They also appreciated state of art machineries from world renowned German Company, Reifenhauer GmbH. They were also impressed by all automatic machines in our conversion division and installation of UPS (Uninterrupted Power Supply) System imported from Austria which can pick-up 3/1000 of second and does not allow any stoppage of machine. There is no wastage due to power fluctuation or power failure in view of UPS System.

All the above facts have now opened a flood Gate of Orders for converted products to the prestigious customer like 'WAL-MART'.

We will also have sufficient orders once we expand the capacity as planned. This was a pleasant development which we would like to share with our shareholders.

Shri Pravin V. Sheth, Chairman & Managing Director of the Company, congratulated our team for sparing more efforts in up-keep maintenance of quality and other parameters, which has paved the way for rapid progress of the Company with better profit earning capacity. It has added prestige to your Company in the international market.

Thanking you,

Yours faithfully,
