Mall developer Virtuosity Retail South Asia raises ₹1,143 crore

PRESS TRUST OF INDIA
New Delhi, November 16

foundingshareholders,APG Asset Management.

SHOPPING MALL DEVELOPER Virtuosity Retail South Asia on Thursday said it has raised \$175 million (around ₹1,143 crore) of additional equity from one of its

Virtuosity Retail South Asia (VRSA) is a joint venture between Dutch pension fund asset manager APG Asset Management (APG) and Virtuosity Retail (VR), sponsored by emerging markets

investment firm The Xander Group (Xander).

The equity investment will augment the existing investment capacity of the company and position it for future growth, the company said in a statement. "With all our existing centres

trading, our focus will be on new greenfield projects and selective acquisitions which meet our location and quality parameters," VRSA chairman and founder of The Xander Group Sid Yoger said. VRSA executive MD and chief investment officer Rohit George

said the additional equity will help to significantly add to its dominant portfolio of highly-visible shopping centres, integrated with extensive and unique man-

agement capability built by us over a decade. Its portfolio comprises 5.5 million square feet across four centres in Bengaluru, Surat, Chandigarh and Chennai.

Toyota, Andhra ink MoU for feasibility study on EVs

FE BUREAU
Hyderabad, November 16

AUTOMOBILE MANUFACTURER TOYOTA Kirloskar Motor and the Andhra Pradesh government have signed a memorandum of understanding (MoU) to start a feasibility study towards introduction of Prius PHEV and small EV Commuter into AP government's smart city project in Amaravati. This is the first instance where the company has signed an MoU for a feasibility study on introduction of electric vehicles.

The MoU aims to work together to curb pollution by ensuring a smooth introduction of plug-in hybrid and electric vehicles in the state, Nara Lokesh, state minister for information technology, panchayati raj and rural development, said in a statement.

This is in line with Toyota Environment Challenge 2050 to achieve zero CO2 emissions. Toyota believes that electrification of vehicles is required globally to reduce CO2 emissions.

"We are confident that this will help us move one step forward in realising our aim to establish an electric vehicle ecosystem in the state. The Andhra Pradesh government is keen to be the hub for the electric vehicle ecosystem and is working on bringing an electric vehicle-specific policy as well as setting up the required charging infrastructure," he said.

Chief minister N Chandrababu Naidu has already asked Energy Efficiency Services (EESL) to allocate 5,000 EVs that would be procured as part of the second tender that will be issued shortly. At the outset, 10 units of two kinds of vehicles will be given to the state government free of cost.

Toyota has been a pioneer in the electric vehicle space with launching Prius, the first mass produced electric car, 20 years ago. In 2017, Toyota's cumulative sales of electrified units reached 11 million units. Toyota believes that PHEV plug-in hybrid is the solution considering the charging infrastructure currently available in the country.

"We would like to acknowledge the support and cooperation extended by the government of Andhra Pradesh in executing the feasibility study on introduction of Toyota's electrified vehicles Prius PHEV and Small EV Commuter into the smart city project at Amaravati," Akito Tachibana, MD, Toyota Kirloskar Motor, said. "The duration is not fixed yet, but we aim to see some positive result in the next five years. We strongly believe that PHEV is a suitable solution for India's electrification infrastructure."
