being future-ready. It is now putting a blueprint in place that will see it introduce new brands and venture into adjacencies faster than before in consumer goods.

ITC's non-cigarette FMCG business, for the record, has already crossed the ₹10,000-crore revenue milestone in financial year 2016-17. In the June quarter, this business reported a nine per cent growth in revenue despite destocking of products by trade in the run-up to GST. September quarter results are yet to be declared.

Sivakumar said it will get into branded fresh vegetables.

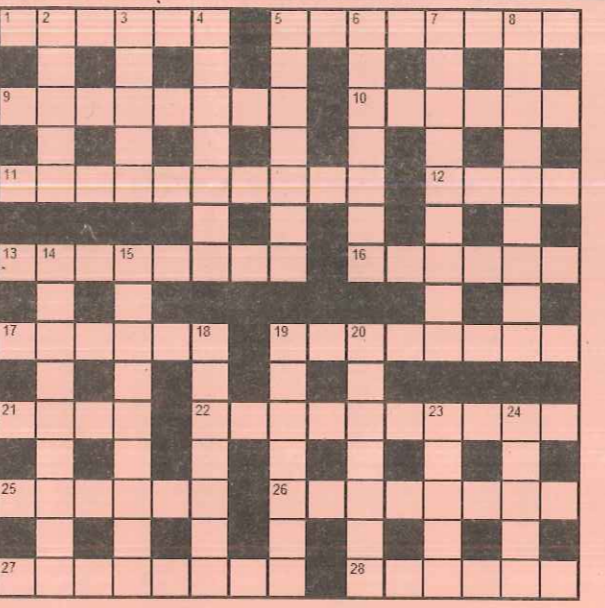

The move comes as ITC looks to tap into the growing demand for fresh produce mainly among urban consumers. Sivakumar says that ITC will leverage its agri-back-end, which allows it to source the best produce from farmers across the country.

To begin with the launch, says Sivakumar, will include branded fresh potato and onions. Sources say this may be extended to other categories including fruits, milk and meat.

Fama currently enjoys 17.8 per cent share in the domestic shower gel market, coming in second after Nivea, which holds a fifth of the market, according to Nielsen data sourced from the industry.

Engage too is the second-largest player in deodorants – behind Fogg – with 10.7 per cent share. Its soap brand Vivel holds 5.6 per cent share, while Savlon, which it acquired from Johnson & Johnson two years ago, holds 5.8 per cent share of the handwash market, as per Nielsen data sourced ahead with the roll-out plan. Also, premium offerings help improve margins, besides increasing penetration in urban areas, a segment personal care majors prefer targeting. Nielsen data shows that Engage has been doing well in urban centres such as Kolkata (18.4 per cent market share), Mumbai (16.5 per cent), Bengaluru (16.1 per cent) and Hyderabad (15.2 per cent). As competitive intensity grows, ITC is also planning ahead quickly. The die has been cast for now.
