Sub: **SEBI LODR (Listing Obligation and Disclosure Requirements) Regulations, 2015 - Regulation 30 - Disclosure of event impeding normal operation of the Company.**

Ref: **Our Letter dtd 25.01.2017 released in BSE on-line Portal**

Dear sirs,

This is further to our above letter where we had disclosed the possibility of disruption in the operation of one of our factories, which is located at Koratty, Kerala, due to water - shortage arising out of the deficit monsoon.

We have now obtained an Order from the District Collector, Trissur, dtd 30.01.2017 that the unit at Koratty should reduce the intake of water from Chalakudy river by 4/5th of the normal usage, till the onset of South - West monsoon expected in the month of June/July'17.

Resultantly, we are scaling down the production of Ossein at the Koratty unit and will be able to determine the level of production based on the outcome of certain trials we would be conducting in the plant with the reduced quantity of water that is available. We are also working on various options by which we can make alternate arrangements to minimize its impact on Gelatin production.

The financial impact of the above is as yet unclear. We will revert to you once there is any significant progress in this regard.

Thanking you,
Yours faithfully

For NITTA GELATIN INDIA LTD

G. Rajesh Kurup
Company Secretary
