Dear Sir/ Madam,

Sub: Investor Update

Pursuant to the relevant provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed herewith the Investor Update pertaining to Q2FY18 results.

Please take the same on record.

Thanking You.

For **BLUE STAR LIMITED**

Vijay Devadiga
Company Secretary

Blue Star Limited

Q2FY18 - Investor Update

GST roll out from Jul 1, 2017 had a profound impact on business operations across all our segments. We have explained impact of this transition in the relevant segment result discussion section. Prior to GST going live, revenue for previous periods included excise duty and other applicable input taxes. Comparable revenue and EBIDTA % in this update have been computed by adjusting excise duty and other applicable input taxes from the revenue of respective previous periods, on a like-to-like basis. There is no impact of this on the profit before tax and profit after tax figures.

I. FINANCIAL HIGHLIGHTS FOR Q2FY18

Following are comparable financial highlights of the Company for the quarter ended September 30, 2017 on a consolidated basis:

- Revenue from Operations for Q2 FY18 was Rs 835.71 Cr, which reduced marginally as compared to Rs 847.84 Cr in Q2 FY17.
- EBIDTA (excluding other income and finance income) for Q2FY18 was Rs 45.91 Cr as compared to Rs 40.19 Cr in Q2FY17, a growth of 14%. EBIDTA as a percentage of Revenue increased to 5.5% in Q2 FY18 from 4.7% in Q2FY17.
- Profit before Tax was Rs 28.78 Cr in Q2 FY18 as compared to Rs 26.66 Cr in Q2FY17, a growth of 8%.
- Tax expense for Q2FY18 was Rs 8.42 Cr as compared to Rs 7.34 Cr in Q2FY17. Effective tax rate for Q2FY18 was 29% as compared to 28% for Q2FY17
- Consequently, consolidated net profit for Q2FY18 increased to Rs 20.78 Cr from Rs 20.01 Cr in Q2FY17, a growth of 4%.
- Carry-forward order book as at Sep 30, 2017 increased by 15% to Rs. 2120 Cr as compared to Rs. 1840 Cr as at Sep 30, 2016.
- On a standalone basis, Blue Star had net borrowing of Rs 252 Cr as on Sep 30, 2017 as compared with Rs 263 Cr as on Sep 30, 2016
- Net borrowings for our wholly owned subsidiary, Blue Star Engineering & Electronics Limited decreased to Rs 45 Cr as on Sep 30, 2017 from Rs 56 Cr as on Sep 30, 2016.
- Consolidated capital employed increased marginally to Rs 757 Cr as on Sep 30, 2017 from Rs 705 Cr as on Sep 30, 2016.

II. BUSINESS HIGHLIGHTS FOR Q2FY18

Segment I: Electro-Mechanical Projects & Packaged Air Conditioning Systems

Unfulfilled customer orders in this segment needed to be individually realigned under the GST tax structure. This turned out to be a slow and arduous process and consequently led to a slowdown in project execution and therefore billing. Segment I comparable revenue was Rs 501.82 Cr in Q2FY18 as

against Rs 538.67 Cr in Q2FY17. The segment results grew to Rs 38.30 Cr (7.63%) in Q2FY18 from Rs 28.56 Cr (5.30%) in Q2FY17. Closure of certain projects having higher profitability particularly in Q2FY18 resulted in better margin realization. Order inflow in Q2FY18 was Rs 582 Cr as compared to Rs 560 Cr in Q2FY17, a growth of 4%.

1. Electro-Mechanical Projects business

Overall, the market demand slowed down in Q2 due to business and operational uncertainty post introduction of GST and sluggish demand from private investments as corporates continued to adopt a 'wait & watch' approach. Spending was largely driven by Government in various infrastructure projects like metro and healthcare. Our sales prospects base remained static with a drop in the office segment and some growth in the residential space mostly for fire, ventilation, electrical & plumbing services. New order booking from heavy industrial & factory segments continued to be muted.

Select large value investments from Government and a few corporates are going the super bundled route through general contractors. Further, customer preference for single vendor for multi services is gradually on the rise. Our share of mechanical, electrical and plumbing systems in building and industrial projects continues to be higher than the industry.

The strategy to focus selectively on profitable and healthier cash flow projects has started to show result. Blue Star continues to invest in smart systems and technology in line with its value proposition of superior project delivery through intelligent engineering, modern execution practices and committed teams. Blue Star maintained its dominant leadership position in the electro mechanical space in India. Some major orders won during Q2FY18 included Cube Constructions, DLF Cyber park, Sintex Corporate office, Ford, Deloitte, Smitha Hospital and MRF

2. Central and Packaged Air Conditioning Systems business

Overall market for the Central Plant equipment business also experienced a slowdown in Q2 due to the implementation of GST. Billing cycle got delayed due to lack of sufficient clarity on interpretation of new GST rules. Bookings, however, showed some signs of recovery in the month of September.

In spite of the slow down reported in this quarter, VRF product range continued to record good growth rates. The 5th generation VRFs and the new configured series chillers have gained very good acceptance in the market. There is also a good momentum among the dealers for the sales of our inverter ducted systems. Major orders booked during the quarter were JSW Cement, Samhi Hotel, Theni Anantham Silks, NTPC, Jindal India and Greenply Industries.

3. International Business

Blue Star continued its focus on expanding its product export business. Healthy order inflow continued for water coolers, room air conditioners and other applied products such as VRF, AHU &

chillers from various distributors and OEM customers. However, strengthening of Rupee against the US dollar in Q2 impacted export billing.

Blue Star conducted a number of distributor and consultant interactions as part of confidence building measures and also participated in number of exhibitions across Srilanka, Qatar, Iran and Maldives. Blue Star's stall in the 'SIVAR Expo' in Sri Lanka was adjudged best stall by the exhibitors. As reported earlier, our export business has presence in 19 international markets and we are currently focused on deepening the penetration in these markets. On the economic outlook, emerging markets of the Gulf Cooperation Council (GCC) countries and Africa remained under pressure. The ongoing sanctions on Qatar by GCC countries have impacted both order inflow and cash flows.

Blue Star continues its journey to strengthen its brand in select international markets. Blue Star has an aggressive plan to selectively and profitably grow its international business and overall business outlook remain positive.

Segment II: Unitary Products

Towards the middle of Q1 this year, dealers and distributors had started to destock their inventory in anticipation of GST migration. In addition, post GST going live, business supply chain had to undertake a short shut down during the month of Jul in order to revalue the stock of unsold finished goods to establish transition credits under GST.

Comparable revenue for this segment was Rs 294.38 Cr in Q2FY18 as against Rs 262.83 Cr in Q2FY17, a growth of 12%. Segment results reduced to Rs 15.66 Cr (5.32%) in Q2FY18 as compared with Rs 19.79 Cr (7.53%) in Q2FY17. Drop in segment result is due to higher commodity prices and planned investments in our new product categories such as water purifiers, air purifiers and air coolers.

1. Room Air Conditioner business

As explained above, overall the Room Air Conditioner business remained subdued in Q2, primarily due to GST transition. The secondary movement and restocking has commenced from September onwards. Consequently during Q2, our room AC business grew by 5% in value terms in line with the market growth.

Our market share remained steady at 11.0% in Q2FY18 as compared with same period last year. The Company continued to perform better in the high energy efficient products such as 5 star and inverter ACs. With growing volumes in tier 3/4/5 markets, more customers prefer availing consumer finance schemes.

2. Commercial Refrigeration business

The over-all market for Commercial Refrigeration products also experienced a slow down due to GST implementation. In spite of the GST impact, Blue Star grew faster than the industry during Q2FY18. The growth was seen across all product lines. The quarter was good for Deep Freezers, Bottled

water dispensers and Modular Cold rooms. Modular Cold Room business saw an increased traction with major contribution from dairy, ice cream and food processing segment. Our new lines of business 'Kitchen Refrigeration' and 'Medical Refrigeration' witnessed good acceptance in the market with increase in secondary sales.

Blue Star continued to strengthen its product offerings catering to the needs of constantly growing Dairy, Ice cream and Food processing segment and also continued to be a dominant player in the Commercial Refrigeration space.

3. Water Purifier business

Our Water Purifier business continued the growth momentum in Q2FY18. The products have been well received in the market and overall the business outlook remain positive. While the industry grew in line with the expectation, price realization continued to be under stress due to disruptive pricing strategies used by few large market players. Blue Star Water Purifiers are now available in 110 towns with over 450 channel partners and 1700 retail points. Plans are on anvil to increase the distribution network further in FY18. The entire service delivery process was made IT and app-enabled and is now fully supported by a call centre. Investments in brand building continued with advertisement campaigns across various TV, print and digital channels, the campaign received great visibility. We expect segment results to be impacted by 120-150 bps for the current financial year, due to investments in this product category primarily in distribution, R&D and brand building.

Segment III: Professional Electronics and Industrial Systems

Segment III revenue declined by 15% in Q2FY18 to Rs 39.51 Cr from Rs 46.34 Cr in Q2FY17. Segment result degrew to Rs 2.85 Cr (7.21%) in Q2FY18 as compared with Rs 8.08 Cr (17.44%) during the same period last year. Revenue in Q2 was lower due to continued softness in industrial capex and general uncertainties arising from GST migration. Margins in this segment were impacted by lower demand coupled with lower realization due to sluggish market conditions. Plans are on the anvil to rejig and renew the product portfolio in order to improve profitability and at the same time, the demand is expected to revive in the last quarter of the current financial year.

During the quarter, large orders were received from Karnataka Institute of Medical Science, Institute of Nephro Urology, Reliance Jio, Axis Bank, Ordinance Factory, Jindal Steel, Hindustan Aeronautics Limited and GB Springs.

III. BUSINESS OUTLOOK

Over the long term, we anticipate a positive impact of GST transition for the Company and industry. The procedural transition of GST for Blue Star was in line with our plans. Our billing and procurement activities reinitiated in the GST environment with minimal downtime. However, the markets that we serve have not yet fully stabilized and regained momentum. While Q3 is expected to be better in

terms of market potential, we anticipate some impact to continue during Q3 as well. Once the external environment stabilizes, the Company is confident of regaining its growth momentum.

The Company intends to continue to make investments in manufacturing, marketing, brand building, product development as well as human resources in the next few quarters in order to capitalize on the imminent growth opportunities.

NOTES:

- The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on October 31, 2017 and have been subjected to limited review by the Statutory Auditors who have issued an unqualified report.
- According to the requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, revenue from operations for the quarter and half year ended September 30, 2016, quarter ended June 30, 2017 and year ended March 31, 2017 was reported inclusive of excise duty and other input taxes. Goods and Services Tax ("GST") was implemented with effect from July 1, 2017, which replaced excise duty and other input taxes. As per Ind AS 18, revenue from operations for the quarter ended September 30, 2017 is reported net of GST. Therefore, revenue from operations for the current periods are not comparable with the corresponding earlier periods. Comparable revenue from operations (mentioned in note 3) has been computed by adjusting excise duty and other input taxes from the revenue from operations of respective previous periods, on a like-to-like basis.
- Comparable revenue from operations (refer note 2) for the reported periods :

	b) Diluted	1.87	4.88	1.77	6.75	7.30	11.68

NOTES:

- The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on October 31, 2017 and have been subjected to limited review by the Statutory Auditors who have issued an unqualified report.
- According to the requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, revenue from operations for the quarter and half year ended September 30, 2016, quarter ended June 30, 2017 and year ended March 31, 2017 was reported inclusive of excise duty and other input taxes. Goods and Services Tax ("GST") was implemented with effect from July 1, 2017, which replaced excise duty and other input taxes. As per Ind AS 18, revenue from operations for the quarter ended September 30, 2017 is reported net of GST. Therefore, revenue from operations for the current periods are not comparable with the corresponding earlier periods. Comparable revenue from operations (mentioned in note 3) has been computed by adjusting excise duty and other input taxes from the revenue from operations of respective previous periods, on a like-to-like basis.
- Comparable revenue from operations (refer note 2) for the reported periods :
