PRESS RELEASE

Lincoln Pharmaceuticals Ltd- Patent For Antimalarial Drug Awarded

Lincoln Pharmaceuticals Ltd. Ahmedabad is BSE & NSE Listed company, engaged in manufacturing of Pharma formulations like Tablets, Capsules, Injectable, Syrups, Ointments, etc. The company have fully automated, ultramodern manufacturing facilities with WHO-GMP and ISO-9001 nearby Ahmedabad city.

Lincoln Pharma have in house R & D facilities since 2000. company has developed many new drug delivery dosages forms over a period of time. Recently , company has developed a new Novel Drug Delivery System (NDDS) “ An Arteether Injection for Treatment of Malaria”.

Recently, Lincoln Pharmaceuticals Ltd. has been awarded a Patent for “ An Arteether Injection For Treatment of Malaria”, Patent No.258915 by Government of India for Antimalarial Drug. In the present time, this formulation, “Arteether Injection” are available in market in 3ml and 2ml ampoules form. At the time of injecting “Arteether Injection” to the patient by doctors , it is very painful for a long time. Patient will have to take this injection at least for a period of three days to control the malaria.

Lincoln Pharma’s R & D Research team has developed a painless Injection with compressed dosage form by reducing inside drug material up to 50% volume. This new “Arteether Injection” developed by our company is available in 1 ml only. Due to this new innovation, patient will get faster relief and painless. The results of this new “Arteether Injection” are far better than the other existing dosages form are available in the market.

Lincoln Pharma have a major export market in African countries. Majority of African countries are widely used antimalarial such kind of product to controls the malaria. In the coming time ,Lincoln Pharma export will be increased with its revenue and bottom line.

Total Antimalarial market in African Countries are estimated Rs.586 Crores. Presently Lincoln Pharma is exporting nearly Rs.50 Crores Antimalarial Products to African Countries. With introduction of this new “Arteether Injection” in African countries, company expect to increase additional Rs.35 Crore to Rs.40 Crore revenue in the coming years.
