# Yamuna Expressway authority seeks Boiler exploded even as protection cancellation of two Jaypee land leases

**SURBHI PRASAD** New Delhi, November 3

THE YAMUNA EXPRESSWAY In-

dustrial Development Authority (YEIDA) has urged the state government to cancel the lease of two land parcels of Jaypee Group, senior officials at the authority said. YEIDA wants to sell the land in a bid to recover its dues and would also use the proceeds to refund the money of homebuyers of five scrapped projects of the debt-ridden realtor, they said. Jaypee group owes over ₹4,300 crore to YEIDA.

"We have urged UP government and have sought their approval to take over the land from Jaypee and sell it to recover our dues and we will also refund

The authority wants to sell the land in a bid to recover its dues and would also use the proceeds to refund the money of homebuyers of five scrapped projects, said officials

money to the homebuyers who have invested in the projects which have been scrapped," a senior official at the authority said. As many as 3,365 buyers have invested in five projects of Jaypee group in the YEIDA area — Budh Circuit-01, Budh Circuit-02, Nature View, Yamuna Vihar and Udaan.

Dispute resolved, work on

Vizhinjam port to resume

In August, the authority had assured the homebuyers that their money would soon be refunded. They had promised that homebuyers of five scrapped projects of Jaypee Infratech in its area will get a refund "at any

"We will cancel the Jaypee Group's lease, liquidate assets, recover the money and pay it back to them if the realtor fails to pay the first instalment of the refund by October end," a senior official at the authority had said

Under an agreement with the builder, the first instalment of the refund was to be given to homebuyers in October 2017, the second in February 2018, the third in May 2018 and the final

in July 2018, officials said. "Jaypee Group has not paid the homebuyers by October. They have also not paid to the YEIDA inspite of repeated notices," the official said.

One piece of land is 500 hectares of land for development (LFD), which was released to the company as part of the concessionaire agreement for developing the 165-km Yamuna expressway. The other piece of land is related to a 1,000-hectare special development zone (SDZ), which is located in three pockets for constructing residential units. According to the officials, in the SDZ scheme, the company owes it around ₹1,450 crore, while in the LFD scheme, the dues amount to ₹2,880 crore.

The rise in spot prices, as well as electricity volumes traded, is in line with the trend in the recent past

# mechanism worked: NTPC

**FE BUREAU** New Delhi, November 3

**NTPC HAS FORMED** a commit-

tee to find out the reason behind the explosion in a boiler at its Unchahar power plant unit, which has led to the death of 32 people till now. Gurdeep Singh, chairman and managing director, NTPC, told reporters in New Delhi on Friday that the committee, headed by SK Roy, executive director, operations, will probe the incident and submit a report in a month. The committee would try to figure out how the incidence took place, even as the safety mechanism was working as planned. Personnel from BHEL—the company which designed, manufactured and commissioned the power plant have reached the site to review the situation.

NTPC runs 46 such units, the majority of which have been constructed by BHEL, without any major complain.

Singh said that while workers were trying to poke and remove the ash accumulated at the bottom of the boiler, it was observed that the pressure inside had gone up. The protection mechanism made the system trip after the pressure rose beyond a certain threshold inside the boiler, as per the design. The question now at hand is — how did the pressure continue to rise and open up the economiser section? The economiser unit uses the excess heat of the flue gases inside the boiler to heat the water, rePersonnel from BHEL, the company which designed, manufactured and commissioned the power plant, have reached the site to

Opening up of the economiser led to the release of extremely hot air, gas and ash content in the surrounding area, leading to fatalities and injuries.

ducing the energy requirement.

review the situation

Casualties increased because people working in the vicinity were blinded by the ash that came out of the economiser. The economiser unit needs to be replaced completely while NTPC hopes that the remaining parts of the 500-MW unit can be repaired.

Discussions are being carried on with BHEL on how soon normalcy can be restored in the unit. Though it is difficult to predict a precise timeline, the company said that it hopes the span would be three to six months. When asked about the potential effect of the incidence on NTPC's finances, Singh said that "it is too early to determine the total cost incurred". Refuting allegations that the boiler was put in production in a hurry, Singh said that the commercial operation date (COD) was actually delayed by three months to September to ascertain that all checks and verification were diligently completed. He added that NTPC regularly conducts regional operations performance review to make sure all operational safety standards at all its plants

Apart from NTPC employees various other leftover works such as cleaning, painting and cladding of insulators were being carried out by BHEL sub-contractors on that fateful day.

are up to the mark.

# Oct spot market electricity rates rise 66%

**FE BUREAU** New Delhi, November 3

**SPOT PRICES OF** electricity at

the Indian Energy Exchange (IEX) increased by 66% annually in October with average market clearing price recorded at ₹4.08 per unit. Trade volumes went up by about 13% to 4,079 million units in the month, the exchange said. The average daily market clearing price varied from ₹2.82 per unit to ₹5.62 through the

Spot power prices of electricity traded in IEX hovered in the

**FE BUREAU** 

November 3

Thiruvananthapuram,

₹5-5.45-per-unit range during

the week of Diwali. The rise in spot prices, as well as electricity volumes traded, is in line with the trend in the recent past when state-owned power distribution companies were buying more power from the short-term market in the wake of shortage of electricity generation from wind, hydro and nuclear units.

# Indians working abroad get EPFO coverage PRESS TRUST OF INDIA

New Delhi, November 3

INDIANS WORKING ABROAD can now exempt themselves from their host country's social security scheme and get covered by retirement fund body EPFO, central provident fund commissioner (CPFC) VP Joy said on Friday.

An online facility to avail the benefit has been made functional, he said at a national seminar on 'Fraud Risk Management-The New Initiatives'

The scheme allows Indian employees the option of not being part of their host country's social security scheme and saves employers from double social security contributions

in New Delhi.

The scheme allows Indian employees the option of not be-

ing part of their host country's social security scheme and saves employers from double social security contributions. The Employees' Provident Fund Organisation, which manages the money in employees provident fund accounts, has entered into an agreement with 18 countries.

"We have made the whole process employee friendly. Employees going abroad to work can get a certificate of coverage (CoC) They can apply for the CoC online and can get it too," he said.

## initiatives by the Kerala government, the protesting fishermen have agreed to call off the protests which led to construction activities slowing down considerably.

A FORTNIGHT OF protests over

a rehabitilation package that

had stalled the progress of the

first phase of Adani Group's

₹7,525-crore Vizhinjam sea-

port came to a halt on Friday.

Following dispute-redressal

The Vizhinjam port site is about 10 miles southwest of Thiruvananthapuram. It is roughly 175 nautical miles from Sri Lanka's Colombo Port

"The state government has assured that the compensation claims for those displaced from their dwellings due to the port project will be settled before November 30,"Thiruvananthapuram district collector K Vasuki, who led the talks, said.

The Vizhinjam port site is about 10 miles southwest of Thiruvananthapuram. It is

from Sri Lanka's Colombo Port, which currently enjoys the lion's share of Indian transshipment cargo. Stoppage of work had cost Adani Ports and Special Economic Zone (APSEZ) \$1.2 million per day. APSEZ, which is part of Ahmedabadbased Adani Group, has made a contractual commitment to complete the Phase I of the project within 1,000 days of the commencement of work. More than one-third of the time had lapsed, making any kind of delay expensive for the promoters.

The protesters have demanded hike in compensation and have expressed concerns about the piling activity at the construction site that is creating disruption of the lives of the local residents.

"These demands will be discussed at the ministerial level and a decision will be conveyed at the earliest," Vasuki has as-

"After the talks, we are fairly satisfied with the results, says A Vincent, MLA representing Kovalam constituency, who was the spokesperson for the protesting local communities.

## জিএসটি চালু হওয়ার পরে অক্টোবরে বস্ত্রশিল্পে অগ্রগতির হার বৃদ্ধি পেয়েছে

**য়াদিল্লি, ৩ নভেম্বর** : জিএসটি চালু হওয়ার পর থেকে অনেক শিল্পই আশা নিরাসার দোলায় দুলছে প্রত্যেকটি উৎপাদন ক্ষেত্রের উপরে পরিষেবা কর বদ্ধি পাওয়ায় নিট বাজার দর কী দাঁড়াবে তা নিয়ে বিভিন্ন ক্ষেত্রে প্রশ্ন দেখা দিয়েছে বেশ কয়েকটি স্বেচ্ছাসেবী সংগঠন সমীক্ষা চালায়। বিশেষ করে বস্ত্র শিল্পের উপরে অত্যন্ত গুরুত্বপূর্ণ ছিল। কারণ এই শিল্পের সঙ্গে বছ মানুষ যুক্ত রয়েছেন, তাঁদের জীবন জীবিকা এর উপরেই নির্ভরশীল। দেখা গেছে সেপ্টেম্বর মাসের

শেষে মোট অগ্রগতির হার ৫১.২ শতাংশ বদ্ধি পেয়েছে। গত বছরের তুলনায় চলতি বছরে বৃদ্ধি অনেকটাই বেশি। জিএসটি চালু হওয়ার পর থেকে বাজারে সুতি বস্ত্রের দাম কিছুটা হলেও হ্রাস পেয়েছে বলে মনে করা হচ্ছে ব্যবসায়িক ক্ষেত্রে এর প্রভাবও পড়েছে। একটা মহল থেকে বলা হয়েছিল, জিএসটি চালু হওয়ার ফলে বস্ত্রশিল্পের ক্ষতি হবে। কিন্তু যতটা
