## Group of Ultra-HNIs Emerges Sole Bidder for Jyoti Structures

Arijit Barman  
@timesgroup.com

Mumbai: One of the pioneers of the Indian data centre business is now betting on the besieged Indian power sector. A group of professionals led by Sharad Sanghi, who sold his company Netmagic to Japan's telecom major NTT Communication five years ago, has emerged as the sole bidder to acquire Jyoti Structures, the first among the 12 companies referred by the central bank under India's new Insolvency and Bankruptcy Code (IBC).

Sanghi is likely to be backed by a motley crew of ultra-high net worth professionals like PE executive Manish Kejriwal and ace stock market investor Madhu Kela, who till recently was part of the Anil Ambani Group, said multiple sources aware of the developments.

Mumbai-based Jyoti Structures is a mid-sized company specialising in power transmission, distribution and engineering, procurement and construction (EPC) projects. The promoters — Thankur, Valecha and Mirchandani family — have just 18.2% stake as of September.

Kejriwal, former India head at Temasek, currently runs Kedaara Capital. But this will be a personal investment if it goes through. Sanghi, too, has been an investor backing emerging companies, and in an earlier interaction had said that after Netmagic his aim will be to mentor and add value. It's not known

who he has picked to lead the management team to run the company if he indeed acquires it. "Sanghi is taking to a group of investors. The consortium is not yet finalised entirely," cautioned a banking source. Despite the initial expression of interest from multiple suitors including Shapoorji Pallonji Group, Kalpataru Power Transmission, RPG Group's KEC Inter-

national, eventually one resolution plan was submitted earlier this week, on the last day of submission, the sources added. Mails sent to Sanghi went unanswered while Kejriwal and Kela were unavailable for comments till the time of going to press.

In July, the National Company Law Tribunal (NCLT) had approved the bankruptcy proceedings after the company's lead lender State Bank of India (SBI) moved court. According to NCLT filings, the company has total debt of ₹7,000 crore. NCLT has appointed an interim resolution professional (IRP) from BDO India to administer the company and prepare a resolution plan. In August, the insolvency professional invited expressions of interest from potential buyers for the stake.

## Tata Group, GE in Partnership to Make Engine Components

Mumbai: Tata Group and General Electric (GE) have entered into a partnership in November to manufacture components for engine-maker CFM International in India, the two companies said in a statement.

Under the partnership, Tata Advanced Systems, a unit of the Tata Group, and GE Aviation will together handle manufacturing, assembling, integration and testing of the aircraft components.

The parts, manufactured for CFM's LEAP engine,

will be used for GE's global supply chain. CFM, an equal joint venture between GE and Safran SA of France. The steel-to-software conglomerate and GE will also pursue military engine and aircraft system opportunities for India, the companies added. "We look forward to working with GE to build more expertise and strengthen India's defence manufacturing capabilities," said Tata Sons chairman N Chandrasekara. — Our Bureau
