Speaking on the occasion Chef Sanjeev Kapoor said *“I have been associated with LT Foods long before I started working with their brand Daawat. One of the main factors for this long association has been LT Food’s commitment to not only supply extremely good quality products which we can use to highlight our recipes, but also their strong commitment to the chef community and working with them in delivering solutions that are relevant to the chefs. I was happy to note how LT Foods is working similarly in the U.S and across the globe to spread basmati which I believe is one of the finest rice grains. I was delighted to share the secret of biryani cooking with Chef JJ and through him into the U.S.”*

On his unique trip to India, Chef JJ said *“I am in love with India! I just can't get enough of its*
