**(viii) Mr. Janak Mathuradas**

Advised that Company to consider holding the AGM earlier somewhere in July.

Enquired about the dividend policy of the Company.

Suggested to change the name of the Company representing the business line of the Company.

After the question session was over the Chairman responded to the Shareholders queries as follows:

He thanked the shareholders for raising the valuable questions.

The Company enjoys 10% of the domestic market share of foundry chemicals industry. Indian foundry chemicals industry is more or less stagnant for quite some time due to which the Company's top line also remains in a limited band.

The major turnover of the company is contributed by high volume low margin products, it is now planned to focus on high margin products and increase their turnover. The Company is putting up a coating manufacturing plant at Tarapur and will be introducing new product line. The CAPEX for the financial year 2016-17 has almost doubled which is likely to give better results in time to come.

The Company is increasing the R & D capabilities, head counts have been added in the R&D. The un functional Reay road vegetable oil plant was scrapped, however the Company continues to use the oil storage Tank farm facility. The registered and corporate office is located at Reay road and in future the place is likely to be put to optimum use.

Company's free hold properties are located at Reay road Mumbai, KIDB industrial area Bangalore, village Vadavli & Mohane, Kalyan. Lease hold properties are located at Reay road Mumbai, MIDC Tarapur and MIDC Aurangabad.

The impact of GST is being worked out. The new ERP system under implementation will further strengthen over all Control and information system. It will help in enhancing the operational efficiency. Contingent liability of Rs.11 crore is on account of the difference between the rent demanded by BPT for Reay Road Leasehold land and the rent paid by the Company based on the formula given by the Supreme Court. The Company filed a writ petition in the High court of Mumbai against this demand.

The increase in the bad debts is on account of change in the debtors provisioning policy made in the F.Y.2015-16. The Aurangabad land matter is under consideration for appropriate action. As regards Shareholders visit to factory, the company would consider the suggestions of the shareholders.

Before concluding, the Chairman thanked the Shareholders for their presence and their Co-operation, which enabled him to conduct the meeting smoothly.

The Board of Directors joined the Chairman in placing on record their appreciation to the Shareholders for their continued support and confidence.

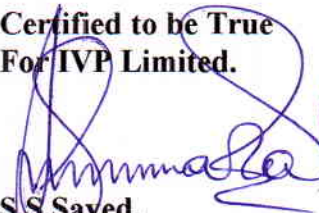

The Directors appreciated the commitment and dedication displayed by employees at all levels.

The Chairman also thanked the Company's customers for having confidence in the Company and for extending their co-operation and support.

**The meeting was terminated with a vote of thanks to the chair.**
