segregated.
