Dear Sir/Madam,

Sub: Disclosure under Regulation 30(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Dear Sir/Madam,

Further to our communication dated April 27, 2017 with respect to the National Green Tribunal's ("NGT") order to certain industrial units in Gajraula (including our industrial units) to cease operations, we are pleased to inform you that the NGT has passed an order allowing us to restart manufacturing operations in all our units at Gajraula (except the distillery unit) in compliance with the directions issued by the NGT in this regard. We have complied with the directions issued by NGT and have, with effect from today, restarted our manufacturing operations in Gajraula (except the distillery unit). The revenue impact of the Distillery operations in FY 2017 is not significant.

Being a good corporate citizen, we are an environmentally conscious company and we focus on the triple bottom line of Economic, Environmental and Social performance. Our sustainability performance has been published since the year 2003 in accordance with the principles and guidelines of Global Reporting Initiative (GRI) with the highest A+ level rating which is externally verified.

We operate our manufacturing facilities in Gajraula with zero liquid discharge. In 2016, our manufacturing facilities in Gajraula were awarded the gold category for their sustainability performance and were rated amongst the top 5% global performers as evaluated by EcoVadis during its latest evaluation.

We would like to assure that all our manufacturing facilities including those at Gajraula comply with all applicable laws.

The above is for your information and records.

Thanking You,

Yours Sincerely,
For Jubilant Life Sciences Limited

Rajiv Shah
Company Secretary
