## SPML Infra Received Construction Times Award 2017 for Best Executed Technology used for Water Management Project

Kolkata, October 9, 2017

SPML Infra Limited received Construction Times Award 2017 for Integrated Management Information System (IMIS) under the category of Best Executed Technology used for Water Management Project. The award was given during a ceremony held in Mumbai on 7<sup>th</sup> October, 2017 and was presented by Mr. Shyam Raj Prasad, GST and Excise Commissioner of Mumbai in the presence of Prof. M. N. Sreehari, Advisor to Government of Karnataka for Traffic, Transportation & Infrastructure. The jury members comprising of eminent people have selected the winners from over two hundred nominations. Apart from SPML Infra, other companies received the awards are L&T Construction, Tata Projects, Reliance Industries, JSW Steel, Escorts, GVK Group and Welspun etc.

SPML has indigenously developed Integrated Management Information System (IMIS), designed as per Indian conditions for smart management of water utilities. It is highly scalable and capable of handling the Metering, Billing, CRM, Network Analysis, Demand Forecasting & Management, Asset and Inventory Management, HR and Finance Management, Business Intelligence, and Operation & Maintenance of the entire network. After implementing this system, the **water loss has been considerably reduced** and **revenue increased significantly** with **better consumer services in water utilities in Delhi and Karnataka.**

**Mr. Subhash Sethi, Chairman, SPML Infra** commented about this award, *“We are excited to receive this award for our in-house developed integrated management information system for efficient water supply and distribution management in India. Our IT team has done a tremendous job in development and successful implementation of this system in water utilities with measurable results. In going forward with Smart and AMRUT Cities development, the IMIS will be immensely helpful for water utilities to reduce water losses (Non-revenue water), improve consumer services, keeping track of all assets and increase revenue. We are confident that this system will receive greater acceptance by the municipalities and other water utility bodies to make their system technology enabled and efficient.”*

About SPML Infra Ltd.:

SPML Infra is a leading infrastructure development company of India. With over three decades of experience, it has executed more than 600 projects and created significant value for our country that have touched the lives of millions of people; be it provision of drinking water, improved sewerage facilities, better municipal waste management, building roads and highways and lighting up homes. SPML has established its leadership in urban infrastructure development on EPC, PPP and BOOT basis.
